Victorian Classical Burlesques Laura Monros-Gaspar,2015-10-22 The Victorian classical burlesque was a popular theatrical genre of the mid 19th century It parodied ancient tragedies with music melodrama pastiche merciless satire and gender reversal Immensely popular in its day the genre was also intensely metatheatrical and carries significance for reception studies the role and perception of women in Victorian society and the culture of artistic censorship This anthology contains the annotated text of four major classical burlesques *Antigone Travestie* 1845 by Edward L Blanchard *Medea or the Best of Mothers with a Brute of a Husband* 1856 by Robert Brough *Alcestis the Original Strong Minded Woman* 1850 and *Electra in a New Electric Light* 1859 by Francis Talfourd The cultural and textual annotations highlight the changes made to the scripts from the manuscripts sent to the Lord Chamberlain's office and by explaining the topical allusions and satire elucidate elements of the burlesques popular cultural milieu An in depth critical introduction discusses the historical contexts of the plays premieres and unveils the cultural processes behind the reception of the myths and original tragedies As the burlesques combined spectacular effects with allusions to contemporary affairs ambivalent and provocative attitudes to women the plays represent an essential tool for reading the social history of the era *The Stage Life of Mrs. Stirling* Percy Allen,1922 *The Gentleman's Magazine* ,1967 The Gentleman's magazine section is a digest of selections from the weekly press the Trader's monthly intelligencer section consists of news foreign and domestic vital statistics a register of the month's new publications and a calendar of forthcoming trade fairs **Gentleman's Magazine and Historical Review** ,1882

The Survey of London: London city. 1910 Walter Besant,1909 **Dramatic Register for 1853** ,1854 The Golden Age of Pantomime Jeffrey Richards,2014-10-23 Of all the theatrical genres most prized by the Victorians pantomime is the only one to have survived continuously into the twenty first century It remains as true today as it was in the 1830s that a visit to the pantomime constitutes the first theatrical experience of most children and now as then a successful pantomime season is the key to the financial health of most theatres Everyone went to the pantomime from Queen Victoria and the royal family to the humblest of her subjects It appealed equally to West End and East End to London and the provinces to both sexes and all ages Many Victorian luminaries were devotees of the pantomime notably among them John Ruskin Charles Dickens Lewis Carroll and W E Gladstone In this vivid and evocative account of the Victorian pantomime Jeffrey Richards examines the potent combination of slapstick spectacle and subversion that ensured the enduring popularity of the form The secret of its success he argues was its continual evolution It acted as an accurate cultural barometer of its times directly reflecting current attitudes beliefs and preoccupations and it kept up a flow of instantly recognisable topical allusions to political rows fashion fads technological triumphs wars and revolutions and society scandals Richards assesses throughout the contribution

of writers producers designers and stars to the success of the pantomime in its golden age This book is a treat as rich and appetizing as turkey mince pies and plum pudding **Players and Performances in the Victorian Theatre** George Taylor,1993 *Leaves of a life, reminiscences* Montagu Stephen Williams,1893 Not Shakespeare Richard W. Schoch,2002-01-03 Burlesque has been a powerful and enduring weapon in the critique of legitimate Shakespearean culture by a seemingly illegitimate popular culture This was true most of all in the nineteenth century From Hamlet Travestie 1810 to Rosencrantz and Guildenstern 1891 Shakespeare burlesques were a vibrant yet controversial form of popular performance vibrant because of their exuberant humour controversial because they imperilled Shakespeare s iconic status Richard Schoch in this study of nineteenth century Shakespeare burlesques explores the paradox that plays which are manifestly not Shakespeare purport to be the most genuinely Shakespearean of all Bringing together archival research rare photographs and illustrations close readings of burlesque scripts and an awareness of theatrical literary and cultural contexts Schoch changes the way we think about Shakespeare s theatrical legacy and nineteenth century popular culture His lively and wide ranging book will appeal to scholars and students of Shakespeare in performance theatre history and Victorian studies

Hiller,2014 Rather than interpreting the Olympics as primarily a sporting event of international or national significance this book understands the Games as a civic project for the host city that serves as a catalyst for a variety of urban interests over a period of many years from the bidding phase through the event itself Traditional Olympic studies have tended to examine the Games from an outsider s perspective or as something experienced through the print media or television In contrast the focus presented here is on the dynamics within the host city understood as a community of interacting individuals who encounter the Games in a variety of ways through support opposition or even indifference but who have a profound influence on the outcome of the Games as actors and players in the Olympics as a drama Adopting a symbolic interactionist approach the book offers a new interpretive model through which to understand the Olympic Games by exploring the relationship between the Games and residents of the host city Key analytical concepts such as framing dramaturgy the public realm and the symbolic field are introduced and illustrated through empirical research from the Vancouver 2010 Winter Games and it is shown how the social media and shifts in public opinion reflected interaction effects within the city By filling a clear lacuna in the Olympic Studies canon this book is important reading for anybody with an interest in the sociology of sport urban studies event studies or urban sociology *The Mask* ,1927 **Folk Songs of the Catskills** Norman Cazden,Herbert Haufrecht,Norman

Studer, 1983-06-30 Part of the ancient Appalachians and just a few miles up the road from a massive metropolitan area the Catskills have been home to the variety of people who have made the history of the New World The songs collected here reflect this history They are songs of rafting and lumbering war and railroads prison and hard times and nonsense and drinking And they are songs of love tragic love thwarted love foolish love and sometimes even true love Collecting the songs began in 1941 when educator Norman Studer and composer Herbert Haufrecht led a group of young people on folklore trips through the mountains The distinguished musician Norman Cazden continued the collection adding his research and scholarship The book is the cumulative work of these three colleagues Useful as an annotated archive of regional lore Folk Songs of the Catskills traces roots to early Scottish Irish Welsh English and American sources Both texts and musical structure are compared to other traditional songs Extended search for tune relatives is directed towards tracing the known use of each tune strain whether in variants with similar texts or quite different texts Some of the Catskill versions of tunes have not been found elsewhere and others are rarely encountered Whether related to others or unique to the Catskills the commentary on the songs in this collection contributes to a more general theory of the nature of traditional tunes and their transformation The late composer musicologist and university professor Norman Cazden worked meticulously over a period of many years to trace traditional melodies and texts Both Cazden and fellow composer Herbert Haufrecht were music directors of Camp Woodland a unique summer school in the Catskill Mountains which acquainted students with the folklore of this musically rich region The late Norman Studer one of the founders and for many years the director of Camp Woodland was also an ardent folklorist who spent much of his life in the hills and hollows of the Catskills looking for folksingers and yarnspinners Together these devoted scholars have created a work that is as enjoyable as it is rare
