attentive to the issues of globalization and migration which provide a general frame for interpretation What distinguishes the volume from existing books is its concern with travel and migration as ways of forging transcultural identities that are able to subvert existing categorizations and binary models of identity formation In so doing it pays particular attention to the performance of identity in various spaces of cultural encounter ranging from North America to the East of Europe putting particular emphasis on the representation of intercultural and ethnic encounters Remigration to Post-Socialist Europe Caroline Hornstein Tomic, Robert Pichler, Sarah Scholl-Schneider, 2018 Returning migrants have been involved in post socialist transformation processes all across Eastern and Southeastern Europe Engaged in politics the economy science and education arts and civil society return migrants have often exerted crucial influence on state and nation building processes and on social and cultural transformations However remigration not only comprises stories of achievements but equally those of failed integration marginalization non participation and lost potential these are mostly stories untold The contributions to this volume shed light on processes of return migration to various Eastern and Southeastern European countries from multidisciplinary perspectives Particular attention is paid to anthropological approaches that aim to understand the complexities of return migration from individual perspectives History Behind the Headlines ,2002 Provides background information on long term ethnic religious political territorial and economic conflicts between nations today **Unexpected Encounters** Francesco Vietti, 2024-09-01 Exploring the intersections between migration and tourism in the Mediterranean this book is the result of extensive ethnographic research carried out over a decade in the Mediterranean regions It focuses on three interrelated themes the experiences of homecoming migrants who visit their country of origin for holidays the inequalities surrounding the encounters between local people tourists and migrants in borderlands and how migration and tourism affect cultural heritage in European cities The book shows how interconnected mobilities play a crucial role in boosting the global dynamics of cultural social economic and political transformation in the Mediterranean *The Publishers Weekly* ,1997 *Index to Jewish Periodicals* ,1998 An author and subject index to selected and American Anglo Jewish journals of general and scholarly interests
