Rodolfo Walsh, vivo Roberto Baschetti, 1994 *Disappearing Acts* Diana Taylor, 1997 Taylor uses performance theory to explore how public spectacle both builds and dismantles a sense of national and gender identity Here nation is understood as a product of communal imaginings that are rehearsed written and staged and spectacle is the desiring machine at work in those imaginings Taylor argue that the founding scenario of Argentineness stages the struggle for national identity as a battle between men fought on over and through the feminine body of the Motherland She shows how the military s representations of itself as the model of national authenticity established the parameters of the conflict in the 70s and 80s feminized the enemy and positioned the public limiting its ability to respond

A History of Argentine Literature Alejandra Laera, Mónica Szurmuk, 2024-05-16 Argentine Literature continues to figure prominently in academic programs in the English speaking world and it has an increasing presence in English translation in international prizes and trade journals A History of Argentine Literature proposes a major reimagining of Argentine literature attentive to production in indigenous and migration languages and to current debates in Literary Studies Panoramic in scope and incisive in its in depth studies of authors works and theoretical problems this volume builds on available scholarship on canonical works but opens up the field to include a more diverse rendering as well as engaging with the full spectrum of textual interventions from travel writing to drama from popular gauchesca to celebrated avant guard works Working at the crossroads of disciplines languages and critical traditions this book accounts for the wealth of Argentine cultural production and maps the rich diverse and often overlooked history of Argentine literature

The Argentina Reader Gabriela Nouzeilles, Graciela Montaldo, 2002-12-25 An interdisciplinary anthology that includes many primary materials never before published in English *The Art of Truth-telling about Authoritarian Rule* Ksenija Bilbija, 2005 Publisher Description *The Space of Disappearance* Karen Elizabeth Bishop, 2020-01-01 More than thirty thousand people were forcibly disappeared during the military dictatorship that governed Argentina from 1976 to 1983 leaving behind a cultural landscape fractured by absence denial impunity and gaps in knowledge This book is about how these absences assume narrative form in late

twentieth century Argentine fiction and the formal strategies and structures authors have crafted to respond to the country's use of systematic disappearance as a mechanism of state terror. In incisive close readings of texts by Rodolfo Walsh, Julio Cortázar, and Tomás Eloy Martínez, Karen Elizabeth Bishop explores how techniques of dissimulation, doubling, displacement, suspension, and embodiment come to serve both epistemological and ethical functions, grounding new forms of historical knowledge and a new narrative commons whose work continues into the twenty-first century. Their writing, Bishop argues, recalibrates our understanding of the rich and increasingly urgent reciprocities between fiction, history, and the demands of human rights. In the end, *The Space of Disappearance* asks us to reexamine in fiction what we think we cannot see there at the limits of the literary disappearance; it appears as a vital agent of resistance, storytelling, and world building.

Latin American Mystery Writers Darrell B. Lockhart, 2004-03-30 Latin America has a rich literary tradition that is receiving growing amounts of attention. The body of Latin American mystery writing is especially vast and diverse. Because it is part of Latin American popular culture, it also reflects many of the social and cultural concerns of that region. This reference provides an overview of mystery fiction of Latin America. While many of the authors profiled have received critical attention, others have been relatively neglected. Included are alphabetically arranged entries on 54 writers, most of whom are from Argentina, Mexico, and Cuba. Every effort has been made to include balanced coverage of the few female mystery writers. Each entry is written by an expert contributor and includes a brief biography, a critical discussion of the writer's works, and primary and secondary bibliographies. The volume closes with a general bibliography of anthologies and criticism.

Transfiction: Characters in Search of Translation Studies Marko Miletich, 2023 This book explores the uses of translation, translators, and interpreters in fiction as a gateway to introduce issues related to Translation Studies. The volume follows recent scholarship on Transfiction, a term used to describe the portrayal of translation both a topic and a motif, as well as translators and interpreters in fiction and film. It expands on the research by Kalus Kaindl, Karl Heinz Spleitzl, Michael Cronin, and Rosemary Arrojo, among others. Although the volume reflects the preoccupation with translator visibility, it concentrates on the importance of power struggles within the translatorial task. The volume could be an invaluable tool to be used for pedagogical purposes to discuss theoretical aspects within Translation and Interpreting Studies.

