Mount Washington Baltimore Suburb A History Revealed Through Pictures And Narrative:

Mount Washington, Baltimore Suburb Mark Miller, 1980-01-01 From the forward by Jacques Kelly Printed histories have a way of bypassing neighborhoods Mount Washington is no exception to Baltimore's list of oversights Despite the very considerable interest in the city's residential sections which are now attracting new younger families who are unfamiliar with their newly adopted surroundings the stories of communities pasts are limited to a handful of newspaper clippings filed away in public libraries These stories never really answer the most asked questions How did my house and street get to be the way it is today If Mount Washingtonians act somewhat more independent than other neighborhoods the past gives some explanatory clues It was always a community separate from its neighbors older with its won institutions with definable geographic boundaries With its won railroad station stores clubs bridge and sport lacrosse it was clearly its won little sanctum Here after two centuries is the Mount Washington story

The Baltimore Book Elizabeth Fee, Linda Shopes, Linda Zeidman, 1993-11 Baltimore has a long colorful history that traditionally has been focused on famous men social elites and patriotic events The Baltimore Book is both a history of the other Baltimore and a tour guide to places in the city that are important to labor African American and women's history The book grew out of a popular local bus tour conducted by public historians the People's History Tour of Baltimore that began in 1982 This book records and adds sites to that tour provides maps photographs and contemporary documents and includes interviews with some of the uncelebrated people whose experiences as Baltimoreans reflect more about the city than Francis Scott Key ever did The tour begins at the B Fells Point Sparrows Point the suburbs Federal Hill and Baltimore's renaissance at Harborplace Interviews with community activists civil rights workers Catholic Workers and labor union organizers bring color and passion to this historical tour Specific labor struggles class and race relations and the contributions of women to Baltimore's development are emphasized at each stop Author note Elizabeth Fee is Professor in the Department of Health Policy and Management of The Johns Hopkins University School of Hygiene and Public Health Linda Shopes is Associate Historian at the Pennsylvania Historical and Museum Commission Linda Zeidman is Professor of History and Economics at Essex Community College

Around Mount Washington Linda Noll, 2013 One of Baltimore's first suburbs Mount Washington was originally part of a 17th century land grant owned by Edward Stevenson The hilly terrain provided a sense of privacy and isolation from the commerce of downtown Baltimore and the cool summer breezes and cleaner air attracted city dwellers With the advent of rail transportation the village of Mount Washington evolved into a summer retreat in the mid 1800s Shortly thereafter it blossomed into an independent community of year round residents who love the rural setting but may enjoy the urban amenities of downtown just minutes away The nearby communities of Pimlico and Pikesville were established by Jewish families who migrated from the downtown area The communities featured in *Around Mount Washington* have managed to retain elements of rural charm that originally attracted visitors in the 19th century

Baltimore's Two Cross Keys Villages

James Holechek, 2003-05-08 Baltimore's Two Cross Keys Villages is about two communities virtually next door to one another. As one was dying the other was born. Cross Keys Village named after a nearby inn was established by African Americans in north Baltimore. Forty years ago in a surprise rush to urban renewal the city condemned and tore down most of the homes to make room for a high school parking lot. Author Jim Holechek interviewed many of the former residents of the old Cross Keys Village to learn what life was like in their disappearing enclave. The Village of Cross Keys named after the village that was named after the inn was begun by developer James Rouse in 1961 when he purchased Roland Park's exclusive golf course. He was called the Sunday School teacher with a Midas touch and became America's premier builder of new towns and shopping malls. In Baltimore's Two Cross Keys Villages you'll learn about the tapestry of other hamlets and other people of The Falls Road, Mt Washington, Bare Hills, and Ruxton, an 1835 log chapel and a woman who carries on the heritage of the slave Tobias. Brief comments from those who read Baltimore's Two Cross Keys Villages: Terrific! John McGrain, Official Baltimore Country Historian. Must be published. Sarah Fenno, Lord, Important Maryland history. Thomas Mallonee, advertising executive. Marvelous memories. Paul M. Johnson, retired school principal. Warm and engrossing. Holly Parker, Captivating. W. Scott Ditch, retired Rouse Company vice president. Becoming Southern Writers Orville Vernon Burton, Eldred E. Prince, Jr., 2016-05-15. Southern writers, historians, and artists celebrate the life and career of a beloved mentor, friend, and colleague. Edited by southern historians Orville Vernon Burton and Eldred E. Prince, Jr. Becoming Southern Writers pays tribute to South Carolinian Charles Joyner's fifty-year career as a southern historian, folklorist, and social activist. Exceptional writers of fact, fiction, and poetry, the contributors to the volume are among Joyner's many friends, admirers, and colleagues, as well as those to whom Joyner has served as a mentor. The contributors describe how they came to write about the South and how they came to write about it in the way they do, while reflecting on the humanistic tradition of scholarship as lived experience. The contributors constitute a Who's Who of southern writers, from award-winning literary artists to historians. Freed from constraints of their disciplines by Joyner's example, they enthusiastically describe family reunions, involvement in the civil rights movement, research projects, and mentors. While not all contributors are native to the South or the United States, and a few write about the South only occasionally, all the essayists root their work in southern history, and all have made distinguished contributions to southern writing. Diverse in theme and style, these writings represent each author's personal reflections on experiences living in and writing about the South, while touching on topics that surfaced in Joyner's own works, such as race, family, culture, and place. Whether based on personal or historical events, each one speaks to Joyner's theme that all history is local history somewhere.
