Otley, 2012-01-08 Being both a mother and a woman with a disability for several years I have faced many challenges I have dealt with the onset of two neurological conditions whilst being pregnant with my daughter who is now nine years old I then went on to have my youngest son three years old and recently gave birth to a healthy baby girl 4 months old After conducting much research I have come to learn that though there are support groups and online communities which undoubtedly for many provide a beacon of hope friendship and ongoing support there are very few publications written for the disabled mother in mind and the recent ones I have come across post 1990 7 appear to be mainly in the US I wanted to write a more up to date book easily accessible relevant affordable and most importantly written with the British mother to be in mind My name is Natalie Otley and this is my guide to everything you need to know about pregnancy with disability **Motherhood and Disability** O. Prilleltensky, 2004-05-25 This book explores the intersection

between motherhood and physical disability It is based on a study that focused on the lived experiences of women with physical disabilities mothers and non mothers What meaning does motherhood have for these women What is it like for them What messages do they receive about themselves as women with or without children What barriers do they foresee and or come across These issues are explored from the vantage point of disabled women with and without children The College Woman's Handbook Rachel Dobkin,Shana Sippy,1995-01-01 Covers academic life financial matters health sexuality security issues job hunting and other areas as they relate to the experiences of women undergraduates *Sexual and Reproductive Neurorehabilitation* Mindy L. Aisen,2013-03-09 This well written text thoroughly addresses two quality of life issues in patients with a variety of neurological disorders sexual and reproductive function The de vasta stating effects of a variety of neurological diseases are well known to both the lay and medical communities and are treated in numerous texts However as we continue to experience therapeutic breakthroughs in the fields of neurology and rehabilitation medicine physicians and patients must become more aware of the issues discussed in this text It is particularly important as emphasized throughout the chapters that the physician or therapist initiate conversations with the patients concerning both the possibility of parenting a child as well as the ability of the patient to enhance his her sexual functioning Commonly in the patient who is otherwise perfectly normal there is a reluctance to discuss these topics and couples often feel embarrassed to initiate a conversation with their physi cians This reluctance to initiate a discussion is even more apparent in patients with a variety of neurological disorders in which there are overriding fears concerning both function and survival as well as deep concerns about their own attractiveness and their sexual and repro ductive ability Routledge International Encyclopedia of Women Cheris Kramarae,Dale Spender,2004-04-16 For a full list of entries and contributors sample entries and more visit the Routledge International Encyclopedia of Women website Featuring comprehensive global coverage of women s issues and concerns from violence and sexuality to feminist theory the Routledge International Encyclopedia of Women brings the field into the new millennium In over 900 signed A Z entries from US and Europe Asia the Americas Oceania and the Middle East the women who pioneered the field from its inception collaborate with the new scholars who are shaping the future of women s studies to create the new standard work for anyone who needs information on women related subjects Natural Family Living Peggy O'Mara,Jane L. McConnell,2000-03 From preconception to adolescence to creating a healthy family lifestyle this guide covers health during pregnancy and natural childbirth healthful eating for the whole family uses and abuses of TV computers and video games discipline issues and more *Mothering Magazine's Having a Baby, Naturally* Peggy O'Mara,2007-11-01 For more than twenty five years Mothering magazine has captured an audience of educated women who appreciate its we ll inform you choose approach to parenting Having a Baby Naturally reflects this spirit with straightforward uncensored information about pregnancy and childbirth addressing common concerns and questions in a compassionate nonjudgmental style Written by Peggy O Mara the longtime publisher editor and owner of Mothering magazine it synthesizes

