Return To Reality:

Returning to Reality Phillip M. Thompson, 2012-11-14 This book synthesizes the diverse reflections on technology by monk and spiritual writer Thomas Merton to develop a compelling contemplative critique of the threats and challenges of nuclear war communication technologies and biotechnologies that may alter what it means to be human At the core of his critique Merton opposes a technological mentality that favors processes of efficiency and utility at the expense of our ultimate purpose a quest for the wisdom to guide us to the divine source of our being and reality To counter this modern idolatry Merton's insights offer a path of reflection balance and community More specifically Merton offers some constructive approaches and healing possibilities through a balanced approach to work a careful and intentional managing of technology and an accessing of the recuperative dimensions of nature In its conclusion the book brings the insights of these chapters together for a final reflection on how to maintain our humanity and our spiritual integrity in a technological world

Virtual, Augmented and Mixed Reality. Industrial and Everyday Life Applications Jessie Y. C. Chen, Gino Fragomeni, 2020-07-10 The 2 volume set of LNCS 12190 and 12191 constitutes the refereed proceedings of the 12th International Conference on Virtual Augmented and Mixed Reality VAMR 2020 which was due to be held in July 2020 as part of HCI International 2020 in Copenhagen Denmark The conference was held virtually due to the COVID 19 pandemic A total of 1439 papers and 238 posters have been accepted for publication in the HCII 2020 proceedings from a total of 6326 submissions The 71 papers included in these HCI 2020 proceedings were organized in topical sections as follows Part I design and user experience in VAMR gestures and haptic interaction in VAMR cognitive psychological and health aspects in VAMR robots in VAMR Part II VAMR for training guidance and assistance in industry and business learning narrative storytelling and cultural applications of VAMR VAMR for health well being and medicine Values of Our Times Deshun Li, 2013-06-01 Philosophers have gradually accepted axiology as one branch of philosophy As a basic category belonging to axiology and philosophy value is the general abstraction of concrete value formation in various fields including utility ethics and appreciation of the beauty The problem of value is essentially a problem of historical activities of practice in human society The axiology based on the scientific practice view insists on the principle of unification between theory and practice truth and value In research of axiology the relation between subjectivity and objectivity of values is a problem that must be solved in the first place The modern conversation of value philosophy is the academic and practical demands of the value philosophy research in China Value evaluation is an important part of the axiology In order to deepen the research of value philosophy and to promote the development of current value philosophy we must have scientific mode of thinking suitable for the nature of value It is the base of value relation the origin of value needs the process of value creation and actualization and the fundamental way to proving ones value as a human being Pro Android Augmented Reality Raghav Sood, 2012-09-08 Augmented reality AR offers a live direct or indirect view of a physical real world environment where the

elements and surroundings are augmented by computer generated sensory input such as graphics and GPS data It makes a game more real Your social media app puts you where want to be or go Pro Android Augmented Reality walks you through the foundations of building an augmented reality application From using various software and Android hardware sensors such as an accelerometer or a magnetometer compass you ll learn the building blocks of augmented reality for both marker and location based apps Case studies are included in this one of a kind book which pairs nicely with other Android development books After reading Pro Android Augmented Reality you ll be able to build augmented reality rich media apps or integrate all the best augmented reality into your favorite Android smartphone and or tablet China's Reality And Global Vision: Management Research And Development In China Siwei Cheng,Cunjun Zhao,Xiaohong Chen,Yong Shi,2011-12-23 This unique book presents the contemporary achievements in management research and managerial practice of Chinese enterprises Featuring a collection of keynote and plenary speeches by well known international scholars and CEOs of multinational and national corporations this book puts forth their solutions to management challenges from both China s reality and global concerns Comprehensively discussed and examined the various topics being broached are strategic management organizational behaviors accounting and finance management science information and technology management as well as innovations This book not only highlights the cutting edge findings of management research in China but is also a reflection of the changes of management theory and applications in the face of China s economic reform and open door policy hence making it a useful resource for readers interested in China s management and economic development Energy and the New Reality 2 Leslie Daryl Danny Harvey,2010 Reducing and managing humanity s demand for energy is a fundamental part of the effort to mitigate climate change This comprehensive text lays out the theory and practice of how things must change if we are to meet our energy needs sustainably **PLOTINUS Ennead V.1 On the Three Primary Levels of Reality** Eric D Perl,2015-12-23 Plotinus Treatise V 1 comes closer than any other to providing an outline of his entire spiritual and metaphysical system and as such it may serve to some degree as an introduction to his philosophy It addresses in condensed form a great many topics to which Plotinus elsewhere devotes extended discussion including the problem of the multiple self eternity and time the unity in duality of intellect and the intelligible and the derivation of intelligible being from the One Above all it shows that the so called three hypostases soul intellect and the One are best understood not as a sequence of three things additional to one another but as three levels of possession of the same content so that each lower level soul in relation to intellect and intellect in relation to the One is an image and expression of its superior Plotinus exhorts the human soul to overcome its alienation from its own true nature and its divine origin by first recognizing itself as superior to the body and the same in kind as the animating principle of the entire cosmos and then discovering within itself the still higher levels of reality from which it derives intellect and ultimately the One or Good the supreme first principle of all things To do so the soul must redirect its attention inward and upward to become aware of the divinity which is always within it but

A Theology of the Jewish-Christian Reality Paul Matthews Van Buren, 1995 This is the first and most referred to Christian systemic theology to make clear for the Church the relevance of the continuing existence of the Jewish people to every aspect of its theology The three volumes set out to correct a major and central deficiency in the field that the continuing existence of Israel the people of God and the people of Jesus whose ancestors produced by far the largest part of the Church's Bible and who have lived by the covenant of those Scriptures through the ages has been either ignored or treated negatively A Theology of the Jewish Christian Reality continues to stimulate fresh thinking about the foundations for responsible theological reflection This second volume makes an original contribution to the Church's theology by drawing on the insights and discoveries of Jewish thought and life Van Buren argues that God's election of the Jewish people as his witnesses remains in force and calls the Church to listen to that witness I Originally published in 1983 by Harper and Row Publishers **Law and Reality** Mathilde Sumampouw, L.A.N.M. Barnhoorn, Judith A. Freedberg-Swartzburg, J.J.M. Tromm, J.A. Wade, 2023-11-27 The contributions in this Liber Amicorum deal with questions of procedural law in an international context They cover not only problems of international civil procedure and international arbitration but also questions of administering justice in the domestic civil and criminal law contexts as well as in the fields of public international law and European Law As will be clear from the list of authors these topics are dealt with in an outstanding manner quality needs no praise
