Revival Of 1857 58 Interpreting An American Religious Awakening:

The Revival of 1857-58 Kathryn Teresa Long, 1998-07-02 This book provides a fresh in depth examination of the Revival of 1857 58 a widespread religious awakening most famous for urban prayer meetings in major metropolitan centers across the United States Often mentioned in religious history texts and articles but overshadowed by scholarly attention to the first and second Great Awakenings the revival has lacked a critical book length analysis This study will help to fill this gap and to place the event within the context of Protestant revival traditions in America The Revival of 1857 58 was a multifaceted religious movement that Long suggests may have been the closest thing to a truly national revival in American history The awakening marked the coming together of formalist and populist evangelical groups particularly in urban areas and helped to create the beginnings of a transdenominational religious identity among middle class American evangelicals Long explores the revival from various angles emphasizing the importance of historiography and examining the way Calvinist clergy and the editors of the daily press canonized particular versions of the revival story most notably its role in the history of great awakenings and its character as a masculine businessmen s revival She gives attention to grassroots perspectives on the awakening and also pursues wider social and cultural questions including whether the revival actually affected evangelical involvement in social reform The book combines insights from contemporary scholarship concerning revivals women s history and nineteenth century mass print with extensive primary source research The result is a clearly written study that blends careful description with nuanced analysis

The Revival of 1857-58 Kathryn Long, 2023 **Victorian Religious Revivals** David Bebbington, 2012-05-31 Revivals are outbursts of religious enthusiasm in which there are numerous conversions In this book the phenomenon of revival is set in its broad historical and historiographical context David Bebbington provides detailed case studies of awakenings that took place between 1841 and 1880 in Britain North America and Australia showing that the distinctive features of particular revivals were the result less of national differences than of denominational variations These revivals occurred in many places across the globe but revealed the shared characteristics of evangelical Protestantism Bebbington explores the preconditions of revival giving attention to the cultural setting of each episode as well as the form of piety displayed by the participants No single cause can be assigned to the awakenings but one of the chief factors behind them was occupational structure and striking instances of death were often a precipitant Ideas were far more involved in these events than historians have normally supposed so that the case studies demonstrate some of the main patterns in religious thought at a popular level during the Victorian period Laymen and women played a disproportionate part in their promotion and converts were usually drawn in large numbers from the young There was a trend over time away from traditional spontaneity towards more organised methods sometimes entailing interdenominational co operation

Revival in the City Eric R. Crouse, 2005-09-23 From the 1880s to the outset of World War I the best known American evangelists held hundreds of revival meetings in cities across Canada Over a million and a half Canadians gathered

in churches roller rinks halls theatres factories and even saloons to hear the likes of D L Moody Sam Jones Sam Small Reuben Torrey and J Wilbur Chapman preach a particular brand of American revivalism While at first these meetings were as successful in Canada as they were in the US by the second decade of the twentieth century the support of Canadian Protestant leaders for revivalism had diminished The American evangelists inspired their largely working class listeners by talk of personal salvation but Eric Crouse argues in an increasingly secular climate this inspiration did not lead them to become church members The Canadian church leadership thus came to see the revival experience as costly and ineffective

Sin in the City Thekla Ellen Joiner, 2013-05-20 Long before today's culture wars the Third Great Awakening rocked America During the late nineteenth and early twentieth centuries evangelists such as Dwight L Moody and Billy Sunday roused citizens to renounce sin as it manifested in popular culture moral ambiguity and the changing role of women *Sin in the City* examines three urban revivals in turn of the century Chicago to show how revivalists negotiated that era's perceived racial sexual and class threats While most studies of this movement have focused on its male leaders and their interactions with society Thekla Ellen Joiner raises new questions about gender and race by exploring Third Awakening revivalism as the ritualized performance of an evangelical social system defined by middle class Protestant moral aspirations for urban America Rather than approaching these events merely as the achievements of persuasive men she views them as choreographed collective rituals reinforcing a moral order defined by ideals of femininity masculinity and racial purity Joiner reveals how revivalist rhetoric and ritual shifted from sentimentalist identification of sin with males to a more hard nosed focus on females castigating loose women whose economic and sexual independence defied revivalist ideals and its civic culture She focuses on Dwight L Moody's 1893 World's Fair revival the 1910 Chapman Alexander campaign and the 1918 Billy Sunday revival comparing the locations organization messages and leaders of these three events to depict the shift from masculinized to feminized sin She identifies the central role women played in the Third Awakening as the revivalists promoted feminine virtue as the corrective to America's urban decline She also shows that even as its definition of sin became more feminized Billy Sunday's revivalism began to conform to Chicago's emerging color line Enraged by rapid social change in cities like Chicago these preachers spurred Protestant evangelicals to formulate a gendered and racialized moral regime for urban America Yet as Joiner shows even as revivalists demonized new forms of entertainment they used many of the modern cultural practices popularized in theaters and nickelodeons to boost the success of their mass conversions *Sin in the City* shows that the legacy of the Third Awakening lives on today in the religious right's sociopolitical activism crusade for family values disparagement of feminism and promotion of spirituality in middle class racial and cultural terms Providing cultural and gender analysis too often lacking in the study of American religious history it offers a new model for understanding the development of a gendered theology and set of religious practices that influenced Protestantism in a period of enormous social change

When the Lord Walked the Land Kenneth S. Jeffrey, 2007-03-02 Previous studies of

revival have tended to approach these remarkable moments in history from either a strictly local or a sweeping national perspective In so doing they have dealt with either the detailed circumstances of a particular situation or the broader course of events These approaches however have given the incorrect impression that religious awakenings are uniform movements As a result revivals have been misunderstood as homogeneous campaigns This is the first study of the 1859 revival from a regional level in a comprehensive manner It examines this movement arguably the most significant and far reaching awakening in modern times as it appeared in the city of Aberdeen the rural hinterland of northeast Scotland and among the fishing villages and towns that stretch along the Moray Firth It reveals how far from being unvarying the 1859 revival was richly diverse It uncovers the important influence that local contexts brought to bear upon the timing and manifestation of this awakening Above all it has established the heterogeneous nature of simultaneous revival movements that appeared in the same vicinity
