resembled the very games of imagination they condemned as evil By attacking the imagination they preserved the taken for granted status of their own socially constructed reality Interpreted in this way the panic over fantasy role playing games yields new insights about how humans play and together construct and maintain meaningful worlds Laycock s clear and accessible writing ensures that Dangerous Games will be required reading for those with an interest in religion popular culture and social behavior both in the classroom and beyond **Awaken Your Inner Power!** Robert Morgen,2008-01-03
