Richey,2011-06-07 My brother Glenn served in the US Eighth Air Force during the Air War over Germany in 1944 His plane was shot down on his 22nd mission just inside the French Coast two days before the Landing on D Day He was rescued by French farmers but later was betrayed by another frenchman in Paris to the Gestapo He was incarcerated in Buchenwald one of the Death Camps He survived the War and lived his life out in the Town in East Texas he grew up in This is his Story in his words Bayou Lagrue T. Leon Doyle,2012-11-29 With little more than an average monthly income of only two dollars and fifty cents per month and the plentiful bounty of the Arkansas bayou country the family of Leon Doylea family of sixsurvived the ten years of the Great Depression Though stricken with extreme poverty Doyle enjoyed a happy unencumbered life of southern superstitions witches boogiemens and mysterious apparitions in the backwoods He wasnt really aware of the shortcomings of his circumstances Completely happy with his life until World War II was just over the horizon and his family moved into town completely destroying his comfort zone The shortcomings were so immediate and overpowering that it took him years to overcome them However during his last years in high school he felt comfortable with the situation accepting life as it was given Basking in his maturity he got a job and except room and board he supported himself Finally in gratitude for all the Mamma and Daddy did for him he helped buy a house a home of their own **There Is a Way** William M Davenport,2007-08-30 Roger King and Russell Queen died under mysterious circumstances during a bitter labor dispute between the labor union and the railroad companys scab workers The King and Queen families each believed that their loved one had been murdered by the other For that reason the surviving Kings and Queens vowed to maintain the strikes de facto feud in their Railroad Street neighborhood Both Ben Knight and wife Clara lost their health while Vince the youngest of their ten children was still in diapers As a consequence the frail sickly child was being raised by siblings Vinces preteen years were spent in an isolated area of Eastern North Carolina There according to Ben his youngest son had been spoiled pampered and doted upon almost to the point of ruination Increasing medical bills and the prospect of better paying jobs caused the family of Knights to move to a tough inner city neighborhood during the winter of 1940 Ben Knight believed that Railroad Streets toughness was exactly what his youngest son needed to shape him into a a real man Ben rightly predicted that book worms and sissy pants would be hard to find in a tough neighborhood like Railroad Street That prediction turned out to be correct To Ben Knights horror however mothers from both sides of the Royal Feud fell in love with his son because he possessed those exact didactic characteristics Historians claim that during World War II America became more united than at any other time before or since It turned out that a mere mortal held a secret that could turn Railroad Street into an analogous part of Americas most memorable era However only divine intervention was going to convince Ben Knight that his son had become the tenth star in his heavenly crown **God, Physics and Me** H. Chip Tales Walter Block, 2008-10-30 Grandparents are story tellers Early day lessons are learned while listening in their laps in the rocking chairs by the winter fireplaces on the summer porches These pages just pass on some tales my grandparents uncles aunts and others of their generation told And a few of mine The tales were sent one at a time via e mail to my children grandchildren nieces nephews and friends scattered from Texas to California Canada Virginia and Florida As the yarns were received and read the readers responded provided critical comments and helped compose a book of remembrances for those yet to come There may have been some enhancement in the lore and spiel of those who came before me There might be a wee stretch in some of my contributions But mostly this is the way it was "Daddy's Gone to War" William M. Tuttle Jr., 1993-09-16 Looking out a second story window of her family s quarters at the Pearl Harbor naval base on December 7 1941 eleven year old Jackie Smith could see not only the Rising Sun insignias on the wings of attacking Japanese bombers but the faces of the pilots inside Most American children on the home front during the Second World War saw the enemy only in newsreels and the pages of Life Magazine but from Pearl Harbor on the war with its blackouts air raids and government rationing became a dramatic presence in all of their lives Thirty million Americans relocated 3 700 000 homemakers entered the labor force sparking a national debate over working mothers and latchkey children and millions of enlisted fathers and older brothers suddenly disappeared overseas or to far off army bases By the end of the war 180 000 American children had lost their fathers In Daddy s Gone to War William M Tuttle Jr offers a fascinating and often poignant exploration of wartime America and one of generation s odyssey from childhood to middle age The voices of the home front children are vividly present in excerpts from the 2 500 letters Tuttle solicited from men and women across the country who are now in their fifties and sixties From scrap collection drives and Saturday matinees to the atomic bomb and V J Day here is the Second World War through the eyes of America s children Women relive the frustration of always having to play nurses in neighborhood war games and men remember being both afraid and eager to grow up and go to war themselves Not all were willing to wait Tuttle tells of one twelve year old boy who strode into an Arizona recruiting

