Revelations And Story Narrative Theology And The Centrality Of Story:

Revelation and Story Gerhard Sauter, John Barton, 2000 *Revelation and Story* explores the relationship between the theology of revelation and the theology of story or narrative theology Mediating between German systematic theology's concern for revelation and current Anglo Saxon interest in narrative theology and centrality of story this book illuminates both traditions Exploring revelation and story from both theological and philosophical perspectives this book connects these concepts with questions of the authority of religious and literary texts particularly the Bible Stanley Hauerwas contributes the Foreword This book offers a valuable new contribution to systematic theology hermeneutics and the study of the authority of Scripture as well as presenting insights into important overlaps between British and German theology This book will be of particular interest to scholars and students of philosophy and theology and to students of literature and literary theory with an interest in hermeneutics

Revelations and Story Gerhard Sauter, John Barton, 2018-02-06 This title was first published in 2000 From the work of Hegel and Schelling to the dialectical theology of Barth Bultmann and Gogarten Revelation has developed a long rich tradition of diverse thought as well as many misunderstandings Meaning first and foremost God's encounter with those to whom God wishes to communicate God's own self Revelation seeks to be recounted and communicated to others As a theological expression Revelation aims to direct our attention to the modes and areas in which we have a basis for expecting encounter with God through stories nature the world as creation From a rediscovered emphasis on story narrative theology has emerged a concept the English speaking world has welcomed for its neutrality between history and imaginative fiction and stress on narrative rather than doctrinal dimension of biblical text This volume brings into relationship a concern with theology of revelation and an interest in the theology of story or narrative theology

Human Experience and the Triune God Bernhard Nausner, 2008 The overarching aim of this work is to develop a new account of the doctrine of the Trinity The author proposes that such an approach is overdue because contemporary trinitarian theology pays insufficient attention to the fact that theology as linguistic discourse is inescapably embedded in human experience Hence the critical analysis of existing trinitarian constructions Gunton LaCugna Moltmann is impressively sharp In response Nausner develops an interstitial methodology working between experience and revelation refusing both revelational and experiential positivisms In dialogue with contemporary novels the human sciences Frankl Weizsäcker philosophy Levinas and biblical narratives he offers an imaginative original and contemporary way of conceiving the doctrine of the Trinity in relation to human life

The New Testament and the Theology of Trust Teresa Morgan, 2022-06-16 This study argues for the recovery of trust as a central theme in Christian theology and offers the first theology of trust in the New Testament Trust is the root meaning of Christian faith *pistis fides* and trusting in God and Christ is still fundamental to Christians But unlike faith and other aspects of faith such as belief or hope trust is little studied Building on her ground breaking study *Roman Faith and Christian Faith* and drawing on the philosophy and psychology of trust Teresa Morgan explores the significance of trust trustworthiness faithfulness and entrustedness in New Testament writings Trust between God Christ and humanity is revealed as a risky dynamic forward looking life changing partnership God entrusts Christ with winning the trust of humanity and bringing humanity to trust in God God and Christ trust humanity

to respond to God's initiative through Christ and entrust the faithful with diverse forms of work for humanity and for creation. Human understanding of God and Christ is limited and trust and faithfulness often fail but imperfect trust is not a deal breaker. Morgan develops a new model of atonement showing how trust enables humanity's release from the power of both sin and suffering. She examines the neglected concept of propositional trust and argues that it plays a key role in faith. This volume offers a compelling vision of Christian trust as soteriological, ethical and community forming. Trust is both the means of salvation and an end in itself because where we trust is where we most fully live. Within the Love of God Anthony Clarke, Andrew Moore, 2014. David C Parker looks at how new methodology changes what an edition is for and how we use it using the example of the New Testament texts. **A Radical Pluralist Philosophy of Religion** Mikel Burley, 2020-01-23. This book is a unique introduction to studying the philosophy of religion drawing on a wide range of cultures and literary sources in an approach that is both methodologically innovative and expansive in its cross-cultural and multi-religious scope. Employing his expertise in interdisciplinary and Wittgenstein-influenced methods, Mikel Burley draws on works of ethnography and narrative fiction including Dostoevsky's *The Brothers Karamazov* and Soyinka's *Death and the King's Horseman* to critically engage with existing approaches to the philosophy of religion and advocate a radical pluralist approach. Breaking away from the standard fixation on a narrow construal of theism, topics discussed include conceptions of compassion in Buddhist ethics, cannibalism in mortuary rituals, divine possession and animal sacrifice in Hindu Goddess worship and animism in indigenous traditions. Original and engaging, Burley's synthesis of philosophical, anthropological and literary elements expands and diversifies the philosophy of religion, providing an essential introduction for anyone interested in studying the radical plurality of forms that religion takes in human life. The Word John Barton, 2023-05-02. From a distinguished Oxford scholar and the author of *A History of the Bible*, an examination of how biblical translation works and why it matters. Throughout history, most Jewish and Christian believers have understood scripture not in the languages in which it was first written but rather in their own, in translation. In *The Word*, acclaimed Bible scholar John Barton explores how saints and scholars have negotiated the profound challenges of translating the Bible while remaining faithful to the original. In addition to considering questions of literal versus free translation, literary style, inclusive language and more, Barton draws out scriptural translation's role at critical junctures in religious history. Far from a mere academic exercise, biblical translation has shaped how we answer faith's most enduring questions about the nature of God, the existence of the soul and the possibility of salvation.
