O'Sullivan, Jr., 2005-07-15 For generations scholars have labored scrupulously to try to separate the facts of William Shakespeare's life from the myths that have entangled them However those who have written fictions about the bard have operated under no such constraints They offer solutions to the identities of W H and the Dark Lady suggest Shakespeare's role in the shaping of the King James Bible and trace his relationships with Sir Thomas Lucy Francis Bacon Elizabeth I Kit Marlowe and Ben Jonson And they speculate endlessly about Shakespeare's pets and poaching his sources and inspiration his melancholy and death From Alexandre Duval's Shakespeare 1804 to Anthony Burgess's The Muse this is an anthology of nineteen fictional depictions of Shakespeare They include Edward H Warren's account of Shakespeare playing the stock market on Wall Street with the Three Weird Sisters making stock predictions near a blast furnace in New Jersey Leon Rooke's vivid memoir of the Bard's dog and the works of such notables as George Bernard Shaw Rudyard Kipling and Edward Bond are included New York Magazine, 1997-01-06 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **The Oxford Handbook of Shakespeare and Dance** Lynsey McCulloch, Brandon Shaw, 2019-01-28 Shakespeare's texts have a long and close relationship with many different types of dance from dance forms referenced in the plays to adaptations across many genres today With contributions from experienced and emerging scholars this handbook provides a concise reference on dance as both an integral feature of sixteenth and seventeenth century culture and as a means of translating Shakespearean text into movement a process that raises questions of authorship and authority cross cultural communication semantics embodiment and the relationship between word and image Motivated by growing interest in movement materiality and the body The Oxford Handbook of Shakespeare and Dance is the first collection to examine the relationship between William Shakespeare his life works and afterlife and dance In the handbook's first section Shakespeare and Dance authors consider dance within the context of early modern life and culture and investigate Shakespeare's use of dance forms within his writing The latter half of the handbook Shakespeare as Dance explores the ways that choreographers have adapted Shakespeare's work Chapters address everything from narrative ballet adaptations to dance in musicals

physical theater adaptations and interpretations using non Western dance forms such as Cambodian traditional dance or igan an indigenous dance form from the southern Philippines With a truly interdisciplinary approach The Oxford Handbook of Shakespeare and Dance provides an indispensable resource for considerations of dance and corporeality on Shakespeare s stage and the early modern era
