same time and how the principles of each go together Pro life feminism proposes that it is misogynistic to suggest that women are oppressed by their own life giving capacity We will never be truly free until we acknowledge that the beauty power and strength of pregnancy is something that deserves to be accommodated and supported not disparaged and denigrated Abortion conflicts with authentic feminist principles of justice nonviolence and nondiscrimination A truly just society would address the challenges that unplanned pregnancies present with life affirming solutions not with the lethal violence of abortion In this book Marilyn also explores the pro life roots of the American feminist movement You are welcome to use the letters and the ideas in them as models to compose your own Abortion Care is Health Care Barbara Baird,2023-10-03 In Abortion Care is Health Care Barbara Baird tells the history of the provision of abortion care in Australia since 1990 Against the backdrop of a reticent public sector Baird describes a system of predominantly private provision which has excluded women already marginalised by poverty rural and remote residency lack of Medicare entitlement racism and other factors Tracing changes in the private sector the long struggle to make medical abortion available and the nationwide decriminalisation of abortion since 2002 Baird introduces readers to the large cast of champions and everyday healthcare workers and activists who have persisted in their commitment to make abortion care available when governments and the medical profession have so often failed Drawing on oral history interviews conducted nationwide with abortion providing doctors nurses counsellors and managers women s health workers academics and community activists Baird brings a critical feminist analysis to create a sophisticated historical narrative of abortion provision over the last thirty years
