Echoes of an Alien Sky James P. Hogan, 2005-05-01 Eighteen years have passed since the first manned mission to Earth arrived from Venus With the first colonists already establishing themselves across the bright sunny world of clear blue skies and wonderlands of towering mountains and ice deserts Kyal Reen arrives to join the Venusian scientific and archeological teams that are working to reconstruct the story of the mysterious and enigmatic extinct Terran race that once flourished there Studies of Terran geology scientific works and ancient records show that Earth's early peoples witnessed terrifying cataclysmic cosmic events in skies very different from those seen today In his travels among the Terran ruins Kyal meets a biologist called Lorili who is attempting to explain certain baffling similarities between some Terran and Venusian life forms that are irreconcilable with the established fact that Venus is a far younger planet than Earth Formerly aligned with the Progressive activists back on Venus Lorili admires the qualities of tenacity and determination written through Terran history She constructs a theory of Venusians being descended from Terran ancestors However even allowing for the greatly exaggerated time scales that Terran science assigned to the processes of biological and planetary evolution further research shows that there could have been no overlap The Terrans were extinct long before life emerged on Venus But there is a different unexpected answer to the riddle Lorili and Kyal will have to fight for their theory and their lives At the publisher's request this title is sold without DRM Digital Rights Management **Martian Knightlife** James P. Interstellar Patrol Christopher Anvil,2004-09-01 The crew of the ship were marooned on a planet with no ship repair facilities where the well meaning schemes of social engineers had created a nightmare of battling gangs They had their own invention with them an emotional amplifier which could cause anyone to feel a heightened emotion but this wasn't useful at first If they heightened the locals sense of pride they took pride in becoming better criminals So they pretended to be the Royal Legions sent by a distant star kingdom in pursuit of an all powerful villain who was hiding on the planet Things were going better than they could have hoped and the planet was rapidly becoming civilized and then the real Royal flagship showed up They thought they were doomed but instead they were told they had shown just the type of initiative and intelligence that the new arrivals were looking for So they were inducted into the Interstellar Patrol And that was just the beginning

Migration James P. Hogan,2010-05-01 The world of the past eventually died in the conflagration toward which it had been doggedly heading A more fragmented and diversified order has emerged from the ruins and technology has reappeared to a greater or lesser degree in some places and not at all in others Unique among them is the nation state of Sofi with an exceptional population that has rediscovered advanced science However as the old patterns that led to ruin before begin to reassert themselves across the rest of the world a scientific political movement within Sofi embarks on a years long project to build a generation starship that will enable them to create their own world elsewhere The circumstances and thinking of future generations growing up in the totally unknown situation of a space environment cannot be known Accordingly the mission will include different groups of idealists reformers misfits and dissidents who are not satisfied with the world in miniature that constitutes the original mother ship to go out and build whatever they want Hence what arrives at the distant star generations hence will be a flotilla of variously run city states frontier towns religious monasteries pleasure resorts urban crushes rural spreads academic retreats and who knows what else The trouble began of course when all the old patterns that they thought they were getting away from started
