**Povel** Geraldine Kim, 2005 Povel is a compulsive reading and writing experience a fantastic extended excursion into the mind and life in words of Geraldine Kim a young first generation Korean American woman born into the most modern of all situations the end of the 20th century in a small town in New England whence she launches herself through venues urban and cerebral academic and commercial The book length poem s stream of consciousness is trained and leashed and its form is strictly if arbitrarily regulated by another of our most modern conveniences the justified stanza which
