Shake Hands With The Devil The Failure Of Humanity In Rwanda:

Shake hands with the devil Roméo Dallaire, Brent Beardsley, 2005 *Shake Hands With The Devil* provides a powerful and harrowing account of the Rwandan genocide and a denunciation of the failure of the international community to prevent it

Shake Hands With the Devil Romeo Dallaire, 2009-02-24 On the tenth anniversary of the date that UN peacekeepers landed in Rwanda Random House Canada is proud to publish the unforgettable first hand account of the genocide by the man who led the UN mission Digging deep into shattering memories General Dallaire has written a powerful story of betrayal na vet racism and international politics His message is simple and undeniable Never again When Lt Gen Rom o Dallaire received the call to serve as force commander of the UN intervention in Rwanda in 1993 he thought he was heading off on a modest and straightforward peacekeeping mission Thirteen months later he flew home from Africa broken disillusioned and suicidal having witnessed the slaughter of 800 000 Rwandans in only a hundred days In *Shake Hands with the Devil* he takes the reader with him on a return voyage into the hell of Rwanda vividly recreating the events the international community turned its back on This book is an unsparing eyewitness account of the failure by humanity to stop the genocide despite timely warnings Woven through the story of this disastrous mission is Dallaire s own journey from confident Cold Warrior to devastated UN commander to retired general engaged in a painful struggle to find a measure of peace reconciliation and hope This book is General Dallaire s personal account of his conversion from a man certain of his worth and secure in his assumptions to a man conscious of his own weaknesses and failures and critical of the institutions he d relied on It might not sit easily with standard ideas of military leadership but understanding what happened to General Dallaire and his mission to Rwanda is crucial to understanding the moral minefields our peacekeepers are forced to negotiate when we ask them to step into the world s dirty wars Excerpt from *Shake Hands with the Devil* My story is not a strictly military account nor a clinical academic study of the breakdown of Rwanda It is not a simplistic indictment of the many failures of the UN as a force for peace in the world It is not a story of heroes and villains although such a work could easily be written This book is a cri de coeur for the slaughtered thousands a tribute to the souls hacked apart by machetes because of their supposed difference from those who sought to hang on to power This book is the account of a few humans who were entrusted with the role of helping others taste the fruits of peace Instead we watched as the devil took control of paradise on earth and fed on the blood of the people we were supposed to protect

Shake Hands with the Devil Roméo Dallaire, 2022 A brave unforgettable first hand account of the Rwandan genocide by a man almost literally haunted by the dead and by the spectre of his mission s failure Marking the twenty fifth anniversary of this horrific event this edition includes a new note from Rom o Dallaire Serving in Rwanda in 1993 LGen Rom o Dallaire and his small peacekeeping force found themselves abandoned by the UN in a vortex of civil war and genocide With meagre resources to stem the killing General Dallaire was witness to the murder of 800 000 Rwandans in a hundred days and returned home broken disillusioned and suicidal *Shake Hands with the Devil* is his

return to Rwanda a searing book that is both an eyewitness account of the failure of humanity to stop the genocide and the story of General Dallaire's own struggle to find a measure of peace reconciliation and hope

Who Must Die in Rwanda's Genocide? Kyrsten Sinema, 2015-09-11 This book provides a juridical sociopolitical history of the evolution of the 1994 Rwandan genocide Over one million citizens were massacred in less than 100 days via a highly organized efficiently executed genocide throughout the tiny country of Rwanda While genocide is not a unique phenomenon in modern times a genocide like Rwanda's is unique Unlike most genocides wherein a government plans and executes mass murder of a targeted portion of its population asking merely that the majority population look the other way or at most provide no harbor to the targeted population ex Germany the Rwandan government relied heavily on the civilian population to not only politically support but actively engage in the acts of genocide committed over the 100 days throughout the spring of 1994 This book seeks to understand why and how the Rwandan genocide occurred It analyzes the colonial roots of modern Rwandan government and the development of the political state of exception created in Rwanda that ultimately allowed the sovereign to dehumanize the minority Tutsi population and execute the most efficient genocide in modern history

Terrorism Unjustified Vicente Medina, 2015-10-29 Vicente Medina challenges common misconceptions and excuses for extreme political violence Countering such axioms as one man's freedom fighter is another man's terrorist and the do whatever it takes attitude toward counter terrorism Medina differentiates between justified political violence and unjustifiable terrorism Surveying terrorism with both historical and contemporary examples Medina dispels the relativism and emotional responses that have been used by some to justify terrorist acts Medina draws on philosophical concepts like just war theory while adding social and political science perspectives to contextualize today's terrorism within current international law and moral attitudes

A People Betrayed Linda Melvern, 2024-07-25 Following thirty years of research including research into recently declassified government archives this newly revised and expanded edition of Linda Melvern's classic of investigative journalism reveals how policymakers continue to refuse to properly acknowledge their responsibilities under international law The new edition includes copious new material reckoning with the information that came to light during the 2022 trial of Flicien Kabuga the alleged financier of the genocide This new evidence feeds not only into a revised chronology and a wholly new section on the build up to the genocide but also into a new appendix that lists the six major genocide memorial sites in Rwanda along with now incontrovertible details of the massacres that occurred there Throughout it all Melvern reveals in unmatched detail the scale speed and intensity of the unfolding genocide and she exposes the Western governments and individuals who could have prevented what was happening if only they had chosen to act What emerges is a shocking indictment of how Rwanda was ignored in 1994 and of how it is misremembered in the West today an indictment that renders all the more poignant Melvern's accounts of the unrecognised heroism of those who stayed on during the violence from volunteer peacekeepers to NGO workers
