*Life in the Shadow of the Swastika* Frieda E. Roos-van Hessen, 2006-10-01      *World War Two: Under the Shadow of the Swastika* Lewis Helfand, 2016-02-16 This volume of Campfire's graphic history of World War II deals with the war in Europe from the rise of the Nazis through to May 1945 and VE Day World War II shows the effects of the war on the soldiers the refugees the victims and protagonists of the most terrible conflict the world has ever known In a world that is forgetting the lessons history has to teach this book is a reminder of the horrors that come from intolerance In the 1930s a great evil was rising in the heart of Europe a threat unlike any seen before German leader Adolf Hitler a madman bent on world domination was raising an army and growing more violent by the day The world knew that Hitler had to be stopped But fearing a war this growing threat of Hitler's Nazi army was left unchecked The world simply watched as Germany sank into darkness The world merely prayed that war would not breach their borders The world waited And they waited too long As cities fell to ruin and millions were slaughtered the growing darkness of Hitler and his Nazi empire branched out far beyond Europe to Asia and Africa and America and soon threatened to claim the entire world France England Russia the United States no single nation had the strength to combat this darkness at least not on their own With the fate of the world hanging in the balance the one final desperate hope was that all of these nations united together might muster the strength to save humanity

*Shadow of the Swastika* Doug Wilhelm, 1995 The reader works as part of the Resistance in Nazi occupied Vienna trying to smuggle money into Switzerland to buy visas and freedom for Jews      *The Shadow of the Swastika* Albert Lancaster Lloyd, Igor Vinogradoff, 1940      *Radio Modernisms* Aasiya Lodhi, Amanda Wrigley, 2020-06-09 This collection interrogates and stimulates deep cross disciplinary engagement with the various understandings and interplays of radio modernisms from the early decades of the twentieth century through to the 1950s Academics from a range of different disciplines explore their common interests in the richness and heterogeneity of BBC Radio's imaginative programming in terms of sound as cultural events from specific moments in time as team creations as something experienced live in the domestic context and as cultural works that in many cases attracted a certain canonical pedigree Radio modernisms are as these chapters demonstrate a combination of the particular the contingent and the contextual More than a decade after the publication of the first scholarly works to yoke together modernism and radio this collection emphasises the plurality of modernisms as a defining aspect of contemporary BBC historiography The authors bring multiple lenses to bear including race gender and transnationalism in order to re locate twentieth century radio programming in broad expansive contexts They also underline the dynamic entanglements of radio and radiogenic feature programmes in particular with other kinds of media and cultural forms and formats reframing radio as a site of and vehicle for remediation and intermediality In examining the myriad ways in which radio gave shape to new modernities and both evolved and constituted new forms of modernism this collection offers fresh perspectives on the interconnected significance of radio modernisms within the socio cultural literary and

political landscapes of twentieth century Britain This book was originally published as a special issue of Media History

**Shadow of the Swastika** Albert L. Lloyd, Igor Vinogradoff, 1940      **Ana Pauker** Robert Levy, 2001-03-22 In her own day Ana Pauker was named The Most Powerful Woman in the World by Time magazine Today when she is remembered at all she is thought of as the puppet of Soviet communism in Romania blindly enforcing the most brutal and repressive Stalinist regime Robert Levy's new biography changes the picture dramatically revealing a woman of remarkable strength dominated by conflict and contradiction far more than by dogmatism Telling the story of Pauker's youth in an increasingly anti-Semitic environment her commitment to a revolutionary career and her rise in the Romanian Communist movement Levy makes no attempt to whitewash Pauker's life and actions but rather explores every contour of the complicated persona he found expressed in masses of newly accessible archival documents

**The Jews of East Central Europe Between the World Wars** Ezra Mendelsohn, 1983 a carefully crafted and important book a first class contribution to the literature on modern Europe American Historical Review valuable the first historical work to attempt a synthetic sketch of the problems indicated in the title Journal of Polish Jewish Studies An illuminating study of the demographic cultural and socioeconomic condition of East Central European Jewry the book focuses on the internal life of Jewish communities in the region and on the relationships between Jews and gentiles in a nationalist environment

**Shadow of the Swastika** George F. Trost, 1967  
The War Guilt Problem and the Ligue des droits de l'homme, 1914-1944 Norman Ingram, 2019-01-31 The War Guilt Problem and the Ligue des droits de l'homme is a significant new volume from Norman Ingram addressing the history of the Ligue des droits de l'homme LDH an organisation founded in 1898 at the height of the Dreyfus Affair and which lay at the very centre of French Republican politics in the era of the two world wars Ingram posits that the Ligue's inability to resolve the question of war guilt from the Great War was what led to its decline by 1937 well before the Nazi invasion of May 1940 As well as developing our understanding of how the issue of war origins and war guilt transfixed the LDH from 1914 down to the Second World War this volume also explores the aetiology of French pacifism expanding on the differences between French and Anglo American pacifism It argues that from 1916 onwards one can see a principled dissent from the Union sacrée war effort that occurred within mainstream French Republicanism and not on the syndicalist or anarchist fringes Based on substantial research in a large number of French archives primarily in the papers of the LDH which were repatriated to France from the former Soviet Union in late 2001 but also on considerable new research in the German archives the book proposes a new explanatory model to help us understand some of the choices made in Vichy France moving beyond the usual triptych of collaboration resistance or accommodation
