White,2005 For more than sixty years Roy Rogers and Dale Evans personified the romantic mythic West that Americans cherished Blazing a trail through every branch of the entertainment industry radio film recordings television and even comic books the couple capitalized on their attractive personas and appealed to the nation's belief in family values an independent spirit and community Raymond E White presents these two celebrities in the most comprehensive and inclusive account to date Part narrative part reference this impeccably researched highly accessible survey spans the entire scope of Rogers's and Evans's careers and highlights their place in twentieth century American popular culture In a dual biography he shows how Rogers and Evans carefully husbanded their public image and of particular note incorporated their Christian faith into their performances Testifying to both the breadth and the longevity of their careers the book includes radio logs discographies filmographies and comicographies that will delight historians and collectors alike **Queen: The Complete Works** Georg Purvis,2012-08-28 Clashing together outrageous musical influences and extravagantly visual imagery Queen's place in history as the greatest glam band of them all is rock solid Their fan base continues to grow a decade and a half on from the death of Freddie Mercury Queen's super charismatic front man Georg Purvis's meticulous session by session song by song album by album tour by tour record of the band's progress is the complete reference source that Queen fans have been waiting for If you love the Champions of Rock it's all here The Band detailed insights into Freddie Mercury Brian May Roger Taylor and John Deacon The Albums detailed production history and analysis of every album including solo releases The Sessions in depth coverage from the early days via A Night at the Opera all the way to Made in Heaven The Songs hundreds of individual entries on all the famous recordings as well as obscure unreleased rarities The Tours set lists and histories of every live show The Videos a complete guide to Queen's groundbreaking video work The Movies Flash Gordon and other projects Plus the reunion shows with Paul Rodgers the radio sessions the costumes the parties and much much more **The Queen Chronology (2nd Edition)** Patrick Lemieux,Adam Unger,2018-04-11 REVISED EXPANDED 2ND EDITION The Queen Chronology is a comprehensive account of the studio and live recording and release history of Freddie Mercury Brian May John Deacon and Roger Taylor who joined forces in 1971 as the classic line up of the rock band Queen Years of extensive research have gone into the creation of the Chronology which covers the very beginnings of band members careers their earliest songwriting efforts and recording sessions through the recording and releasing of Queen's 15 original studio albums with their classic line up to the present day solo careers of Brian May and Roger Taylor All of this
