Alex Schulman

Shakespeare As Political Thinker:

Shakespeare as Political Thinker John Alvis, Thomas G. West, 1981 Rethinking Shakespeare's Political Philosophy Alex Schulman, 2014-07-21 What were Shakespeare's politics As this study demonstrates contained in Shakespeare's plays is an astonishingly powerful reckoning with the tradition of Western political thought one whose depth and scope places Shakespeare alongside Plato Aristotle Machiavelli Hobbes and others This book is the first attempt by a political theorist to read Shakespeare within the trajectory of political thought as one of the authors of modernity From Shakespeare's interpretation of ancient and medieval politics to his wrestling with issues of legitimacy religious toleration family conflict and economic change Alex Schulman shows how Shakespeare produces a fascinating map of modern politics at its crisis filled birth As a result there are brand new readings of Troilus and Cressida Coriolanus Julius Caesar Antony and Cleopatra King Lear Richard II and Henry IV parts I and II The Merchant of Venice and Measure for Measure **Shakespeare's Political Wisdom** T. Burns, 2013-04-03 Shakespeare's Political Wisdom offers interpretations of five Shakespearean plays with a view to the enduring guidance those plays can provide to human political life The plays have been chosen for their relentless attention to the questions that were once and may sometime become or be recognized as being the heart and soul of politics *Shakespeare as Political Thinker* John Alvis, Thomas G. West, 2000 The essays contained in this book proceed from the common conviction that Shakespeare's poetry conveys a wisdom about politics commensurate with his artistry Well known thinkers discuss Shakespeare's understanding of politics the idea of the best polity the relationship between character and political life and the interpenetration of poetry politics religion and philosophy *Of Philosophers and Kings* Leon Harold Craig, 2001 This innovative work argues that Shakespeare was as great a philosopher as he was a poet and that his greatness as a poet derived even more from his power as a thinker than from his genius for linguistic expression Accordingly Leon Craig's interpretation of the plays focusing primarily on Macbeth and King Lear but including extensive comments on Othello The Winter's Tale and Measure for Measure are intended to demonstrate what can be gained from reading Shakespeare philosophically Shakespeare Craig argues had a persistent fascination with the relationship between politics and philosophy and even more precisely with the idea of a philosophical ruler Macbeth and King Lear are given detailed exposition for the special light they cast on tensions between philosophy and politics knowledge and power They show how the pursuit of an adequate understanding of certain practical issues transient yet recurring necessarily leads to considerations that far transcend the particular circumstances in which these practical problems arise Metaphysics cosmology and man's confrontation with nature were made dramatically manifest by Shakespeare to challenge and promote philosophic activity among his audience and readers Unconventional in its approach but working within the tradition of such critics as Allan Bloom and Harry Jaffa Craig's book makes a substantial contribution to understanding the general principles of Shakespearean drama *Shakespeare and Early Modern Political Thought* David Armitage, Conal Condren, Andrew

Fitzmaurice, 2009-09-10 This is the first collaborative volume to place Shakespeare's works within the landscape of early modern political thought. Until recently literary scholars have not generally treated Shakespeare as a participant in the political thought of his time unlike his contemporaries Ben Jonson, Edmund Spenser and Philip Sidney. At the same time historians of political thought have rarely turned their attention to major works of poetry and drama. A distinguished international and interdisciplinary team of contributors examines the full range of Shakespeare's writings in order to challenge conventional interpretations of plays central to the canon such as *Hamlet* and open up novel perspectives on works rarely considered to be political such as the *Sonnets* and focus on those that have been largely neglected such as *The Merry Wives of Windsor*. The result is a coherent and challenging portrait of Shakespeare's distinctive engagement with the characteristic questions of early modern political thought.

