Orchestral "Pops" Music Lucy Manning, 2013-10-10 In this second edition of *Orchestral Pops Music A Handbook* Lucy Manning brings forward to the present her remarkable compendium of information about this form of orchestral music Since the appearance of the first edition in 2008 this work has proven critical to successful pops concert programming With changes in publishers and agents the discontinuation of the publication of certain original material or worst of all presses going out of business music directors orchestra conductors and professional instrumentalists face formidable challenges in tracking down accurate information about this vast repertoire This revised handbook alleviates the time consuming task of researching these changes by offering a list of works for orchestral pops concerts that is comprehensive informative and current Manning's emphasis on clarity and accuracy gives users an indispensable tool for gathering vital information on the style instrumentation and availability of the repertoire listed as well as notes on its performance The user friendly appendices include expanded instrumentation choices easy to find durations and handy title cross references In addition to corrections and updates this new edition of *Orchestral Pops Music* includes at least 1 000 new title listings *Orchestral Pops Music A Handbook* is the ideal tool for working conductors and orchestral librarians as well as music program directors at colleges conservatories and orchestras *The Encyclopedia of Film Composers* Thomas S. Hischak, 2015-04-16 For more than a century original music has been composed for the cinema From the early days when live music accompanied silent films to the present in which a composer can draw upon a full orchestra or a lone synthesizer to embody a composition music has been an integral element of most films By the late 1930s movie studios had established music departments and some of the greatest names in film music emerged during Hollywood's Golden Age including Alfred Newman Max Steiner Dimitri Tiomkin and Bernard Herrmann Over the decades other creators of screen music offered additional memorable scores and some composers such as Henry Mancini Randy Newman and John Williams have become household names *The Encyclopedia of Film Composers* features entries on more than 250 movie composers from around the world It not only provides facts about these artists but also explains what makes each composer notable and discusses his or her music in detail Each entry includes Biographical material Important dates Career highlights Analysis of the composer's musical style Complete list of movie credits This book brings recognition to the many men and women who have written music for movies over the past one hundred years In addition to composers from the United States and Great Britain artists from dozens of other countries are

also represented A rich resource of movie music history The Encyclopedia of Film Composers will be of interest to fans of cinema in general as well as those who want to learn more about the many talented individuals who have created memorable scores

Illustrated Method for Flute Sheridan Stokes,Richard Condon,2010-10-07 Unlike many flute books which give long series of exercises but no instruction on how to play the flute the Illustrated Method for Flute uses the resources of language illustration and photography to help you to learn to play the flute quickly and successfully It is based not only on the musical and teaching experience of its authors but also on current research in the physics of sound production in the flute and physiological and anatomical aspects of flute playing Great care was taken to carefully describe the workings of the muscles the breathing aperture the acoustical principles and the common phenomena such as vibrato associated with the flute the Illustrated Method for Flute also includes five brilliantly written etudes and a fingering chart for easy reference

The Oxford Handbook of Music and World Christianities Suzel Ana Reily,Jonathan M. Dueck,2016-03-16 The Oxford Handbook of Music and World Christianities investigates music s role in everyday practice and social history across the diversity of Christian religions and practices around the globe The volume explores Christian communities in the Americas Europe Africa Asia and Australia as sites of transmission transformation and creation of deeply diverse musical traditions The book s contributors while mostly rooted in ethnomusicology examine Christianities and their musics in methodologically diverse ways engaging with musical sound and structure musical and social history and ethnography of music and musical performance These broad materials explore five themes music and missions music and religious utopias and other oppositional religious communities music and conflict music and transnational flows and music and everyday life The volume as a whole then approaches Christian groups and their musics as diverse and powerful windows into the way in which music religious ideas capital and power circulate and change between places now and historically It also tries to take account of the religious self understandings of these groups presenting Christian musical practice and exchange as encompassing and negotiating deeply felt and deeply rooted moral and cultural values Given that the centerpiece of the volume is Christian religious musical practice the volume reveals the active role music plays in maintaining and changing religious moral and cultural values in a long history of intercultural and transnational encounters

Film and Television Scores, 1950-1979 Kristopher Spencer,2014-01-10 Hollywood film scores underwent a supersonic transformation from the 1950s through the 1970s This genre by genre overview of film and television soundtrack music covers a period of tremendous artistic and commercial development in the medium Film and television composers bypassed the classical tradition favored by earlier screen composers to experiment with jazz rock funk and avant garde styles This bold approach brought a rich variety to film and television productions that often took on a life of its own through records and CDs From Bernard Herrmann to Ennio Morricone the composers of the Silver Age changed the way movie music was made used and heard The book contains more than 100 promotional film stills and soundtrack cover art images
