**Community Radio's Amplification of Communication for Social Change** Juliet Fox, 2019-06-27 This book explores how community radio contributes to social change. Community radio remains a unique communication platform under digital capitalism, arguably capable of expanding the project of media democratisation. Yet there is a lack of in-depth analysis of community radio experience and a dearth of understanding of its functionality as an actively transformative tool for greater equity in society. This project combines the theoretical positions of the political economy of communication with a citizen's media perspective in order to interrogate community radio's democratic potential. By presenting case studies of two radio stations in Melbourne and Los Angeles and applying multiple research methods, the book reveals community radio's amplification of media participation, communication rights, counter-hegemony, and media power in effect its distinct regenerative voice.

**Six Minutes in Berlin** Michael J Socolow, 2016-10-14 The Berlin Olympics August 14 1936. German rowers dominant at the Games line up against America's top eight oared crew. Hundreds of millions of listeners worldwide wait by their radios. Leni Riefenstahl prepares her cameramen. Grantland Rice looks past the 75 000 spectators crowding the riverbank. Above it all the Nazi leadership flush with the propaganda triumph the Olympics have given their New Germany await a crowning victory they can broadcast to the world. The Berlin Games matched cutting edge communication technology with compelling sports narrative to draw the blueprint for all future sports broadcasting. A global audience the largest cohort of humanity ever assembled enjoyed the spectacle via radio. This still novel medium offered a liveness a thrilling immediacy no other technology had ever matched. Michael J Socolow's account moves from the era's technological innovations to the human drama of how the race changed the lives of nine young men. As he shows the origins of global sports broadcasting can be found in this single forgotten contest. In those origins we see the ways the presentation consumption and uses of sport changed forever.