Shakespeare and Early Modern Political Thought David Armitage, Conal Condren, Andrew Fitzmaurice, 2009-09-10 This is the first collaborative volume to place Shakespeare's works within the landscape of early modern political thought. Until recently literary scholars have not generally treated Shakespeare as a participant in the political thought of his time unlike his contemporaries Ben Jonson, Edmund Spenser and Philip Sidney. At the same time historians of political thought have rarely turned their attention to major works of poetry and drama. A distinguished international and interdisciplinary team of contributors examines the full range of Shakespeare's writings in order to challenge conventional interpretations of plays central to the canon such as *Hamlet* and open up novel perspectives on works rarely considered to be political such as the *Sonnets* and focus on those that have been largely neglected such as *The Merry Wives of Windsor*. The result is a coherent and challenging portrait of Shakespeare's distinctive engagement with the characteristic questions of early modern political thought.

The Philosopher's English King Leon Harold Craig, 2015 This book on Shakespeare's *Henriad* studies the tetralogy as a work of political thought. Leon Harold Craig, author of two previous volumes on Shakespeare's political thought, argues that the four plays present Shakespeare's teaching on the problem of legitimacy or who has the right to rule, one of the perennial questions of political philosophy. Offering original interpretations of each of the plays, Craig discusses the demise of divine right in *Richard II*, political upheaval and disputed rule in *Henry IV* Parts 1 and 2, and the attempt to reestablish legitimacy on a new basis in *Henry V*. While focusing especially on the plays, various interpretive puzzles, Craig shows how the four plays constitute one narrative culminating in the rule of England's most famous warrior king, Henry V, whose brilliant achievements were undone by ill fortune. Craig concludes with an epilogue on what might have been had Henry lived to consolidate his conquest of France and unify it with England under a single crown. Supported by a wealth of scholarship, both historical and critical, *The Philosopher's English King* makes a major contribution to the burgeoning scholarship on Shakespeare as a political thinker, providing further evidence for why the poet deserves to be recognized as a philosopher in his own right. Leon Harold Craig is professor emeritus of political science at the University of Alberta.

Perspectives on Politics in Shakespeare John Albert

Murley, Sean D. Sutton, 2006-01-01 Political science is becoming ever more reliant on abstract statistical models and almost divorced from human judgment hope and idealism William Shakespeare offers the political scientist an antidote to this methodological alienation this self imposed exile from the political concerns of citizens and politicians Shakespeare the most quoted author in the English speaking world presents his characters as rulers citizens and statesmen of the most famous regimes governed by their respective laws and shaped by their respective political and social institutions The actions deliberations mistakes and successes of his characters reveal the limitations and strengths of their regimes whether they be Athens Rome or England The contributors to this volume esteemed scholars of political science show us that Shakespeare s poetic imagination displays the very essence of politics and inspires valuable reflection on the fundamental questions of statesmanship and political leadership Perspectives on Shakespeare s Politics explores such themes as classical republicanism and liberty the rule of law and morality the nature and limits of statesmanship and the character of democracy

Shakespeare's Politics Allan Bloom, Harry V. Jaffa, 1964 Taking the classical view that the political shapes man s consciousness Allan Bloom considers Shakespeare as a profoundly political Renaissance dramatist He aims to recover Shakespeare s ideas and beliefs and to make his work once again a recognized source for the serious study of moral and political problems In essays looking at Julius Caesar Othello and The Merchant of Venice Bloom shows how Shakespeare presents a picture of man that does not assume privileged access for only literary criticism With this claim he argues that political philosophy offers a comprehensive framework within which the problems of the Shakespearean heroes can be viewed In short he argues that Shakespeare was an eminently political author Also included is an essay by Harry V Jaffa on the limits of politics in King Lear A very good book indeed one which can be recommended to all who are interested in Shakespeare G P V Akrigg This series of essays reminded me of the scope and depth of Shakespeare s original vision One is left with the impression that Shakespeare really had figured out the answers to some important questions many of us no longer even know to ask Peter A Thiel CEO PayPal Wall Street Journal Allan Bloom was the John U Nef Distinguished Service Professor on the Committee on Social Thought and the co director of the John M Olin Center for Inquiry into the Theory and Practice of Democracy at the University of Chicago Harry V Jaffa is professor emeritus at Claremont McKenna College and Claremont Graduate School
