

SHAKESPEARE and Southern Writers

A Study in Influence Edited by Philip C. Kolin

Shakespeare And Southern Writers A Study In Influence

William Bedford Clark

Shakespeare And Southern Writers A Study In Influence:

Shakespeare and Southern Writers Philip C. Kolin,1985 Shakespeare and Southern Writers Philip C. Kolin,1985

Writers of the American Renaissance Denise Knight,2003-12-30 The American literary canon has undergone revision and expansion in recent years and our notions of the 19th century renaissance have been reevaluated Mainstream anthologies have been revised to reflect the expanding literary canon yet resources for readers have remained widely scattered This book expands earlier definitions of the 19th century American Renaissance as represented by canonical writers such as Emerson and Poe covering writers who published popular fiction and dominated the literary marketplace of the day Included is generous coverage of women writers and writers of color The volume provides alphabetically arranged entries for more than 70 writers of the period including Louisa May Alcott Emily Dickinson Frederick Douglass Margaret Fuller Nathaniel Hawthorne Herman Melville Harriet Beecher Stowe Henry David Thoreau Walt Whitman and many more Each entry was written by an expert contributor and includes a brief biography a discussion of major works and themes a survey of the writer s critical reception and primary and secondary bibliographies **Cleanth Brooks and the Rise of Modern**

Criticism Mark Royden Winchell,1996 During a career that spanned sixty years Cleanth Brooks was involved in most of the major controversies facing the humanities from the 1930s until his death in 1994 He was arguably the most important American literary critic of the mid twentieth century Because it is impossible to understand modern literary criticism apart from Cleanth Brooks or Cleanth Brooks apart from modern literary criticism Mark Royden Winchell gives us not only an account of one man s influence but also a survey of literary criticism in twentieth century America More than any other individual Brooks helped steer literary study away from historical and philological scholarship by emphasizing the autonomy of the text He applied the methods of what came to be called the New Criticism not only to the modernist works for which these methods were created but to the entire canon of English poetry from John Donne to William Butler Yeats In his many critical books especially *The Well Wrought Urn* and the textbooks he edited with Robert Penn Warren and others Brooks taught several generations of students how to read literature without prejudice or preconception American Studies Jack Salzman,1990-05-25 This volume supplements the acclaimed three volume set published in 1986 and consists of an annotated listing of American Studies monographs published between 1984 and 1988 There are more than 6 000 descriptive entries in a wide range of categories anthropology and folklore art and architecture history literature music political science popular culture psychology religion science and technology and sociology Reinventing the South Mark Royden Winchell,2006 Surveys the revivification and reinvention of southern culture and literature and the influence of the Agrarians Fugitives New Critics and popular writers including John Gould Fletcher Robert Penn Warren Monroe K Spears Walter Sullivan William Faulkner Tennessee Williams William Humphrey and Cormac McCarthy Provided by publisher *Shakespeare Survey* Stanley Wells,2002-11-28 Shakespeare Survey is a yearbook of Shakespeare studies and production Since 1948 Survey has

published the best international scholarship in English and many of its essays have become classics of Shakespeare criticism Each volume is devoted to a theme or play or group of plays each also contains a section of reviews of the previous year s textual and critical studies and of major British performances The books are illustrated with a variety of Shakespearean images and production photographs The current editor of Survey is Peter Holland The first eighteen volumes were edited by Allardyce Nicoll numbers 19 33 by Kenneth Muir and numbers 34 52 by Stanley Wells The virtues of accessible scholarship and a keen interest in performance from Shakespeare s time to our own have characterised the journal from the start For the first time numbers 1 50 are being reissued in paperback available separately and as a set

The American Vision of Robert Penn Warren William Bedford Clark, 2021-12-14 In 1976 the bicentennial year Robert Penn Warren told Bill Moyers that he was in love with America but his love for the nation was more often than not troubled and angry Warren once remarked that any intelligent person is inclined to criticize his country more strongly than he will criticize anything else And he should It s a way of criticizing himself too Trying to live more intelligently and more fully In The American Vision of Robert Penn Warren a noted Warren scholar traces the evolution of our first poet laureate s distinctive stance toward the American experiment in democracy showing how Warren sought to balance off the claims of self and society in the New World This book surveys the full six decades of Warren s career combining close reading with a historian s eye for social and political context While pointedly avoiding the reductive pitfalls of the new historicism Clark documents the informing role the Great Depression played in shaping Warren s attitudes toward art and politics and he demonstrates the necessity of regarding Warren s major achievements in fiction and verse as forms of public speech Read in this light Warren s vision offers a set of possibilities for renegotiating America s covenant with its Founders on new and pragmatic terms Based solidly on the best previous commentary on Warren and his work Clark s study represents a new approach to its subject and incorporates insights and information garnered from the Warren Papers at Yale A wide ranging account of the interplay between an author s imagination and contemporary history this book should prove of interest to all students of American culture especially those concerned with the interrelationships of literature politics and ideology Written in a lively and direct style it will appeal to specialists and general readers alike

The Routledge Encyclopedia of Mark Twain J.R. LeMaster, James D. Wilson, 2013-05-13 A model reference work that can be used with profit and delight by general readers as well as by more advanced students of Twain Highly recommended Library Journal The Routledge Encyclopedia of Mark Twain includes more than 700 alphabetically arranged entries that cover a full variety of topics on this major American writer s life intellectual milieu literary career and achievements Because so much of Twain s travel narratives essays letters sketches autobiography journalism and fiction reflect his personal experience particular attention is given to the delicate relationship between art and life between artistic interpretations and their factual source This comprehensive resource includes information on Twain s life and times the author s childhood in Missouri and apprenticeship as a riverboat pilot early career as a journalist in the

West world travels friendships with well known figures reading and education family life and career Complete Works including novels travel narratives short stories sketches burlesques and essays Significant characters places and landmarks Recurring concerns themes or concepts such as humor language race war religion politics imperialism art and science Twain's sources and influences Useful for students researchers librarians and teachers this volume features a chronology a special appendix section tracking the poet's genealogy and a thorough index Each entry also includes a bibliography for further study

Sixteen Modern American Authors Jackson R. Bryer, 1990 Praise for the earlier edition Students of modern American literature have for some years turned to *Fifteen Modern American Authors* 1969 as an indispensable guide to significant scholarship and criticism about twentieth century American writers In its new form *Sixteenth Modern American Authors* it will continue to be indispensable If it is not a desk book for all Americanists it is a book to be kept in the forefront of the bibliographical compartment of their brains American Studies
