**Rails of the Silver Gate** Richard V. Dodge,1975      Explorations and Entanglements Hartmut Berghoff, Frank Biess, Ulrike Strasser, 2018-11-16 Traditionally Germany has been considered a minor player in Pacific history its presence there was more limited than that of other European nations and whereas its European rivals established themselves as imperial forces beginning in the early modern era Germany did not seriously pursue colonialism until the nineteenth century Yet thanks to recent advances in the field emphasizing transoceanic networks and cultural encounters it is now possible to develop a more nuanced understanding of the history of Germans in the Pacific The studies gathered here offer fascinating research into German missionary commercial scientific and imperial activity against the backdrop of the Pacific s overlapping cultural circuits and complex oceanic transits      **Empire Builder** Sandra E. Bonura, 2022-12 Empire Builder is the previously untold story of John D Spreckels the pioneer who almost singlehandedly built San Diego after creating empires in sugar shipping transportation and building development up and down the coast of California and across the Pacific      *San Diego Trolleys* Douglas W. Mengers, 2017-09-04 Starting with the first horse drawn trolleys introduced by the San Diego Streetcar Company in 1886 San Diego s history included the growth and decline of several trolley systems After electricity arrived San Diego was the site of early experimentation for electric trolleys on the West Coast and home to a short lived cable car system In the 1890s sugar baron John D Spreckels purchased these failed lines and consolidated them into the San Diego Electric Railway This railway expanded rapidly leading to the development of new trolley suburbs at the turn of the century including North Park Normal Heights and Mission Beach Ridership waned with the Depression and the introduction of autobuses and though it temporarily rose during the war years this decline led to the dismantling of the trolley system in April 1949      California Vieja Phoebe S. Kropp, Phoebe Schroeder Kropp Young, 2008-08-19 This is a rich and learned volume that has a story to tell to those seeking to understand contemporary Southern California David Johnson managing editor of the Pacific Historical Review Engagingly written and well researched California Vieja is an intriguing persuasive examination of the politics of memory and the built environment in southern California Vicki Ruiz author of *From Out of the Shadows Mexican Women in Twentieth Century America*      **San Diego Yesterday** Richard W. Crawford, 2013-05-28 San Diego today is a vibrant and bustling coastal city but it wasn t always so The city s transformation from a rough hewn border town and frontier port to a vital military center was marked by growing pains and political clashes Civic highs and criminal lows have defined San Diego s rise through the nineteenth and twentieth centuries into a preeminent Sun Belt city Historian Richard W Crawford recalls the significant events and one of a kind characters like benefactor Frank Booze Beyer baseball hero Albert Spalding and novelist Scott O Dell Join Crawford for a collection that recounts how San Diego yesterday laid the foundation for the city s bright future      Frank Lloyd Wright, Louis Sullivan, and the Skyscraper Donald Hoffmann, 1998-01-01 This profusely illustrated work offers abundant insights into the early development of the skyscraper
