Revolutionaries And Reformers Contemporary Islamist Movements In The Middle East

Sean K. Anderson, Stephen Sloan

Revolutionaries And Reformers Contemporary Islamist Movements In The Middle East:

Revolutionaries and Reformers Barry Rubin, 2012-02-01 Islamist movements seeking power today are faced with difficult choices regarding strategy ranging from armed struggle to electoral efforts. An emerging alternative consists of a rethinking of Islamist politics where the goal of a totally Islamic polity would be abandoned in favor of some form of Islamic oriented society. In this reformulation Islamist politics would function as a pressure group to make society more Islamic reinforcing the walls of semi separate internal communities and reinterpreting Islam in more liberal ways. The September 11 2001 terror attack on the United States however demonstrates that the radical approach remains attractive to many Islamists. Addressing these issues the contributors look at the countries where Islamist movements have been most important. Case studies of revolutionary and reformist groups are followed by chapters discussing future alternatives for Islamist politics presenting arguments both advocating and critical of a potential liberal reformist interest group. **Islamism** Islam in Historical Perspective Alexander Knysh, 2016-10-26 Islam in Historical Perspective provides readers with an introduction to Islamic history and societies with carefully selected historical and scriptural evidence that enables them to form a comprehensive and balanced vision of Islam's rise and evolution across the centuries and up to the present day. Combining historical and chronological approaches the book examines intellectual dialogues and socio political struggles within the extraordinary rich Islamic tradition. Treating Islam as a social and political force the book also addresses Muslim devotional practices artistic creativity and the structures of everyday existence. Islam in Historical Perspective is designed to help readers to develop personal empathy for the subject by relating it to their own experiences and burning issues of today. It contains a wealth of historical anecdotes and quotations from original sources that are intended to emphasize its principal points in a memorable way. This new edition features a thoroughly revised and updated text new illustrations expanded study questions and chapter summaries. **Resurgent Islam** Philip W. Sutton, Stephen Vertigans, 2005-11-11 With a glossary and a bibliography. Evaluating Social Movement Impacts Brian Mello, 2013-08-15 Some social movements bring in quick radical political and social changes while others get incorporated into existing systems or subjected to harsh repression. This book examines why social movements elicit different policy responses and their varying impact on the societies in which they occur. It also seeks to understand why seemingly inconsequential movements can nonetheless have enduring effects. These issues are explored through the comparative historical analysis of four labor movements in the UK and the US in the late 1800s early 1900s in Japan from 1945 to 1960 and in Turkey during the mid to late 1900s which is the book's primary case study. Turkey's labor movement although often seen as a failure greatly influenced state society relations and contemporary Turkish politics. This significant study offers a new framework of analysis by focusing on social movement impacts rather than successes or failures. This leads to having to reconsider the enduring effects of repressed or failed movements. By doing so it will help researchers study the likely impact of social movements in today's politics. **Islamism** Tarek Osman, 2016-01-01

An incisive analysis of Islamist movements in the Middle East A political social and cultural battle is currently raging in the Middle East On one side are the Islamists those who believe Islam should be the region s primary identity In opposition are nationalists secularists royal families military establishments and others who view Islamism as a serious threat to national security historical identity and a cohesive society This provocative vitally important work explores the development of the largest most influential Islamic groups in the Middle East over the past century Tarek Osman examines why political Islam managed to win successive elections and how Islamist groups in various nations have responded after ascending to power He dissects the alliances that have formed among Islamist factions and against them addressing the important issues of Islamism s compatibility with modernity with the region s experiences in the twentieth century and its impact on social contracts and minorities He explains what Salafism means its evolution and connections to jihadist groups in the Middle East Osman speculates on what the Islamists prospects for the future will mean for the region and the rest of the world *The ^APower Triangle* Hazem Kandil,2016-08-18 Revolution reform and resilience comprise the respective fortunes of modern Iran Turkey and Egypt Although the countries all experienced coups with remarkably similar ambitions each followed a very different trajectory Iran became an absolutist monarchy that was overthrown from below Turkey evolved into a limited democracy and Egypt turned into a police state

Islam and Citizenship Education Ednan Aslan,Marcia Hermansen,2015-01-14 The scholarly contributors to this volume investigate various means to stimulate and facilitate reflection on new social relations while clarifying the contradictions between religious and social affiliation from different perspectives and experiences They explore hindrances whose removal could enable Muslim children and youth to pursue equal participation in political and social life and the ways that education could facilitate this process

Militant Islam Stephen Vertigans,2008-10-30 Militant Islam provides a sociological framework for understanding the rise and character of recent Islamic militancy It takes a systematic approach to the phenomenon and includes analysis of cases from around the world comparisons with militancy in other religions and their causes and consequences The sociological concepts and theories examined in the book include those associated with social closure social movements nationalism risk fear and de civilising These are applied within three main themes characteristics of militant Islam multi layered causes and the consequences of militancy in particular Western reactions within the war on terror Interrelationships between religious and secular behaviour terrorism and counter terrorism popular support and opposition are explored Through the examination of examples from across Muslim societies and communities the analysis challenges the popular tendency to concentrate upon al Qa ida and the Middle East This book will be of interest to students of Sociology Political Science and International Relations in particular those taking courses on Islam religion terrorism political violence and related regional studies

Islamic Attitudes to Israel Efraim Karsh,P.R. Kumaraswamy,2013-09-13 This book draws on the research of some of the leading scholars in the fields of Jewish Islamic relations the Israeli Arab conflict and political Islam These highly topical essays examine the relationship between Israel and

the Islamic world from both a thematic and geo strategic perspective Divided into two distinct sections the first section of the book deals with issues relating to contemporary Jewish Muslim relations and in particular looks at the attitude towards the Jewish state amongst opinion makers religious institutions and leaders in the Muslim world Key issues such as the Islamic attitude to Palestinian suicide bombing and Arab anti Semitism are addressed here The second section examines the attitude of key Muslim nations Egypt Iran Turkey Indonesia and Pakistan to the Jewish state and charts the evolving bilateral relationship between these nations and Israel from the birth of the Jewish State in 1948 up to the present day This book was previously published as a special issue of the journal Israel Affairs Historical Dictionary of Terrorism Sean K.

Anderson,Stephen Sloan,2009-08-03 The United States Department of Defense defines terrorism as the calculated use of unlawful violence or threat of unlawful violence to inculcate fear intended to coerce or to intimidate governments or societies in the pursuit of goals that are generally political religious or ideological While terrorism has been around for centuries it was the al Qa eda attacks of September 11 2001 that brought home to the world and most particularly the United States just how dangerous terrorism can be The third edition of the Historical Dictionary of Terrorism presents the full spectrum of forms of political violence through a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on major terrorist groups and their leaders significant terrorist events cyber terrorism counterterrorism and social science concepts regarding the motivations and group dynamics of terrorist groups Authors Sean K Anderson and Stephen Sloan move beyond the gut reaction we have to this volatile and divisive topic by providing a reliable and objective reference on terrorism
