Soviet Security and Intelligence Organizations 1917-1990 Michael Parrish, 1992-01-30 One of the hallmarks of the Soviet system was its heavy reliance on internal and foreign security and intelligence organizations Not surprisingly given the secrecy surrounding Soviet efforts in these areas no biographical reference tools and few bibliographies have been published to date In this context Michael Parrish's work is a unique undertaking In the first section to the volume biographies are provided on some 4 000 officials in senior and mid level positions who had served in Cheka NKVD RFSFR GPU KGB and other organizations Also included are officials of the Committee for State Control formerly Ministry of State Control and before that Commissariat of Workers and Peasants Inspection Prominent political personalities with earlier ties to security services such as N A Bulganin are listed even though such service formed only a brief part of their careers Others listed include party officials such as A A Kuznetsov who at different times served as the Party's watchdog of security organs Also included because of their close association with repression and security organs are members of Stalin's inner circle The second part of the volume is a survey of books in English published between 1917 and 1990 which related to Soviet security and intelligence organizations This is followed by a biographical addendum a glossary of terms and material showing the development of Soviet security organizations No one concerned with current intelligence issues and the role of security organizations in Soviet life can ignore this volume **Historical Dictionary of Russian and Soviet Foreign Policy**

Norman E. Saul, 2014-12-16 The conduct of the foreign relations of the Russian state in its several contexts Kiev Rus Muscovy Russian Empire Provisional Government Union of Soviet Socialist Republics and Russian Federation were unique in its
