In describing the till I remarked that the irregular manner in which the stones were scattered through that deposit imparted to it a confused and tumultuous appearance The clay does not arrange itself in layers or beds but is distinctly unstratified The material consisted of earth gravel and stones and also in some places broken trunks or branches of trees Part of it was deposited in a pell mell or unstratified condition during the progress of the period and part either stratified or unstratified in the opening part of the next period when the ice melted **Ragnarok** Ignatius Donnel,2020-04-14

*Genius of Ignatius Donnelly* Zachary Michael Jack,2024-09-15 The Strange Genius of Ignatius Donnelly sheds light on the inimitable life of a neglected figure in US political and literary history The father of American Populism lieutenant governor of Minnesota People s Party candidate for vice president popularizer of the Shakespeare authorship controversy proponent of the Atlantis theory and author of bestselling speculative fictions Ignatius Donnelly 1831 1901 positively defies categorization Called a crank and a pseudoscientist by some and a genius by others Donnelly broke all the rules When skeptics said he was too green for politics he got elected Minnesota s youngest ever lieutenant governor When they said a politician who prized

his Irish heritage could never ascend to national office in a state dominated by conservative Scandinavians he proved his critics wrong again As Zachary Michael Jack shows in the latter half of Donnelly s remarkable life he generated more fame and infamy than he had as a combative congressman In an uncanny reversal of the usual midcareer doldrums Donnelly turned political defeat into an opportunity for personal and professional reinvention remaking himself as a visionary author and a champion of people first third party politics The man known by enemies and friends alike as the Sage of Nininger pushed through poverty and ignominious defeat to introduce the masses to surprising theories about ancient civilizations world ending comets and cryptograms purported to reveal the true authorship of Shakespeare s plays At root The Strange Genius of Ignatius Donnelly reveals the story of a man unafraid to speak truth to power consequences be damned **The Destruction of Atlantis** Ignatius Donnelly, 1888-06-01 Companion volume to Donnelly s earlier work Atlantis The Antediluvian World this book first published in 1883 is the fruit of impressive research careful original thought and extraordinary insight into the cosmic aspects of the nature of cataclysms like those of the last days of Atlantis Comprehending the spiritual impulses of the past can help us develop a new attitude of soul today
