Shakespeare Imitations Parodies And Forgeries 1710 1820

Jeffrey Kahan

Shakespeare Imitations Parodies And Forgeries 1710 1820:

Shakespeare Imitations, Parodies and Forgeries, 1710-1820 Jeffrey Kahan, 2004 In their own day the works in this collection of now all but forgotten plays composed between 1710 and 1820 enjoyed much critical and commercial success For example Nicholas Rowe's *The Tragedy of Jane Shore* 1714 was the most popular new play of the eighteenth century and the sixth most performed tragedy following *Hamlet* *Macbeth* *Romeo and Juliet* *Othello* and *King Lear* Even William Shirley's forgotten play *Edward the Black Prince* 1750 was well received with great applause and had a stage history spanning three decades This collection includes the performance text to the 1796 Ireland play *Vortigern* The plays are all reset and where possible modernized from original manuscripts with listed variants and parallel passages traced to Shakespearean canonical texts The set includes a new introduction by the editor and raises important questions about the nature of artistic property and authenticity a key area of Shakespearean research today

Shakespeare Imitations, Parodies and Forgeries, 1710-1820 Jeffrey Kahan, 2004 First published in 2004 Routledge is an imprint of Taylor Francis an informal company

Shakespeare imitations, parodies and forgeries Jeffrey Kahan, **Rimualdo** William Henry Ireland, 2005 William Henry Ireland's *Rimualdo* or *The Castle of Badajos* was first published in 1800 at the apex of the genre's popularity Like Ann Radcliffe before him Ireland skillfully weaves the familiar Gothic conventions with Shakespearean characteristics Set in medieval Spain the novel is nothing less than a register of Gothic paraphernalia unnatural parents persecuted lovers murders haunted apartments winding sheets and winding staircases subterranean passages lamps that are dim and perverse and that always go out when they should not monasteries caves monks tall thin and withered with lank abstemious cheeks dreams groans and spectres *Rimualdo* chronicles the perversely sensitive Condon Don *Rimualdo*'s discovery an enigmatic female under the protection of the nefarious monk Sebastiano In his attempt to unlock the mystery of the virtuous Constanza *Rimualdo* is drawn into a labyrinth of depravity villainy and nightmares where nothing is as it first appears

Shakespeare and the Idea of Apocrypha Peter Kirwan, 2015-04-16 This book explores the methodologies and assumptions governing

answers to the question what did Shakespeare actually write **Shakespeare and Lost Plays** David McInnis, 2021-03-25 *Shakespeare and Lost Plays* returns Shakespeare's dramatic work to its most immediate and arguably pivotal context by situating it alongside the hundreds of plays known to Shakespeare's original audiences but lost to us David McInnis reassesses the value of lost plays in relation to both the companies that originally performed them and to contemporary scholars of early modern drama This innovative study revisits key moments in Shakespeare's career and the development of his company and by prioritising the immense volume of information we now possess about lost plays provides a richer more accurate picture of dramatic activity than has hitherto been possible By considering a variety of ways to grapple with the problem of lost imperceptible or ignored texts this volume presents a methodology for working with lacunae in archival evidence and the distorting effect of Shakespeare-centric narratives thus reinterpreting our perception of the field of early

modern drama **The New Oxford Shakespeare** Gary Taylor, Gabriel Egan, 2017 This companion volume to The New Oxford Shakespeare The Complete Works concentrates on the issues of canon and chronology This major work in attribution studies presents in full the evidence behind the choices made in The Complete Works about which works Shakespeare wrote in whole or part The New Oxford Shakespeare: Authorship Companion Gary Taylor, Gabriel Egan, 2017-02-10 This companion volume to The New Oxford Shakespeare The Complete Works concentrates on the issues of canon and chronology currently the most active and controversial debates in the field of Shakespeare editing It presents in full the evidence behind the choices made in The Complete Works about which works Shakespeare wrote in whole or part A major new contribution to attribution studies the Authorship Companion illuminates the work and methodology underpinning the groundbreaking New Oxford Shakespeare and casts new light on the professional working practices and creative endeavours of Shakespeare and his contemporaries We now know that Shakespeare collaborated with his literary and dramatic contemporaries and that others adapted his works before they reached printed publication The Authorship Companion's essays explore and explain these processes laying out everything we currently know about the works authorship Using a variety of different attribution methods The New Oxford Shakespeare has confirmed the presence of other writers' hands in plays that until recently were thought to be Shakespeare's solo work Taking this process further with meticulous fresh scholarship essays in the Authorship Companion show why we must now add new plays to the accepted Shakespeare canon and reattribute certain parts of familiar Shakespeare plays to other writers The technical arguments for these decisions about Shakespeare's creativity are carefully laid out in language that anyone interested in the topic can understand The latest methods for authorship attribution are explained in simple but accurate terms and all the linguistic data on which the conclusions are based is provided The New Oxford Shakespeare consists of four interconnected publications the Modern Critical Edition with modern spelling the Critical Reference Edition with original spelling a companion volume on Authorship and an online version integrating all of this material on OUP's high powered scholarly editions platform Together they provide the perfect resource for the future of Shakespeare studies *Revisiting Shakespeare's Lost Play* Deborah C. Payne, 2017-02-02 This collection of essays centres on Double Falsehood Lewis Theobald's 1727 adaptation of the lost play of Cardenio possibly co-authored by John Fletcher and William Shakespeare In a departure from most scholarship to date the contributors fold Double Falsehood back into the milieu for which it was created rather than searching for traces of Shakespeare in the text Robert D Hume's knowledge of theatre history permits a fresh take on the forgery question as well as the Shakespeare authorship controversy Diana Solomon's understanding of eighteenth century rape culture and Jean I Marsden's command of contemporary adaptation practices both emphasise the play's immediate social and theatrical contexts And finally Deborah C Payne's familiarity with the eighteenth century stage allows for a reconsideration of Double Falsehood as integral to a debate between Theobald Alexander Pope and John Gay over the future of the English drama **Shakespeare Survey: Volume**

67, Shakespeare's Collaborative Work Peter Holland, 2014-10-02 Shakespeare Survey is a yearbook of Shakespeare studies and productions Since 1948 the Survey has published the best international scholarship in English and many of its essays have become classics of Shakespeare criticism Each volume is devoted to a theme or play or group of plays each also contains a section of reviews of that year's textual and critical studies and of the year's major British performances The theme for Volume 67 is Shakespeare's Collaborative Work The complete set of Survey volumes is also available online at <http://www.cambridge.org/online/shakespearesurvey> This fully searchable resource enables users to browse by author essay and volume search by play theme and topic and save and bookmark their results
