Rogets International Thesaurus:

Roget's Thesaurus, 6th Edition Barbara Ann Kipfer, 2007-05-29 An abridged edition of the world's bestselling original thesaurus. This completely revised and updated edition contains over 230 000 words, nearly three thousand of which are newly added. The revolutionary achievement of Dr Roget was his development of a brand new principle: the grouping of words according to ideas. If the user cannot find something in a reference book, it is often because of the restriction of searching alphabetically by known headwords. Dr Roget's thesaurus reversed the access to allow the user to find a word from another word, a concept or an idea. This ultimate reference tool, the best-selling thesaurus ever in all its editions, contains over 230 000 words and phrases, nearly 3000 of which are new to this edition, grouped into 1072 numbered categories. Within each category, you'll find all the parts of speech, frequent cross-references, commonly used words singled out in boldface, and much more. If you're a writer who needs help organising a thought or mastering the nuance of expression, the International Thesaurus remains the first source to turn to. **ROGET'S INTERNATIONAL THESAURUS.** Peter Mark Roget, 1962

Imagined Regional Communities James D. Sidaway, 2003-08-29 *Imagined Regional Communities* provides an original approach to thinking about the processes of regional integration. Focusing mostly on communities in Africa, Asia, and Latin America, it develops detailed case studies based on archives, interviews, and critical readings of existing texts. These case studies are related to each other and the overall themes of the book so that a set of narratives and theoretical elaborations emerge that critically reformulate understandings of regional communities, statehood, and sovereignty. *U.S. Environmental Protection Agency Library System Book Catalog* United States.
