**Elizabeth the Queen** Sally Bedell Smith, 2012 A tribute to the life and enduring reign of Elizabeth II draws on numerous interviews and previously undisclosed documents to juxtapose the queen's public and private lives providing coverage of such topics as her teen romance with Philip her contributions during World War II and the scandals that have challenged her family This book was previously listed in Forecast

**The Afterlife of Used Things** Ariane Fennetaux, Amélie Junqua, Sophie Vasset, 2014-10-03 Recycling is not a concept that is usually applied to the eighteenth century The environment may not have existed as a notion then yet practices of re use and transformation obviously shaped the early modern world Still this period of booming commerce and exchange was also marked by scarcity and want This book reveals the fascinating variety and ingenuity of recycling processes that may be observed in the commerce crafts literature and medicine of the eighteenth century Recycling is used as a thought provoking means to revisit subjects such as consumption the new science or novel writing and cast them in a new light where the waste of some becomes the luxury of others clothes worn to rags are turned into paper and into books and scientific breakthroughs are carried out in old kitchen pans

**Victorian Jewelry, Identity, and the Novel** Jean Arnold, 2016-03-16 In this study of Victorian jewels and their representation Jean Arnold explores the role material objects play in the cultural cohesion of the West Diamonds and other gems Arnold argues symbolized the most closely held beliefs of the Victorians and thus can be considered prisms of culture Mined in the far reaches of the empire they traversed geographical space and cultural boundaries representing monetary

value and evoking empire class lineage class membership gender relations and aesthetics Arnold analyzes the many roles material objects fill in Western culture and surveys the cross cultural history of the Victorian diamond uncovering how this object became both preeminent and representative of Victorian values Her close readings of Wilkie Collins's *The Moonstone* George Eliot's *Middlemarch* William Makepeace Thackeray's *The Great Hoggarty Diamond* and Anthony Trollope's *The Eustace Diamonds* show gendered aesthetic economic fetishistic colonial legal and culturally symbolic interpretations of jewelry as they are enacted through narrative Taken together these divergent interpretations offer a holistic view of a material culture's affective attachment to objects As the assigned meanings of jewels turn them into symbols of power personal relationships and valued ideas human interactions with gems elicit emotional responses that bind the materialist culture together

**"Material Cultures, 1740-1920"** Alla Myzelev, 2017-07-05 Interweaving notions of identity and subjectivity spatial contexts materiality and meaning this collection makes a significant contribution to debates around the status and interpretation of visual and material culture *Material Cultures 1740-1920* has four primary theoretical and historiographic lines of inquiry The first is how concepts of otherness and difference inform imbricate and impose themselves on identity and the modes of acquisition as well as the objects themselves The second concern explores the intricacies of how objects and their subjects negotiate and represent spatial narratives The third thread attempts to unravel the ideological underpinnings of collections of individuals which inevitably and invariably rub up against the social the institutional and the political Finally at the heart of *Material Cultures 1740-1920* is an intervention moving beyond the disciplinary ethos of material culture to argue more firmly for the aesthetic visual and semiotic potency inseparable from any understanding of material objects integral to the lives of their collecting subjects The collection argues that objects are semiotic conduits or signs of meanings pleasures and desires that are deeply subjective more often than not they reveal racial gendered and sexual identities As the volume demonstrates through its various case studies material and visual cultures are not as separate as our current disciplinary ethos would lead us to believe

*Vienna Circa 1780* Wolfram Koeppe, 2010 Wolfram Koeppe is Curator Department of European Sculpture and Decorative Arts The Metropolitan Museum of Art Book Jacket *Historical Dictionary of the British Monarchy* Kenneth J. Panton, 2011-02-24 The monarch is the United Kingdom's head of state exercising powers that are circumscribed by common law convention and statute law Nowadays many of the sovereign's functions are ceremonial but in the past the balance between ceremony and decision making was very different The foundations of the modern monarchy were laid more than a millennium ago in Anglo Saxon and Celtic Britain so its modern form is a stage in an evolution that has been shaped by attitudes towards divorce the changing role of women the democratization of society dynastic intermarriage financial demands religious convictions struggles for economic and political power and territorial aggrandizement Covering some of the most famous figures in world history including William the Conqueror Henry VIII and Queens Victoria Elizabeth I and Elizabeth II the *Historical Dictionary of the British Monarchy*

provides a chronology starting with the year 495 and continuing to the present day an introductory essay an extensive bibliography and over 600 cross referenced dictionary entries on significant persons places events institutions and other aspects of British culture society economy and politics This book is a must for anyone interested in the British monarchy

**King and Collector** Linda Collins, Siobhan Clarke, 2021-04-15 Packed with absorbing detail and brilliant insights I was gripped from the first paragraph Alison Weir No English king is as well known to us as Henry VIII famous for his six marriages for dissolving the monasteries and for the ruthless destruction of his foes But Henry was also an ardent patron of the arts whose magnificent tapestries and paintings adorned his lavish court and began the Royal Collection In contrast to later royal collectors Henry was more interested in storytelling than art for its own sake and all his commissions relate to one central tale the glorification of the king and his realm Henry's life can be seen through his collection and the works reveal much about both his kingship and his insecurities *King and Collector* tells this unique story of art and power peeling back the layers of propaganda to show the true face of the Tudor monarch *Taking Shape* Martina Droth, Penelope Curtis, 2009 This exhibition challenges the reasons why sculpture is usually considered alone in the gallery and the decorative arts are considered as part of a period setting It suggests that by breaking away from these conventional categories we can see how sculpture is also part of a spatial conversation and how furniture and fittings can be appreciated as unique works With five original essays and forty complete catalogue entries this publication both documents an exhibition and goes beyond it opening our eyes to the fluidity of formal language in the long eighteenth century and to the ways in which objects can change according to whether they are seen together or apart as mobile or fixed as two or three dimensional as ideal or as functional Book Jacket

