Revolutionary At Home:

(vol. I-II) **Revolutionary and subversive movements abroad and at home** New York (State). Legislature. Joint Legislative Committee to Investigate Seditious Activities, 1920 *Taking the Revolution Home* Joyce Stevens, 1987 Problems faced by Aboriginal women discussed in articles appearing in *Women Today* Citoyennes Annie Smart, 2011-12-23 In *Citoyennes* Annie Smart argues that many revolutionary and pre revolutionary works constructed a civic identity for women and portrayed the home as a site for both civic virtue and private subjectivity This interdisciplinary study offers a fresh interpretation of the role of women and the home in eighteenth century France and goes a long way to filling a gaping hole in the contemporary literature on the subject **Red Hills** Andrew Hardy, 2003-03-31 Several million rural inhabitants of Vietnam's northern deltas made the decision to move during the twentieth century seeking to make new homes in the country's highlands This book offers a historical analysis of the political economy of migration stimulated by the French colonial and independent socialist states It shows how socialist policies especially changed the face of the highlands as settlers from the plains turned the hills red *Sharing Secrets with Stalin* Bradley F. Smith, 1996 As engaging as it is astonishing this book provides extremely important revelations and striking pen portraits etched in acid of the main actors Certainly the sources are fabulous John Erickson author of *The Road to Stalingrad* A well written account filled with original material and documentation Good reading for anyone interested in the history of WWII intelligence Publishers Weekly starred review **The Counterinsurgent Imagination** Joseph MacKay, 2023-01-05 Counterinsurgency the violent suppression of armed insurrection is among the dominant kinds of war in contemporary world politics Often linked to protecting populations and reconstructing legitimate political orders it has appeared in other times and places in very different forms and has taken on a range of politics in doing so How did it arrive at its present form and what generated these others along the way Spanning several centuries and four detailed case studies *The Counterinsurgent Imagination* unpacks and explores this intellectual history through counterinsurgency manuals These military theoretical and instructional texts and the practitioners who produced them made counterinsurgency possible in practice By interrogating these processes this book explains how counter insurrectionary war eventually took on its late twentieth and early twenty first century forms It shows how and why counterinsurgent ideas persist despite recurring failures Rebirth as an immortal: changing fate against the will of heaven Karen Lee, 2011-07-04 *The Fatty's message* Only by learning to quietly preserve a childlike innocence in this world of petty intrigues and deceit can we truly possess a sense of tranquility peace happiness and joy Okay let's begin **Italy in the Modern World** Linda Reeder, 2019-12-12 Providing a comprehensive history of Italy from around 1800 to the present *Italy in the Modern World* traces the social and cultural transformations that defined the lives of Italians during the 19th and 20th century The book focuses on how social relations class gender and race science and the arts shaped the political processes of unification state building fascism and the postwar world Split up into

four parts covering the making of Italy the liberal state war and fascism and the republic the text draws on secondary literature and primary sources in order to synthesize current historiographical debates and provide primary documents for classroom use There are individual chapters on key topics such as unification Italians in the world Italy in the world science and the arts fascism the World Wars the Cold War and Italy in the 21st century as well as a wealth of useful features for students including Comprehensive bibliographic essays covering each of the four parts 23 images and 12 maps Italy in the Modern World also firmly places both the nation and its people in a wider global context through a distinctly transnational approach It is essential reading for all students of modern Italian history *Publications Relating to Various Aspects of Communism* ,1946 *One Day That Shook the Communist World* Paul Lendvai,2010-12-16 On October 23 1956 a popular uprising against Soviet rule swept through Hungary like a force of nature only to be mercilessly crushed by Soviet tanks twelve days later Only now fifty years after those harrowing events can the full story be told This book is a powerful eyewitness account and a gripping history of the uprising in Hungary that heralded the future liberation of Eastern Europe Paul Lendvai was a young journalist covering politics in Hungary when the uprising broke out He knew the government officials and revolutionaries involved He was on the front lines of the student protests and the bloody street fights and he saw the revolutionary government smashed by the Red Army In this riveting deeply personal and often irreverent book Lendvai weaves his own experiences with in depth reportage to unravel the complex chain of events leading up to and including the uprising its brutal suppression and its far reaching political repercussions in Hungary and neighboring Eastern Bloc countries He draws upon exclusive interviews with Russian and former KGB officials survivors of the Soviet backlash and relatives of those executed He reveals new evidence from closed tribunals and documents kept secret in Soviet and Hungarian archives Lendvai s breathtaking narrative shows how the uprising while tragic delivered a stunning blow to Communism that helped to ultimately bring about its demise *One Day That Shook the Communist World* is the best account of these unprecedented events
