Revelation Of Life Eternal An Introduction To The Christian Message:

Revelation of Life Eternal Nikolai Sergeevich Arsen'ev, 1960 *Christian-Muslim Dialogue* Heidi Hirvonen, 2012-11-09

Lebanon is a significant region of encounter between Muslims and Christians in the Middle East This book examines how Christian Muslim dialogue is envisioned by four present day Lebanese thinkers Great Ayatollah Muhammad Husayn Fadlallah and Doctor Mahmoud Ayoub from the Shiite tradition and Metropolitan Georges Khodr and Doctor Father Mouchir Basile Aoun from the Eastern Christian Antiochian tradition The study seeks to bring the four thinkers into dialogue on a number of topics including doctrinal themes ethical principles and the issue of political power sharing in Lebanon All four thinkers make several suggestions for facilitating mutual understanding and transcending old debates The concept of God and the principle of neighbourly love seem to have particular potential as fruitful bases for further dialogue *Modern Orthodox Theology* Paul Ladouceur, 2019-02-21 Modern Orthodox theology represents a continuity of the Eastern Christian theological tradition stretching back to the early Church and especially to the Ancient Fathers of the Church This volume considers the full range of modern Orthodox theology The first chapters of the book offer a chronological study of the development of modern Orthodox theology beginning with a survey of Orthodox theology from the fall of Constantinople in 1453 until the early 19th century Ladouceur then focuses on theology in imperial Russia the Russian religious renaissance at the beginning of the 20th century and the origins and nature of neopatristic theology as well as the new theology in Greece and Romania and tradition and the restoration of patristic thought Subsequent chapters examine specific major themes God and Creation Divine humanity personhood and human rights The Church of Christ Ecumenical theology and religious diversity The Christification of life Social and Political Theology The Name of God conflict The ordination of women The volume concludes with assessments of major approaches of modern Orthodox theology and reflections on the current status and future of Orthodox theology Designed for classroom use the book features case studies a detailed index a list of recommended readings for each chapter **From the Ancient Near East to Christian Byzantium** Mario Baghos, 2021-03-11 This book combines concepts from the history of religions with Byzantine studies in its assessments of kings symbols and cities in a diachronic and cross cultural analysis The work attests firstly that the symbolic art and architecture of ancient cities commissioned by their monarchs expressing their relationship with their gods show us that religiosity was inherent to such enterprises It also demonstrates that what transpired from the first cities in history to Byzantine Christendom is the gradual replacement of the pagan ruler cult which was inherent to city building in antiquity with the ruler becoming subordinate to Christ exemplified by representations of the latter as the Master of All Pantokrator Beginning in Mesopotamia the book continues with an analysis of city building by rulers in Egypt Greece and Rome before addressing Judaism specifically the city of Jerusalem and Christianity as shifting the emphasis away from pagan gods and rulers to monotheistic perceptions of God as elevated above worldly kings It concludes with an assessment of Christian Rome and Constantinople as typifying the evolution from the

ancient and classical world to Christendom **Religious Books and Serials in Print 1978-1979** R.R. Bowker Company.
