FREE TRADE AND
AMERICA'S
WORKING POOR

Foreword by DENNIS KUCINICH

Introduction by ANURADHA MITTAL

Edited by CHRISTINE AHN

**“A moving testimony to the damage
‘free trade’ wreaks on ordinary
Americans. The people have spoken.
Will the powerful deign to listen?”**

Shafed Free Trade And Americas Working Poor:

Shafed Christine Ahn,2003 Nafta The WTO Trade agreements are supposed to benefit us all Instead in the decade since they ve been in effect life has become much worse for millions of ordinary Americans Hundreds of thousands of people are out of work Farmers earn less than it costs to grow their crops but consumer prices are still rising White collar jobs are following factory jobs out of the country forever Taxpayers foot the bill for the social economic and environmental wreckage And our government pushes more and more free trade as the answer to problems created by free trade In Shafed working people family farmers and farmworkers fishermen and seamstresses describe the ruin free trade has brought to them their families and their towns These aren t theorists these are the voices of experience And they re telling us clearly and eloquently that it s time to stop the madness that enriches a few companies at the cost of things so many Americans hold dear justice human rights community family and the dignity of work and of workers Food First: Selected Writings from 40 Years of Movement Building Teresa K Miller,Tanya M Kerssen,2015-12-15 This book looks back on forty years of writings from the Oakland based Institute for Food and Development Policy better known as Food First on the occasion of its 40th anniversary The book highlights the breadth and depth of the organization s published works addressing issues such as hunger international trade US foreign policy the Green Revolution agroecology climate justice land reform food and farm workers rights and food sovereignty **Bioregionalism and Global Ethics** Richard Evanoff,2010-09-13 While a number of schools of environmental thought including social ecology ecofeminism ecological Marxism ecoanarchism and bioregionalism have attempted to link social issues to a concern for the environment environmental ethics as an academic discipline has tended to focus more narrowly on ethics related either to changes in personal values or behavior or to the various ways in which nature might be valued What is lacking is a framework in which individual social and environmental concerns can be looked at not in isolation from each other but rather in terms of their interrelationships In this book Evanoff aims to develop just such a philosophical framework one in which ethical questions related to interactions between self society and nature can be discussed across disciplines and from a variety of different perspectives The central problem his study investigates is the extent to which a dichotomized view of the relationship between nature and culture perpetuated in ongoing debates over anthropocentric vs ecocentric approaches to environmental ethics might be overcome through the adoption of a transactional perspective which offers a more dynamic and coevolutionary understanding of how humans interact with their natural environments Unlike anthropocentric approaches to environmental ethics which often privilege human concerns over ecological preservation and some ecocentric approaches which place more emphasis on preserving natural environments than on meeting human needs a transactional approach attempts to create more symbiotic and less conflictual modes of interaction between human cultures and natural environments which allow for the flourishing of both *Alternative Publishers of Books in North America* Byron Anderson,2006 This directory is a unique reference tool that gathers information
