Chinese Shadow Theatre Fan-Pen Li Chen,2007 In her study of Chinese shadow theatre Fan Pen Li Chen documents and corrects misconceptions about this once popular art form She argues how a traditional folk theatre reflected and subverted Chinese popular culture *Shadowplay* Clare Asquith,2018-10-23 In 16th century England many loyal subjects to the crown were asked to make a terrible choice to follow their monarch or their God The era was one of unprecedented authoritarianism England it seemed had become a police state fearful of threats from abroad and plotters at home This age of terror was also the era of the greatest creative genius the world has ever known William Shakespeare How then could such a remarkable man born into such violently volatile times apparently make no comment about the state of England in his work He did But it was hidden Revealing Shakespeare s sophisticated version of a forgotten code developed by 16th century dissidents Clare Asquith shows how he was both a genius for all time and utterly a creature of his own era a writer who was supported by dissident Catholic aristocrats who agonized about the fate of England s spiritual and political life and who used the stage to attack and expose a regime which he believed had seized illegal control of the country he loved Shakespeare s plays offer an acute insight into the politics and personalities of his era And Clare Asquith s decoding of them offers answers to several mysteries surrounding Shakespeare s own life including most notably why he stopped writing while still at the height of his powers An utterly compelling combination of literary detection and political revelation *Shadowplay* is the definitive expose of how Shakespeare lived through and understood the agonies of his time and what he had to say about them **HSA Heritage Auctions Rare Books Auction Catalog #6030** James Gannon,2009-09 **Catalogue** A. Music As Episteme, Text, Sign, and Tool Zachar Laskewicz,2003 The primary intention of this work is to present a set of alternative approaches to musicality where the object of analysis is the process of music making rather than the product or end result It uses as its source the concept of musicality as a way of comprehending reality rather than as a static reflection of it and Balinese music is the main cultural example Heritage Rare Books & Manuscripts Auction Final
