Sound in the Age of Mechanical Reproduction David Suisman, Susan Strasser, 2011-10-11 During the twentieth century sound underwent a dramatic transformation as new technologies and social practices challenged conventional aural experience As a result sound functioned as a means to exert social cultural and political power in unprecedented and unexpected ways The fleeting nature of sound has long made it a difficult topic for historical study but innovative scholars have recently begun to analyze the sonic traces of the past using innovative approaches Sound in the Age of Mechanical Reproduction investigates sound as part of the social construction of historical experience and as an element of the sensory relationship people have to the world showing how hearing and listening can inform people's feelings ideas decisions and actions The essays in Sound in the Age of Mechanical Reproduction uncover the varying dimensions of sound in twentieth century history Together they connect a host of disparate concerns from issues of gender and technology to contests over intellectual property and government regulation Topics covered range from debates over listening practices and good citizenship in the 1930s to Tokyo Rose and Axis radio propaganda during World War II to CB radio culture on the freeways of Los Angeles in the 1970s These and other studies reveal the contingent nature of aural experience and demonstrate how a better grasp of the culture of sound can enhance our understanding of the past

The Citizen Machine Anna McCarthy,2013-03-31 This is the untold political history of television's formative era The author an historian goes behind the scenes of early television programming revealing that producers sponsors and scriptwriters had far more in mind than simply entertaining and selling products Long before the age of PBS leaders from business philanthropy and social reform movements as well as public intellectuals were all obsessively concerned with TV's potential to mold the right kind of citizen After World War II inspired by the perceived threats of Soviet communism class war and racial violence members of what was then known as the Establishment were drawn together by a shared conviction that television broadcasting could be a useful tool for governing The men of Du Pont the AFL CIO the Advertising Council the Ford Foundation the Fund for the Republic and other organizations interested in shaping according to American philosopher Mortimer Adler the ideas that should be in every citizen's mind turned to TV as a tool for reaching

those people they thought of as the masses Based on years of archival work this work sheds new light on the place of television in the postwar American political landscape At a time when TV broadcasting is in a state of crisis and when a new political movement for media reform has ascended the political stage here is a new history of the ideas and assumptions that have profoundly shaped not only television but our political culture itself Sounds of Belonging Dolores Ines Casillas,2014-10-17 How Spanish language radio has influenced American and Latino discourse on key current affairs issues such as citizenship and immigration Winner Book of the Year presented by the American Association of Hispanics in Higher Education Honorable Mention for the 2015 Latino Studies Best Book presented by the Latin American Studies Association The last two decades have produced continued Latino population growth and marked shifts in both communications and immigration policy Since the 1990s Spanish language radio has dethroned English language radio stations in major cities across the United States taking over the number one spot in Los Angeles Houston Miami and New York City Investigating the cultural and political history of U S Spanish language broadcasts throughout the twentieth century Sounds of Belonging reveals how these changes have helped Spanish language radio secure its dominance in the major U S radio markets Bringing together theories on the immigration experience with sound and radio studies Dolores Ines Casillas documents how Latinos form listening relationships with Spanish language radio programming Using a vast array of sources from print culture and industry journals to sound archives of radio programming she reflects on institutional growth the evolution of programming genres and reception by the radio industry and listeners to map the trajectory of Spanish language radio from its grassroots origins to the current corporate sponsored business it has become Casillas focuses on Latinos use of Spanish language radio to help navigate their immigrant experiences with U S institutions for example in broadcasting discussions about immigration policies while providing anonymity for a legally vulnerable listenership Sounds of Belonging proposes that debates of citizenship are not always formal personal appeals but a collective experience heard loudly through broadcast radio Radio's New Wave Jason Loviglio,Michele Hilmes,2013-06-19 Radio's New Wave explores the evolution of audio media and sound scholarship in the digital age Extending and updating the focus of their widely acclaimed 2001 book The Radio Reader Hilmes and Loviglio gather together innovative work by both established and rising scholars to explore the ways that radio has transformed in the digital environment Contributors explore what sound looks like on screens how digital listening moves us new forms of sonic expression radio's convergence with mobile media and the creative activities of old and new audiences Even radio's history has been altered by research made possible by digital and global convergence Together these twelve concise chapters chart the dissolution of radio's boundaries and its expansion to include a wide ranging universe of sound visuals tactile interfaces and cultural roles as radio rides the digital wave into its second century Republic on the Wire John McMurria,2017-02 The history of cable television in America is far older than networks like MTV ESPN and HBO which are so familiar to us today Tracing the origins of cable TV back to the late 1940s media scholar

John McMurria also locates the roots of many current debates about premium television cultural elitism minority programming content restriction and corporate ownership Republic on the Wire takes us back to the pivotal years in which media regulators and members of the viewing public presciently weighed the potential benefits and risks of a two tiered television system split between free broadcasts and pay cable service Digging into rare archives McMurria reconstructs the arguments of policymakers whose often sincere advocacy for the public benefits of cable television were fueled by cultural elitism and the priority to maintain order during a period of urban Black rebellions He also tells the story of the people of color rural residents women s groups veterans seniors and low income viewers who challenged this reasoning and demanded an equal say over the future of television By excavating this early cable history and placing equality at the center of our understanding of media democracy Republic on the Wire is a real eye opener as it develops a new methodology for studying media policy in the past and present

Radio and Women's Empowerment in Francophone West Africa Emma Heywood, 2023-12-28 This open access book breaks new ground by examining the significant role played by radio in empowering women in three Francophone West African countries Mali Niger and Burkina Faso It examines the representation and perception of key themes broadcast by radio and associated with women s empowerment in the three countries Each chapter contextualises a specific topic in the country and then explores discrete aspects of radio s provision The topics covered in the chapters are women s political engagement women and finances women and life within marriage inheritance women s involvement in radio structures and radio internally displaced women and trauma Given the social economic and political vulnerability and deteriorating security situation of the three countries this book provides a timely and meaningful contribution to acknowledging and understanding the vital role of radio in women s empowerment [Saving the](#)

[News](#) Martha Minow, 2021 In Saving the News Martha Minow takes stock of the new media landscape She focuses on the extent to which our constitutional system is to blame for the current parlous state of affairs and on our government s responsibilities for alleviating the problem She further outlines an array of necessary reforms including a new fairness doctrine regulating digital platforms as public utilities using antitrust authority to regulate the media policing fraud and more robust funding of public media *Radio's Hidden Voice* Hugh Richard Sloten, 2009 A detailed study of American

public radio s early history [World War II and the Cold War](#) Martin J. Medhurst, 2018-09-01 This volume examines crucial moments in the rhetoric of the Cold War beginning with an exploration of American neutrality and the debate over entering World War II Other topics include the long distance debate carried on over international radio between Hitler and Franklin D Roosevelt understanding and interpreting World War II propaganda domestic radio following the war and the use of Abraham Lincoln narratives as vehicles for American propaganda the influence of foreign policy agents Dean Acheson Paul Nitze and George Kennan and the rhetoric of former presidents John F Kennedy and Ronald Reagan Ultimately this volume offers a broad based look at the rhetoric framing the Cold War and in doing so offers insight into the political climate of today
