Country Practice Douglas Whynott, 2004-11-24 Chuck Shaw is a vanishing breed an old style veterinarian with a quarter of a century of experience who runs a mixed practice in rural New Hampshire treating everything from house cats to milk cows Week after demanding week he and his associate horse expert Roger Osinchuk make house calls and farm calls and spend sleepless nights on call to see to the well being of patients whose only common denominator is an inability to speak But the practice is booming and Chuck decides to take on a third associate Erika Bruner fresh out of veterinary school Whynott follows these three practitioners into the world of contemporary veterinary medicine as a witness to memorable encounters and daily dilemmas He watches as they play gynecologist to cows and horses obstetrician to calves and colts podiatrist to creatures whose feet are life and death to them He captures the struggle to learn a difficult craft on the job describes the confluence of skill and intuition that is the essence of diagnosis and depicts the ongoing effort to balance the needs and

desires of animals and owners without compromising his creed *A Country Practice* is a vivid portrait of the rapidly changing face of an ancient profession

Feral Children and Clever Animals Douglas K. Candland, 1995-10-26 In this provocative book Douglas Candland shows that as we begin to understand the way animals and non speaking humans think we hold up a mirror of sorts to our own mental world and gain profound insights into human nature Weaving together diaries contemporary newspaper accounts and his own enlightening commentary Candland brings to life a series of extraordinary stories He begins with a look at past efforts to civilize feral children We meet Victor the Wild Boy of Aveyron now famous as the subject of a Truffaut film Kaspar Hauser raised in a cell civilized and then assassinated and the Wolf Girls of India found early this century huddled among wolf pups in a forest den they were originally believed to be ghosts by superstitious villagers who nearly shot them as they were being captured In each case it was hoped that the study of these children would help clarify the age old nature nurture debate but as Candland shows so much of the information revealed was really only a projection of beliefs previously held by the investigating scientists Candland then turns to clever animals We learn how the investigation of Clever Hans the German horse who could calculate square roots proved to be a first step in the direction of behaviorism researchers found that Hans was being tipped off by the subtle and unwitting body language of his owner and other observers who would bend almost imperceptibly at the waist with every hoof beat and stand erect when the correct count was reached And Candland discusses the many attempts to communicate with our closest neighbor the apes We read of Richard Lynch Garner s 1892 experiment living with chimpanzees in Gabon he taught one to say the French word feu and of Gua raised by W N and L A Kellogg alongside their own son Donald and of the latest successes of teaching sign language to such precocious apes as Sarah Sherman Austin and Koko Throughout Candland illuminates the boldest and most intriguing efforts yet to extend our world to that of our fellow creatures And he shows that in the end our effort to make contact is a reflection of the way in which we as a species create and order our universe Humans have long shown a wish to connect with the silent minds around them In assembling and interpreting the compelling tales in this book Candland offers us a new understanding not only of the animal kingdom but of the very nature of humanity and our place in the great chain of being

Catalog of Copyright Entries Library of Congress. Copyright Office, 1977 **Dead Beside The Thames**

Stephanie Laurens, 2024-10-17 1 NYT bestselling author Stephanie Laurens returns with a confounding case that sees her favorite sleuths acting to save a friend wrongly accused of murder When a detested viscount is found murdered by the banks of the Thames and Charlie Hastings becomes the prime suspect Barnaby and Penelope Adair join forces with Stokes to discover the real story behind the unexpected killing Charlie Hastings is astonished to find himself accused of murdering Viscount Sedbury Admittedly Charlie had two heated altercations with Sedbury in the hours preceding the man s death but as Charlie is quick to point out to Stokes and to Barnaby and Penelope there are a multitude of others in the ton who will be delighted to learn of Sedbury s demise As Penelope Barnaby and Stokes start assembling a suspect list Charlie s prediction

proves only too accurate Yet the most puzzling aspect is who on earth managed to kill Sedbury The man was a hulking brute large very strong and known as a vicious brawler Who managed to subdue him enough to strangle him As the number of suspects steadily increases the investigators are forced to ask if perhaps one of their suspects hired a killer capable of taking Sedbury down With that possibility thrown into the calculations narrowing their suspect list becomes a futile exercise Their pursuit of the truth leads them to investigate the many shady avenues of Sedbury s life much to the consternation of Sedbury s father the Marquess of Rattenby Rattenby does not want Sedbury s distasteful proclivities exposed for all the world to see further harming the other family members who Sedbury has taken great delight in tormenting for most of his life In the end the resolution of the crime lies in old fashioned policing coupled with the fresh twists Barnaby and Penelope bring to Scotland Yard s efforts And when the truth is finally revealed it raises questions that strike to the very heart of justice and what with such a victim and such a murderer true justice actually means A historical novel of 62 500 words interweaving mystery and murder with a touch of romance National American Kennel Club Stud Book ,1891 **In Dog We Trust**

Beth Kendrick,2019-01-08 From the author of Once Upon a Wine a new novel set in the charming seashore town of Black Dog Bay Delaware When everything has gone to the dogs When Jocelyn Hillier is named legal guardian for the late Mr Allardyce s pack of pedigreed Labrador retrievers her world is flipped upside down She s spent her entire life toiling in the tourism industry in Black Dog Bay and never expected to be living the pampered life of a seasonal resident in an ocean side mansion complete with a generous stipend But her new role isn t without its challenges The dogs although lovable are more high maintenance than any Hollywood diva the man she wants to marry breaks her heart and she s confronted at every turn by her late benefactor s estranged son Liam who thinks he s entitled to the inheritance left to the dogs Jocelyn has worked too hard to back down without a fight and she s determined to keep her new fur family together As she strives to uphold the Best in Show standards her pack requires Jocelyn finds love family and forgiveness in the most unexpected places **Forty**