the best theories and safest practices used in natural childbirth including recommendations from the World Health Organization the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists Throughout O Mara reinforces her belief that each woman s pregnancy and birth experience is a one of a kind event She covers such topics as Nutrition diet and exercise Emotional self awareness during and after pregnancy A trimester by trimester guide to what is happening in your body and your child s Birth choices offering suggestions not rules Pain medication alternatives Birth locations from hospitals to home birth Relieving morning sickness with natural remedies Prenatal testing Breastfeeding Prematurity and multiple births Balancing work and family The father s role during pregnancy and beyond Difficult subjects such as birth defects miscarriages and postpartum depression are also treated with sensitivity and candor Finally a book for the thinking woman who believes in her own inherent capacity to make smart informed decisions about her pregnancy and birth just as she makes in other areas of her life Having a Baby Naturally is a celebration of childbirth and an accurate and objective guide to helping women fortify their spirits develop trust in their bodies and make the best possible choices to protect their new baby s health *American Rehabilitation* ,1992 *Lectures on the Psychology of Women* Joan C. Chrisler,Carla Golden,Patricia D. Rozee,2012-12-21 Designed as a supplement in courses on the psychology of women the psychology of gender and gender role development this collection of short accessible lectures written by experienced and committed teachers spotlights topics that often receive less in depth coverage in core textbooks While topically arranged to align with standard texts each favorite lecture stands alone essentially instructors can assign the readings to meet their own course needs Among the student friendly features are the informal writing styles with each author speaking directly to the reader questions and ideas that encourage critical thinking and biographical statements and photographs that introduce each contributor The authors represent a variety of personal backgrounds and experiences but they believe in the importance of gender equality To that point the book addresses common feminist themes including the social construction of gender power the value of diversity inclusive language the global status of women and the value of social activism **The New Don't Blame Mother** Paula Caplan,2002-06 First Published in 2000 Routledge is an imprint of Taylor Francis an informa company *What Psychotherapists Should Know about Disability* Rhoda Olkin,2001-01-05 This comprehensive volume provides the knowledge and skills that mental health professionals need for more effective informed work with clients with disabilities Combining her extensive knowledge as a clinician researcher and teacher with her personal experience as someone with a disability Olkin provides an insider s perspective on critical issues that are often overlooked in training A lucid conceptual framework is presented for understanding disability as a minority experience one that is structured by social legal and attitudinal constraints as well as physical challenges Illuminating frequently encountered psychosocial themes and concerns chapters describe a range of approaches to dealing with disability issues in the treatment of adults children and families Topics addressed include etiquette with clients with disabilities special concerns in assessment evaluation and

diagnosis the impact of disability on sexuality and romance as well as pregnancy birthing and parenting the use of assistive technology and devices disability and substance abuse and more Filled with clinical examples and observations the volume also discusses strategies for enhancing teaching training and research **Multiple Sclerosis and Having a Baby** Judy Graham,1999-06-01 An essential resource for anyone with MS who is considering having a child Firsthand advice from a woman with multiple sclerosis who has successfully borne and raised a child Contains information that can change the lives of many of the 250 000 women in the United States suffering from MS Highly readable format puts the facts at your fingertips Diagnosed with MS at twenty eight author Judy Graham gave birth for the first time at the age of thirty eight Her new book Multiple Sclerosis and Having a Baby provides other women who are considering starting a family with the kind of genuine and useful insight that comes only from firsthand experience Multiple Sclerosis and Having a Baby makes available not only the medical answers prospective parents need but also the practical suggestions and sound advice that will help them meet the many unique and sometimes difficult challenges that face couples living with MS In this highly informative and readable book Graham asks and provides answers for nearly every question a woman with multiple sclerosis might want to consider before having a baby With the latest medical facts and valuable data culled from hundreds of interviews with women who have multiple sclerosis and are currently raising a child Graham straightforwardly addresses such issues as the possibility of relapse genetic predisposition to MS sexuality and fertility pregnancy postnatal care and breastfeeding as they relate to women with MS **A Woman's Guide to Coping with Disability** ,2000 Despite the recent increased interest in women s health little has been written about and for disabled women This outstanding new source meets a genuine need by providing an overview of all aspects of women s lives and how disability affects them as workers homemakers parents and caregivers Necessities such as driving obtaining adequate medical care enjoying recreation and travel as well as personal concerns related to sexuality pregnancy and childbirth are all addressed The guide covers federal laws housing coping with daily activities at home and in the workplace and the most common conditions that disable women arthritis diabetes epilepsy lupus multiple sclerosis osteoporosis and spinal cord injury Each chapter contains a bibliography or sources cited in the text a referral list of organizations and a resource list of books audio and videotapes and vendors of assistive devices Quotes from disabled women illustrate their coping skills and the impact of their conditions on their lives Barbara M Bibel Oakland P L Cal Library Journal *Aspects of Midwifery Practice* Jo Alexander,Valerie Levy,Sarah Roch,1995-11-11 This fifth volume in the immensely popular series introduces new topics of Midwifery Practice and revisits some topics already discussed in previous volumes The accessible chapter structure remains the same and a broad range of research themes are presented across the three stages of midwifery practice The guiding philosophy behind this series is to present research topics within the context of clinical practice and in this volume the editors have put together a subject range which will be of interest to all practicing midwives and students *Cassette Books* Library of Congress.
