New Formalisms and Literary Theory V. Theile, L. Tredennick, 2013-04-11 Bringing together scholars who have critically followed New Formalism's journey through time space and learning environment this collection of essays both solidifies and consolidates New Formalism as a burgeoning field of literary criticism and explicates its potential as a varied but viable methodology of contemporary critical theory *Aesthetic Theory Across the Disciplines* Max Ryyänen, Zoltán

Somhegyi, 2023-11-13 What is aesthetics How is it related to other disciplines The chapters of this book examine the history theoretical conditions and connection points between aesthetics and other disciplines At the same time the authors are also interested in practical clashes of methodology and agenda especially when it is not merely about the securing of the position of one or the other discipline but is used in a dialogical manner as the form of understanding better the nature of both as well as the benefits of their collaboration The authors work on the border of aesthetics and at least one other academic field Through their regular scholarly activities the contributors constantly benefit from cross and interdisciplinary practice and this makes them ideal interpreters of these methodological questions Contributors include Mami Aota Karl Axelsson Paul Duncum Lisa Giombini Oiva Kuisma Jacob Lund Tyrus Miller Max Ryyänen Mateusz Salwa Zoltán Somhegyi Wendy Steiner and Joseph Tanke *Figures of Time* David Ben-Merre, 2018-02-01 Figures of Time proposes radically new ideas about the very poetic ground of culture Presenting unique close readings of six modern poets Wallace Stevens W B Yeats H D Hilda Doolittle Ezra Pound Langston Hughes and T S Eliot David Ben Merre brings recent theoretical questions about the rhetoric of modernism and poetic figuration into current discussions in critical theory He argues that poetic spaces often disjunctions of sound and sense disrupt our culturally inherited notions of time reimagining with an often irrational and anachronistic

Directions in American Reception Study Philip Goldstein,James L. Machor,2008-01-30 This collection reconsiders and extends reception research in literary studies book history and media cultural studies and marks out new directions for such work by reevaluating its methodologies and by examining not only traditional American literature but also women's African American and multicultural literatures popular culture the ordinary reader and the role of reception in the history of the book

Handbook of Transatlantic North American Studies Julia Straub,2016-05-10 Transatlantic literary studies have provided important new perspectives on North American British and Irish literature They have led to a revision of literary history and the idea of a national literature They have changed the perception of the Anglo American literary market and its many processes of transatlantic production distribution reception and criticism Rather than dwelling on comparisons or engaging with the notion of influence transatlantic literary studies seek to understand North American British and Irish literature as linked with each other by virtue of multi layered historical and cultural ties and pay special attention to the many refractions and mutual interferences that have characterized these traditions since colonial times This handbook brings together articles that summarize some of the crucial transatlantic concepts debates and topics The contributions contained in this volume examine periods in literary and cultural history literary movements individual authors as well as genres from a transatlantic perspective combining theoretical insight with textual analysis *New Formalist Criticism* F. Bogel,2013-11-19 New

Formalist Criticism defines and theorizes a mode of formalist criticism that is theoretically compatible with current thinking about literature and theory New formalism anticipates a move in literary studies back towards the text and in so doing establishes itself as one of the most exciting areas of contemporary critical theory Wolfgang Iser Ben De Bruyn,2012-05-29 Although Wolfgang Iser is one of the most influential literary theorists of the twentieth century there is no authoritative study about his oeuvre The present work remedies that problem by analysing Iser's German and English writings in detail Apart from being the first comprehensive account of his work this study also modifies the established view of Iser's theory In contrast to the idea that his only contribution to literary studies is the reception theory of the 1970s this account demonstrates the importance of Iser's work on history and anthropology from the 1950s and 1990s Instead of

exclusively focusing on familiar terms such as indeterminacy this analysis also discusses Iser's view of modernity fiction and culture As this discussion shows his writings develop a consistent theory of the novel and the way in which it allows its readers to articulate new views of reality To situate this theory Iser's institutional and intellectual background is described as well paying special attention to the Poetik und Hermeneutik circle and thinkers like Blumenberg and Kermode The continued relevance of his theory is demonstrated via comparisons with recent research on the novel and memory as well as examples from contemporary novelists like Juli Zeh and Hilary Mantel

Romanticism and Form A. Rawes, 2007-04-26 This book offers new analyses of canonical texts contextualizations of Romantic forms in relation to war nationalism and empire reassessments of neglected and marginalized writers and explorations of the relationship between form and reader It showcases a range of new approaches that are informed by deconstruction theology and new technology
