Sexuality In Contemporary Catholicism Concilium:

Sexuality in Contemporary Catholicism Franz Bockle, Jean-Marie Pohier, 1977-04 In Pursuit of Love Vincent J. Genovesi, 1996 While retaining the basic structure of the original book this new edition has been thoroughly updated in light of some official Catholic documents and other theological writings dealing with sexual morality that have appeared since 1986 The Catechism of the Catholic Church Pope John Paul II's encyclicals *Veritatis splendor* and *Evangelium vitae* and the 1986 and 1992 statements of the Congregation for the Doctrine of the Faith on pastoral care of homosexuals and the issue of discrimination against them are among the more recent magisterial publications considered in this text This edition also contains several new sections the misuses of sex adultery pornography prostitution sexual violence four rationales for viewing a committed love relationship as the only appropriate context for sexual intercourse marriage as a sacrament and marital sexuality and love as embodiments of commitment intimacy and passion and public policy and the civil rights of homosexuals This edition also includes an expanded discussion of topics such as sexism sexually transmitted diseases especially HIV AIDS and the moral questions raised by new family planning methods Norplant Depo Provera RU 486 postcoital hormonal interventions against pregnancy the start of human life and abortion Vincent J Genovesi SJ received his PhD in Christian ethics from Emory University He is a professor at St Joseph's University in Philadelphia His articles have appeared in such journals as *The Thomist* *The Way* *America* and *Review for Religious* **Till the Heart Sings** Samuel L. Terrien, 2004 Samuel Terrien systematically shows that when the books of the Old and New Testaments are viewed in their historical growth they reveal a theology of manhood and womanhood that runs counter to modern religious attitudes and practices Sexual Liberation Raymond J. Lawrence Jr., 2007-01-30 Sex sells they say but even today it is considered forbidden wrong or sinful by many in the Western world This book is an account of the strange ways sexual pleasure has been devalued even demonized in the West by the forces of Christendom and its legacy in the modern world It tells the story of how sex came to be regarded by societies throughout the ages as perverse sinful and wrong and how the motivations of a few have lasted centuries and colored our view of sex and sexuality even today Sex sells they say but even today it is considered forbidden or sinful by many in the Western world This book is an account of the ways in which sexual pleasure has been devalued and demonized in the West by the historical forces of Christendom It tells the story of how sex came to be regarded by societies throughout the ages as perverse sinful and wrong and how the centuries old motivations of a few have persisted into modern times coloring our view of sex and sexuality to this day For good or ill Christianity has been since before the ebbing of the Roman Empire the principal bearer of public values in the western world This book traces the changes that have shaped and reshaped what is considered moral sexual behavior and immoral sexual behavior by Christians and non Christians alike Lawrence's account of the perversion of sexual values begins with the intersection of the early Jesus movement and the morality of the Greco Roman culture and empire He goes on to point out the ways Christianity and its

moral code were reshaped under the impact of Constantine's adoption of Christianity as the imperial religion and how key figures of the Middle Ages generally succeeded in promoting a religion whose chief goal was the obliteration of sexual pleasure. The story continues on through the ages until now. This controversial look at sex and Christianity sheds new light on our views of pornography, homosexuality, adultery, and other issues of sex and sexuality. Contemporary Catholic Theology Michael A. Christianity and Sexuality in the Early Modern World Merry E. Wiesner-Hanks, 2020-05-01. Christianity and Sexuality in the Early Modern World surveys the ways in which people from the time of Luther and Columbus to that of Thomas Jefferson used Christian ideas and institutions to regulate and shape sexual norms and conduct and examines the impact of their efforts. Global in scope and geographic in organization, the book contains chapters on Protestant, Catholic, and Orthodox Europe, Latin America, and the Caribbean, Africa, and Asia, and North America. It explores key topics including marriage and divorce, fornication and illegitimacy, clerical sexuality, same-sex relations, witchcraft, and love magic, moral crimes, and interracial relationships. The book sets its findings within the context of many historical fields, including the history of gender and sexuality, and of colonialism and race. Each chapter in this third edition has been updated to reflect new scholarship, particularly on the actual lived experience of people around the world. This has resulted in expanded coverage of nearly every issue, including notions of the body and of honor, gendered religious symbols, religious and racial intermarriage, sexual and gender fluidity, the process of conversion, the interweaving of racial identity and religious ideologies, and the role of Indigenous and enslaved people in shaping Christian traditions and practices. It is ideal for students of the history of sexuality, early modern Christianity, and early modern gender. **Contemporary Catholic Education** Michael A.
