## **Revelation And Religion:**

*Revelation and Religion* Herbert Henry Farmer,1981      **Revelation and Reason: The Christian Doctrine of Faith and Knowledge** Emil Brunner,1946      **The Book of Revelation: a New Beginning** Terry L Newbegin,2011-03-23 The Book of Revelation A New Beginning contains the hidden secrets of Saint Johns Revelation and as you know it is one of the most debated and most difficult books of all the scriptures to read and understand because of the extreme symbolism tied to it Man has always assumed the word of Gods prophets and their stories were indisputable just because of their eminence in interpreted them as being true Man has forgotten the history of himself Earth God the origin of the universe and how the scriptures have been documented interpreted and strictly passed down by our ancestors and religious leaders As symbolic as Revelation is it has nothing to do with the end days or even about a solitary Anti Christ as we understand it nor is it about Jesus coming to save you In truth Saint Johns Revelation is your own guide showing you that you no longer need to look at yourself as a sinner because you have bared your cross like Jesus and now the time has come for you to ascend to a higher state of Mind The book of Revelation A New Beginning is a book that will help open the gates of your soul memories so you can become aware of your own divineness and that you are a God too My fellow Gods what is coming to an end is the old ways of perceiving and understanding God It is not that God is a mystery It is you that is the mystery and when fear is resolved within you are then ready to open up to the hidden secrets behind the Book of Revelation that religions have kept as a secret for thousands of years either on purpose or because of ignorance      **Revelation** Richard Swinburne,2007-07-26 The great religions often claim that their books or creeds contain truths revealed by God How could we know that they do In the second edition of Revelation renowned philosopher of religion Richard Swinburne addresses this central question But since the books of great religions often contain much poetry and parable Swinburne begins by investigating how eternal truth can be conveyed in unfamiliar genres by analogy and metaphor within false presuppositions about science and history In the final part of the book Swinburne then applies the results of Parts I and II to assessing the evidence that the teaching of the Christian Church constitutes a revelation from God In the course of his philosophical exploration Swinburne considers how the church which Jesus founded is to be identified today and presents a sustained discussion of which passages in the Bible should be understood literally and which should be understood metaphorically This is a fuller and entirely rewritten second edition of Revelation the most notable new feature of which is a long chapter examining whether traditional Christian claims about personal morality divorce homosexuality abortion etc can be regarded as revealed truths A formal appendix shows how the structure of evidence supporting the Christian revelation can be articulated in terms of the probability calculus and shows that Plantinga s well known argument from dwindling probabilities against probabilistic arguments of this kind is not cogent      Revelation and the Religions Avery Dulles,1999      *Revelation and Religion* Herbert Henry Farmer,1961      *The Philosophy of Revelation* Herman Bavinck,2003-10-09 In addition to exegetical biblical and systematic

theology there is room also for a philosophy of revelation which will trace the idea of revelation both in its form and in its content and correlate it with the rest of our knowledge and life writes the author one of the most distinguished Reformed theologians of the twentieth century Theological thought has always felt the need of such a science Thus Philosophy of Revelation first published in 1909 is part of the same discipline and heritage as James Orr s The Christian View of God and the World 1893 and Gordon Clark s A Christian View of Men and Things 1952 Bavinck deals with the relationship between revelation and in chapters 2 3 philosophy 4 nature 5 history 6 religion 7 Christianity 8 religious experience 9 culture and 10 the future He contends that the word cannot be explained without God that the natural and social sciences presuppose metaphysics and that none of the subjects under consideration here is intelligible or meaningful apart from special revelation

*The Concept of Revelation in Judaism, Christianity and Islam* Georges Tamer,2020-05-05 The idea that God reveals himself to human beings is central in Judaism Christianity and Islam but differs in regard of content and conceptualization The first volume of the new series Key Concepts in Interreligious Discourses points out similarities and differences of revelation KCID aims to establish an archeology of religious knowledge in order to create a new conceptual platform of mutual understanding among religious communities Erratum Wenzel Maximilian Widenka is co author of the epilogue pp 195 206
