Sex Violence And Schizophrenia A Genxers Tale Of Psychosis Recovery:

Sex, Violence, and Schizophrenia B.W. Miller, 2002-10-15 This book is entirely based off of my memories of my psychotic episodes from 1995 through 1997 It is not a book about how a schizophrenic lives it is more so about what it is like to be schizophrenic The reader gets right in my head to see and feel what a psychosis is actually like No punches are pulled No sugar coated stories here Its not like what they show in the movies its much stranger I dont talk so much about my odd behavior as much as I show the reader what I am going through at the time Most of the time I could not tell you what or if anything was odd about my behavior but I go right into what was wrong with my thinking The book is intense for the reader and very personal for me to share Some parts of this book may make you laugh and cry at the same time but the riveting climax might frighten you There is a recovery though Schizophrenia is a disease that can be recovered from as is testament in that I wrote this book in about four months while holding a full time professional job Nothing in the book is fictionalized except the names and places and that is out of respect for other peoples privacy It is a good read for anyone who wants to understand what is going on in the head of a person suffering from psychosis **Sex, Violence, and Schizophrenia** B.
