Rainbow Dancers:

Playdance Studio Marianne Quigley Gaulkin, 2011-05-27 This is a revolutionary story about a school with no teachers. The students are in charge. The dance school is operated by the students. Their love of dance and their creativity along with a magical dance studio creates an exciting atmosphere where anything is possible and the unexpected happens. Playdance Studio is a book where children can use their imagination in this special place where creativity and dreams create a magical world.

Dancing Gods Erna Fergusson, 1988-04-01 One of the most remarkable features of life in the Southwest is the presence of Native American religious ceremonies in communities that are driving distance from Sunbelt cities. Many of these ceremonies are open to the public and *Dancing Gods* is the best single reference for visitors to dances at the Rio Grande Pueblos, Zuni Pueblo, the Hopi Mesas, and the Navajo and Apache reservations. Fergusson's classic guide to New Mexico and Arizona Indian ceremonies is once again available in print. It offers background information on the history and religion of the area's Native American peoples and describes the principal public ceremonies and some lesser-known dances that are rarely performed. Here is information on the major Pueblo rituals: the Corn Dance, Deer Dance, and Eagle Dance, as well as various dances at Zuni, including the complicated Shalako. Fergusson also describes the Hopi bean planting and Niman Kachina ceremonies, in addition to the Snake Dance, the Navajo Mountain Chant and Night Chant, and several Apache ceremonies. Still the best of all books about the Indian ceremonials of New Mexico and Arizona, perceptive and simple, reverent and lucid.

A HISTORY OF ANCIENT CHINESE MUSIC AND DANCE Wang Ningning, 2019-11-04. Landow,2014-08-01 First published in 1982 Images of Crisis explores the premise that literature and art exploit various images to present culturally prevalent ideas and thus create their own form of iconology George Landow shows how the tumultuous history of the past two hundred years has resulted in a plethora of metaphors associated with moments of human crisis Avalanches and volcanoes emerge as focal images in an aesthetic that concerns itself increasingly with the vulnerability of humanity However it is in the transformation of traditional religious images that the ideas of the vacant universe are most dramatically presented Associated with this central idea are ironic transformations of other images that formerly had been associated with Christianity as paradigms of belief the journey of Odysseus the rainbow of the Covenant and Robinson Crusoe Combining close textual analysis with a theory of literary iconology this fascinating reissue will be of particular value to students with an interest in literary images and literary and cultural history
