Return Of Felix Nogara:

The Return of Felix Nogara Pablo Medina, 2002-03-01 The dictator is dead and suddenly the exiles can return So begins Pablo Medina's most compelling work to date a novel set on Barata the imaginary Caribbean island not unlike Cuba Sent to the United States at the age of twelve Felix Nogara has remained attached to his native land through dissident fellow exiles and through his family legacy Thirty eight years later he returns and with a wise and sardonic cab driver as his guide he travels through the ruined landscape to recover his lost history his lost happiness Returning to Barata was like going back to Eden It was like showing God who was really in control With wit imagination and visionary insight Medina takes the reader to an island in chaos in order to explore the deepest regions of an exile's heart

Impossible Returns Iraida H. Lopez, 2018-03-19 In this one of a kind volume Iraida Lopez explores various narratives of return by those who left Cuba as children or adolescents Including memoirs semi autobiographical fiction and visual arts many of these accounts feature a physical arrival on the island while others depict a metaphorical or vicarious experience by means of fictional characters or childhood reminiscences As two way migration increases in the post Cold War period many of these narratives put to the test the boundaries of national identity Through a critical reading of works by Cuban American artists and writers like Mar a Brito Ruth Behar Carlos Eire Cristina Garc a Ana Mendieta Gustavo Prez Firmat Ernesto Pujol Achy Obejas and Ana Mendez Lopez highlights the affective ties as well as the tensions underlying the relationship between returning subjects and their native country Impossible Returns also looks at how Cubans still living on the island depict returning migrants in their own narratives addressing works by Jes s D az Humberto Sol s Carlos Acosta Nancy Alonso Leonardo Padura and others Blurring the lines between disciplines and geographic borders this book underscores the centrality of Cuba for its diaspora and bears implications for other countries with widespread populations in exile

One Island, Many Voices Eduardo R. del Rio, 2022-04-12 Cuban American writers have been studied primarily within the context of Latino literature as a whole Seeing a need to distinguish and define this unique literary perspective Eduardo del Rio selected twelve important well known authors and conducted interviews He chose writers who were born in Cuba but have lived in the United States for a significant amount of time and whose works include themes he considers elemental to Cuban American literature identity duality memory and exile But rather than a cohesive homogeneous group these conversations unveiled a kaleidoscope of individuality style and motive The authors bonds to Cuba inform their creative work in vastly different ways and attempts to categorize their similarities only highlight the range of character and experience within this assemblage of talented writers From playwright Dolores Prida to author and literary critic Gustavo Prez Firmat these voices run the gamut of both genre and personality In addition to the essential facts of literary accomplishment the interviews include a wealth of insight into each writer's history motivations concerns and relationship to language These personal details serve to humanize and illuminate the unique circumstances and realities that have shaped both the authors and their work What del Rio has

ultimately brought together is a series of intimate sketches that will not only serve as an important reference for any discussion of the literature but will also help readers to develop for themselves a sense of what Cuban American writing is and what it is not

The Cigar Roller Pablo Medina, 2007-12-01 The celebrated Cuban American poet and novelist offers a fine portrait of a hedonist and a cad set in the Cuban expatriate community in Florida The New York Times Pablo Medina s The Cigar Roller recounts the life of Cuban master cigar roller Amadeo Terra A proud and capricious man tobacco has been the center of his life the source of his passion Though he committed many sins in his time he was always forgiven due to his considerable talents with the leaves An imperious patriarch of enormous appetites Amadeo now lies in a Florida hospital after suffering a stroke And only now does he finally look back at his previously unexamined life One day his nurse feeds him mango from a baby food jar a change from the tasteless mush he frequently rejects and the taste brings memories of his life in Havana flooding back to him He recalls his turbulent passionate relationship with his wife Julia his numerous romantic transgressions the three sons he s kept at a distance the political strife that forced his family to relocate from Cuba to Florida and finally the tragedy that he s kept locked away all these years The Cigar Roller is an evocative snapshot of an era gone up in smoke and a portrait of a once robust man who at the end of his imperfect life clamors for a quotient of dignity and grace as he comes to terms with his regrets

Detroit Free Press *Cuban American Fiction in English* Delores M. Carlito, 2005-05-25 Among Hispanic literatures Cuban American fiction is unique because of the Cuban American disposition to regard themselves as exiles rather than immigrants Many Cuban Americans have never been to Cuba and therefore must rely on the memories of those around them to draw conclusions about it These writers have grown up with English as their primary social language and feel more comfortable using English in their writing Until now no listing or bibliography has ever been compiled of Cuban American fiction written in English or its criticism As more works by Cuban Americans are being published every year a resource for such titles has become necessary The body of literature needs a publication that addresses the works of Cuban American authors for those who want an introduction to the subject more general knowledge about the topic or a more solid foundation from which to research it This is the first comprehensive work to address Cuban American fiction originally written in English It contains listings and annotations of all novels anthologies and short story collections written by the first and second generations of Cuban Americans This work also possesses listings and annotations of all secondary works that focus on this fiction Works begin in 1963 with *A Wake in Ybor City* by Jose Yglesias and run well into the first decade of the 21st century
