African Migrations Ruth Breeze, Sarali Gintsburg, 2023-11-16 For centuries the people of Africa have been on the move seeking new opportunities fleeing from dangers or tragically uprooted through human greed and cruelty In the twenty first century with over 40 million people migrating from and within Africa each year it is clear that migration still has a significant impact on every aspect of African life For this reason Sarali Gintsburg and Ruth Breeze in their new book *African Migrations Traversing Hybrid Landscapes* explore the hybrid landscapes of African migration and provide new insights into the complexity of migratory movements and migrant experiences associated with the African continent Taking the view that the only ecologically valid way to understand migration is by looking at it through the eyes of the migrants themselves the authors draw on a wide spectrum of first hand evidence from a multitude of sources including testimonies media artefacts workplace experiences interviews and

ethnographic observations The contributors reflect on a wide array of themes linked to the African context such as diasporic mapping of landscapes hybridity heterotopia m tissage cultural mixing and complementation This book presents the African continent not only in its cultural diversity but also to cover the complex and wide trajectories of migrations to from and within Africa Policy, Media, and the Shaping of Spain-Morocco Relations Farah Ali, 2024-07-20 This book uses sociolinguistic approaches to explore how media discourse on undocumented migration informs Morocco Spain political relations Historically much of the contact between these two nations has been through conquest first through the Umayyad Caliphate taking control of the Iberian Peninsula then called Hispania in the 8th century and then through Spain s occupation of northern Morocco in the 20th century Though these historical roots have undoubtedly played a role in shaping present day Morocco Spain relations migration has also become another critical element as the majority of legally authorized migration to Spain comes from Morocco Additionally Morocco serves as a sojourn for much of the undocumented migration to the Spanish autonomous cities of Ceuta and Melilla both of which are enclaves in Morocco and common entry points for North African and Sub Saharan African immigrants Migration to Ceuta and Melilla has therefore become a flashpoint for anti immigration attitudes that are frequently perpetuated in political and media discourse The author uses these cities as a case study situating them within the wider context of both immigration related policies and news articles in order to examine how migration is represented in Spain and Morocco The book connects media discourse with policy discourse and addresses how these mediums 1 co construct anti immigration and xenophobic ideologies and 2 shape and are shaped by the somewhat strained relations between Spain and Morocco This book will be of interest to students and scholars of Discourse Analysis Sociolinguistics Migration Studies and Migration Policy Media Studies and Political Communication *Contemporary Western Europe* O. Meredith Wilson Library, Martha L. Inclusiveness Beyond the (Non)binary in Romance Languages Gláucia V. Silva, Cristiane Soares, 2024-04-10 Inclusiveness Beyond the Non binary in Romance Languages Research and Classroom Implementation explores both research and best practices related to inclusive language so that all students regardless of gender identity may be active participants in their language learning communities Given the binary nature of Romance language grammars it is essential that scholarly inquiry into issues related to non binarism be further developed and become more visible and this volume aims to embed the issue of linguistic inclusivity within broader conversations surrounding social justice to ensure that conversations do not stop with mere linguistic changes The book is divided into two parts the first focuses on research related to inclusive and nonbinary forms in Romance languages while the second highlights teaching practices and encompasses inclusive approaches that go beyond the nonbinary Although the volume focuses on Romance languages most if not all of the content is applicable to other linguistic contexts This volume also goes beyond issues of gender inclusivity and includes content that leads to a reflection on issues of equity and social justice more broadly This edited volume is a resource for scholars whose research focuses on inclusive language and for educators who are interested in learning more about why and how to foster inclusiveness in their language classrooms and in their workplaces