**Memory and the English Reformation** Alexandra Walsham, Bronwyn Wallace, Ceri Law, Brian Cummings, 2020-11-12 The dramatic religious revolutions of the sixteenth and seventeenth centuries involved a battle over social memory On one side the Reformation repudiated key aspects of medieval commemorative culture on the other traditional religion claimed that Protestantism was a religion without memory This volume shows how religious memory was sometimes attacked and extinguished while at other times rehabilitated in a modified guise It investigates how new modes of memorialisation were embodied in texts material objects images physical buildings rituals and bodily gestures Attentive to the roles played by denial amnesia and fabrication it also considers the retrospective processes by which the English Reformation became identified as an historic event Examining dissident as well as official versions of this story this richly illustrated interdisciplinary collection traces how memory of the religious revolution evolved in the two centuries following the Henrician schism and how the Reformation embedded itself in the early modern cultural imagination **How to Read**

**European Decorative Arts** Daniëlle Kisluk-Grosheide, 2023-04-17 Spanning three centuries of creativity from the High Renaissance to the Industrial Revolution this volume in The Met's How to Read series provides a peek into daily lives across Europe from England Spain and France to Germany Denmark and Russia Featuring 40 exemplary objects including furniture

tableware utilitarian items articles of personal adornment devotional objects and display pieces this publication covers many aspects of European society and lifestyles from the modest to the fabulously wealthy The book considers the contributions of renowned masters such as the Dutch cabinetmaker Jan van Meckeren and the Italian goldsmith Andrea Boucheron as well as talented amateurs among them the anonymous young Englishwoman who embroidered an enchanting chest with scenes from the Story of Esther The works selected include both masterpieces and less familiar examples some of them previously unpublished and are discussed not only in light of their art historical importance but also with regard to the social issues relevant to each such as the impact of colonial slavery or the changing status of women artists Peter Paul Rubens Anne-Marie S. Logan, Peter Paul Rubens, Michiel Plomp, Metropolitan Museum of Art (New York, N.Y.), 2005 Catalogue of an exhibition held at the Metropolitan Museum of Art New York Jan 15 Apr 3 2005 Artyear 2002 Hopefulmonster, 2002 Artyear is the complete guide to exhibitions of art and architecture in museums throughout the world Offering comprehensive advance information on all major events in Europe the Americas and the Far East country by country details and up to date information on permanent collections curators opening times book shops restaurants and entrance fees This year's edition covers more institutions in more detail than ever before *The Tudors: Art and Majesty in Renaissance England* Elizabeth Cleland, Adam Eaker, Marjorie E. Wieseman, Sarah Bochicchio, 2022-10-03 This fascinating new look at the artistic legacy of the Tudors reveals the dynasty's enduring influence on the arts of Renaissance England and beyond Ruling successively from 1485 through 1603 the five Tudor monarchs brought seismic changes to England that reverberated throughout Europe They used the arts to legitimize and glorify their tumultuous rule from Henry VII's bloody rise to power through Henry VIII's breach with the Roman Catholic Church to the reign of the Virgin Queen Elizabeth I With incisive scholarship and sumptuous new photography this book explores the extreme politics and outsize personalities of the Tudors and how they used art in their diplomacy at home and abroad Tudor courts were truly cosmopolitan attracting top artists and artisans from across Europe At the same time the Tudors nurtured local talent and gave rise to a distinctly English aesthetic one that is forever connected to the myth and visual legacy of their dynasty The Tudors reveals the true history behind a family that has long captured the public imagination bringing to life their extravagant and politically precarious world through the exquisite paintings lush textiles gleaming metalwork and countless luxury objects that adorned their spectacular courts **Royal Goldsmiths** Christopher Hartop, 2005 The partnership of Philip Rundell and John Bridge began in London toward the end of the eighteenth century and went on to become the greatest firm of goldsmiths jewelers and medalists of the age Its stable of distinguished artists headed by the sculptor John Flaxman was the driving force in the adoption of a new imperial style in English silver Later the firm created jewelry and silver in the historicist and naturalistic styles and was at the forefront of the Gothic revival Among the firm's customers were the Prince Regent later King George IV and such notable figures as William Beckford Thomas Hope Lord Castlereagh Prince Lieven and the Duke of Wellington Known as Oil and

Vinegar Rundell and Bridge were of wildly contrasting personalities While Philip Rundell was an irascible taskmaster deemed to be the best judge of gemstones in London the urbane John Bridge described by a contemporary as the complete courtier was the public face of the firm He guided the Prince Regent in assembling a magnificent collection of gold and silver works both antique and new which today forms part of the Royal Collection
