BOOK JACKET **Being Missional, Becoming Missional** Banseok Cho, 2021-12-10 This book explores the theme of the missional conversion of the church namely how the church is transformed toward its missionary vocation from a biblical theological perspective The purpose of this book is to find biblically grounded theologically sound and practically applicable principles helpful for the church which seeks to be continuously shaped into a missional community which authentically and fully participates in God's mission today The biblical theological findings on how the triune God in the biblical narrative shapes the people of God toward their missionary vocation demonstrates first that in Scripture the missional conversion of the church is primarily the consequence of its continuous encounter with the triune God and second that this divine human encounter for the missional conversion of the church is ineluctable in view of the ongoing tension between the missional faithfulness of God in fulfilling the missionary vocation of the church on the one hand and the missional failure of the church

in its missionary vocation on the other hand **The Wild Gospel** Alison Morgan,2012-10-18 A prophetic challenge to the Western church The Christian faith is always subversive to the dominant world view Jesus overturned every assumption which stopped people experiencing the living reality of God the heart of truth Sadly the Western world has reduced truth to the merely rational and then discarded it as inadequate In Africa and other parts of the world where God's truth has never been straitjacketed in this way the church is characterised by a joy now absent in the West Western culture has limited what we can believe and receive Can we Burst free from this restrictive secular framework Learn not only to know truth but to feel it and live it Live our faith in such a way that it becomes real to those around us Alison Morgan shows that Jesus lived free from the culturally imposed norms which restrict our understanding of truth Examining church history prophecy past and present the state of our culture and of the church today and drawing on personal experience and the experience of others Alison blends analysis and imagination history and poetry in this prophetic challenge to Western Christians **The Community of the King** Howard A. from telling to a drawing paradigm It develops biblically the pattern of Jesus who did not give static presentations but rather customized his words to each hearer By learning his ways our words too can have pinpointed impact Christians will discover how to draw out first in order to read their friends and discern the relevant appeal of the gospel In this way the style is far more dynamic It adapts Understanding the non believer s unique starting point will determine a distinct path By creating a conversation about spiritual influence and what is involved in faith formation this book charts ways for Christians to go deeper in evangelistic relationships Most importantly Soul Whisperer infuses skills that will shape a more Christ likened missional disciple