office and declared I don't need my mother's consent I'm a midget Former home front children recall as though it were yesterday the pain of saying good bye perhaps forever to an enlisting father posted overseas and the sometimes equally unsettling experience of a long absent father's return A pioneering effort to reinvent the way we look at history and childhood Daddy's Gone to War views the experiences of ordinary children through the lens of developmental psychology Tuttle argues that the Second World War left an indelible imprint on the dreams and nightmares of an American generation not only in childhood but in adulthood as well Drawing on his wide ranging research he makes the case that America's wartime belief in democracy and its rightful leadership of the Free World as well as its assumptions about marriage and the family and the need to get ahead remained largely unchallenged until the tumultuous years of the Kennedy assassination Vietnam and Watergate As the hopes and expectations of the home front children changed so did their country's In telling the story of a generation Tuttle provides a vital missing piece of American cultural history *Alphabetical Listing of War*

Right He vividly describes McGovern s harrowing missions over Nazi Germany as a B 24 bomber pilot and reveals how McGovern s combat experiences motivated him to earn a PhD in history and stoked his ambition to run for Congress When President Kennedy appointed him director of Food for Peace in 1961 McGovern engineered a vast expansion of the program s school lunch initiative that soon was feeding tens of millions of hungry children around the world As a senator he delivered his courageous and unrelenting critique of Lyndon Johnson s escalation in Vietnam a conflict that brought their party to disaster and caused a new generation of Democrats to turn to McGovern for leadership A stunning achievement The Rise of a Prairie Statesman ends in 1968 in the wake of the assassinations of Martin Luther King and Robert Kennedy when the Draft McGovern movement thrust him into the national spotlight and the contest for the presidential nomination culminating in his triumphal reelection to the Senate and his emergence as one of the most likely prospects for the Democratic nomination in 1972 **World War II** Carl J. The American Civil War of 2018 Brandon M.

Larson,2011-09-29 The year is 2018 the world is in economic and political chaos and the United States of America has once again been divided by Civil War The Democratic and Republican political parties have become much more than just political parties They now represent the struggle between capitalism and socialism This struggle led to the eventual division of the

United States of America in 2017 Republicans Tea Party supporters Libertarians and some Moderate Democrats fled south and formed the Southern Republic of America to end the corruption and influence of the federal government Continued tax hikes high unemployment hyperinflation and a failing economy sent millions of Americans and most States into bankruptcy When the people finally had enough of big government they made their voices heard The Southern Republic of America was founded using the Constitution and the Bill of Rights as they were interpreted before they were manipulated or ignored by the United States Government However the United States Federal Government is now on the offensive and ready to put down the peaceful secession In an effort to weaken and slow the United States Military the Southern Republic of America s government enlisted the help of a Special Forces team called Task Force 24 This extraordinary group of men and women are some of the best handpicked specialists in the world Their daunting mission is to slow down the United States Military by any means necessary before the meaning of freedom liberty and justice for all is lost forever under the socialist government of the United States of America *Transformed* William G. Mcatee,2011-08-25 In May 1964 Bill McAtee became the new minister at Columbia Presbyterian Church deep in the Piney Woods of south Mississippi Soon after his arrival three young civil rights workers were brutally murdered outside Philadelphia Mississippi Many other activists from across the country poured into the state to try to bring an end to segregation and to register Black citizens to vote Already deeply troubled by the resistance of so many of his fellow white southerners to any change in the racial status quo McAtee understood that he could no longer be a passive bystander A fourth generation Mississippian and son of a Presbyterian minister he joined a group of local ministers two white and four Black to assist the mayor of Columbia Earl D Buddy McLean in building community bridges and navigating the roiling social and political waters Focusing on the quiet leadership of Mayor McLean and fellow ministers McAtee shows how these religious and political leaders enacted changes that began opening access to public institutions and facilities for all citizens Black and white In retrospect McAtee s involvement in these events during this intense period became a turning point in repudiating his past acquiescence to the injustices of the racist society of his birth His personal account of this transformation underscores its meaning for him today and reminds the reader that no generation can ignore the past or rest comfortably on its progress toward tolerance equality and justice