Rodolfo Walsh Adriana A. Bocchino, Romina García, Emilian Mercère, 2004 **Gabriel Garcia Marquez the creator of Che Guevara** Evelyn Guevara Lohmann, 2017-08-16 This book is to explain how and who were involved in the making of a propaganda hero, Che Guevara. It is safe to say the Guevara family were not the parental family of this hero; the Jurado family were among them; they were international lawyers, film stars, Mexican statesmen. Mexico City was Gabriel Garcia Marquez's home; his friends were statesmen from around the world. In Mexico, he had the elite of show business, international lawyers, film stars, film producers to offer support; he connected the CIA and the drug world, Mafia. They used the same script repeatedly, gave their actors different names, built a spy network around the globe. Gabriel Garcia Marquez owned and ran large newspapers, groups.

atrocities who ran a secret prison from the Naval Mechanics School in Buenos Aires. The navy executed as many as five thousand political subversives, most of whom were sedated and thrown alive out of airplanes into the South Atlantic. The victims of these secret death flights and others who went missing during the regime are known as *los desaparecidos*, the disappeared. Ferguson explores Argentina's novel response to mass atrocity: the country's remarkable and controversial decisions in 2003 to repeal a series of amnesty laws passed in the 1980s and to prosecute anew the perpetrators of the Dirty War a generation after the collapse of the country's last dictatorship. As of 2022, more than one thousand aging military officers have been indicted for their involvement in the Dirty War, and hundreds of trials have commenced in the country's civilian courts. Among the many facets of the book, Ferguson takes an in-depth look at allegations that Father Jorge Mario Bergoglio, now Pope Francis, was involved in the disappearance of two Jesuit priests under his supervision in 1976. Bergoglio was called to testify in a closed chambers session. Ferguson reviewed those secret proceedings and uses them as a springboard to explore the Argentine Catholic Church and its broader role in the Dirty War. The lingering but acute trauma of the victims who testified at the trial underscores the moral urgency of accountability. When a state strips its citizens of all their rights, the only response that approximates reparation is to restore the rule of law and punish the perpetrators. Yet the trial also revealed the limits of using criminal law to respond to mass atrocity. Justice demands a laser-like focus on evidence relevant to a crime, but atrocity begs for social understanding. Can the law ever bring full justice?

Subalternities in India and Latin America Sonya Surabhi Gupta, 2021-07-15 This volume presents a comparative exploration of Dalit autobiographical writing from India and of Latin American *testimonio* as subaltern voices from two regions of the Global South. Offering frames for linking global subalternity today, the chapters address Siddalingaiah's Ooru Keri Muli's Life History, Manoranjan Byapari and Manju Bala's narratives, and Yashica Dutt's *Coming Out as Dalit* among others alongside foundational texts of the *testimonio* genre. While embedded in their specific experiences, the shared history of oppression and resistance on the basis of race, ethnicity, and caste from where these subaltern life histories arise constitutes an alternative epistemological locus. The chapters point to the inadequacy of reading them within existing critical frameworks in autobiography studies. A fascinating set of studies juxtaposing the two genres, the book is an essential read for scholars and researchers of Dalit studies, subaltern studies, *testimonio*, and autobiography, cultural studies, world literature, comparative literature, history, political sociology, and social anthropology, arts, and aesthetics, Latin American studies, and Global South studies.

Aquatic Environments Bieke Willem, Rebecca Seewald, 2025-07-27 From pre-Columbian times till today, human interventions in aquatic environments have been shaping the geopolitics of Latin America. The contributors to this volume examine the relationship between water and politics in Latin America via readings of fiction and poetry by both renowned and upcoming writers. Through close literary analysis, they demonstrate how water functions as a medium for narrating submerged histories and for unsettling post-colonial assumptions. The volume reveals literary strategies that make it possible

to share knowledge about other ways of organizing life in aquatic environments
