Mountain In Tibet:

HOLY MOUNT KAILASH Milan P. Rakocovic, 2013-06-06 Kailash The Heart and Soul of Tibet There are few places on Earth comparable to the mysterious stunningly beautiful and completely isolated Mt Kailash which lies well hidden in a remote and deserted region of western Tibet In order to understand the importance of holy Mt Kailash it is necessary to know that it is considered the legendary abode of the gods One circle around the mountain 54 km is symbolically one revolution of the wheel of life or the cycle from birth to death This simultaneously brings about the purification and forgiveness of all sins committed in this lifetime This is the land of the Sun In this spot I started to understand the difference between the world that I was coming from and the one that was standing before me This is without doubt the most beautiful spot on Earth This is Shambala These were moments of great happiness when all the struggles of travelling are forgotten and replaced by sheer joy This is the physical and spiritual climax of the pilgrimage because the Drolma La pass is considered the most holy spot on the trail and arrival there marks the beginning of a completely new life *To a Mountain in Tibet* Colin Thubron, 2011 In this book Colin Thubron travels to Tibet and takes the pilgrimage route to Kailas the most sacred of the world's mountains holy to one fifth of the Earth's people but rarely visited by Westerners **The Mountains of Tibet** Mordicai Gerstein, 1989-09-07 After dying a Tibetan woodcutter is given the choice of going to heaven or to live another life anywhere in the universe **Tibet's Secret Mountain** Chris Bonington, Charles Clarke, 2020-05-21 For Chris Bonington and Charles Clarke long time friends and expedition partners few mountains were more alluring than Sepu Kangri Known locally as the Great White Snow God Tibet's nearly 7 000 metre mountain had never before been visited by Westerners Armed only with a tourist map for reference the two set off for this elusive peak in 1996 In the reconnaissance and two expeditions that followed neither of them were expecting to be profoundly impacted by their experiences However they not only met their match in Sepu Kangri but both found their expertise pushed to the limit While Clarke acted as a travelling doctor treating myriad ailments encountered along the way including a life saving diagnosis of an ectopic pregnancy Bonington's love of technology saw him testing out cutting edge satellite phones and computers allowing them to communicate with the outside world for the first time on an expedition Tibet's Secret Mountain is a story of discovery as much as it is an account of the expeditions and it is this that sets it apart from other mountaineering memoirs The focus not only on the climbing itself but the experiences people and tensions that accompany it offers a poignancy that anyone with a love of adventure will identify with Beautifully written and full of unfailing cheer Tibet's Secret Mountain is Bonington and Clarke's love letter to mountaineering **A Mountain in Tibet** Charles Allen, 1986 *Kailas* Russell Johnson, Kerry Moran, 1989 Mount Kailas in a remote corner of Western Tibet has been a pilgrimage site for over 1000 years In the few years during which foreigners were permitted to visit Kailas the authors spent long periods in the region This is their account of an extraordinary experience *Mindscaping the Landscape of Tibet* Dan Smyer Yü, 2015-03-30 Based on the author's

cross regional fieldwork archival findings and critical reading of memoirs and creative works of Tibetans and Chinese this book recounts how the potency of Tibet manifests itself in modern material culture concerning Tibet which is interwoven with state ideology politics of identity imagination nostalgia forgetting remembering and earth inspired transcendence The physical place of Tibet is the antecedent point of contact for subsequent spiritual imaginations acts of destruction and reconstruction collective nostalgia and delayed aesthetic and environmental awareness shown in the eco religious acts of native Tibetans Communist radical utopianism former military officers recollections Tibetan and Chinese artwork and touristic consumption of the Tibetan landscape By drawing connections between differences dichotomies and oppositions this book explores the interiors of the diverse agentive modes of imaginations from which Tibet is imagined in China On the theoretical front this book attempts to bring forth a set of fresh perspectives on how a culturally and religiously specific landscape is antecedent to simultaneous processes of place making identity making and the bonding between place and people
