*The Game Changer* Jason Fox, 2014-01-21 Use the science of motivation with the power of game design to unlock motivation and drive progress in your organisation There are two conventional ways to approach motivation set goals and try to change attitudes and beliefs which takes a lot of personalised effort or develop incentives and rewards to inspire effort which takes a lot of money This book shows you how to take a third new approach designing the work itself to be inherently motivating Combining the best elements of three distinct fields motivational science game design and agile management this book shows you how to positively influence behaviour through better work and project design This game changing book Gives you a refreshing science based approach to the classic challenge of motivation in the workplace Is ideal for any leader or manager looking to take their workplace culture in a new direction Includes practical advice for creating highly productive motivated and innovative teams Is written by a motivation strategy and design expert who consults on leadership and change management to a wide range of clients from the executives of multinational organisations through to the directors of switched on startups The Game Changer will show

you how to unlock creative productive and collaborative work It is the perfect resource for forward thinking leaders in organisations and teams focused on crafting a work culture that gets the best out of their people      **Clockwork Game**

**Design** Keith Burgun, 2024-12-24 By finding and building around a strong core mechanism we can access new levels of elegance and discover fresh new ideas in our game designs Clockwork Game Design is a functional and directly applicable theory for game design particularly focusing on strategic and tactical games but also more broadly applicable to many kinds of games It details the Clockwork Game Design pattern which focuses on building around a fundamental core functionality You can then use this understanding to build a system of tools that helps a designer refine their rulesets A game can achieve clarity of purpose by starting with a strong core then removing elements that conflict with that core while also adding elements that support it The Second Edition is filled with examples and exercises detailing how to put the clockwork game design pattern into use this book is a helpful tool in the toolbox of game designers Key Features A hands on practical book that outlines a very specific approach to designing games Develop the mechanics that make your game great and limit or remove factors that disrupt the core concept Practice designing games through the featured exercises and illustrations

**Unbound Queer Time in Literature, Cinema, and Video Games** Juan Francisco Belmonte Ávila, Estíbaliz Encarnación-Pinedo, 2024-07-19 Unbound Queer Time in Literature Cinema and Video Games investigates the potential of queer conceptions of time to unbind forms of understanding identities In doing so it recognizes the power of time to determine us but chooses to queer time and turn it into an ally of unbound forms of understanding identities Through the analysis of different media literature cinema and video games the chapters revolve around three key ideas that there are inherently queer styles of using and dealing with time and temporality in culture that the critical rediscovery of canonical texts and the analysis of largely ignored queer texts and authors allow for a better understanding of queer identities and finally that normative conceptions of time can and should be challenged through critical tools that reconceptualize notions of the self around time This volume will be of interest to postgraduate students and researchers working close to areas such as queer and gender studies media and cinema studies cultural studies literary theory comparative literature game studies and art history      Buttonless Ryan Rigney, 2016-04-19 This book presents some of the most interesting iPhone and iPad games along with stories of the people behind these games It describes hundreds of titles including well known games and hidden games and provides insight into the development of games for the iOS platform

**Games, Learning, and Society** Constance Steinkuehler, Kurt Squire, Sasha Barab, 2012-06-11 This volume is the first reader on video games and learning of its kind Covering game design game culture and games as twenty first century pedagogy it demonstrates the depth and breadth of scholarship on games and learning to date The chapters represent some of the most influential thinkers designers and writers in the emerging field of games and learning including James Paul Gee Soren Johnson Eric Klopfer Colleen Macklin Thomas Malaby Bonnie Nardi David Sirlin and others Together their work functions both as an excellent

introduction to the field of games and learning and as a powerful argument for the use of games in formal and informal learning environments in a digital age      **Game Preview** Nicolae Sfetcu,2014-05-04 A guide for game preview and rules history definitions classification theory video game consoles cheating links etc While many different subdivisions have been proposed anthropologists classify games under three major headings and have drawn some conclusions as to the social bases that each sort of game requires They divide games broadly into games of pure skill such as hopscotch and target shooting games of pure strategy such as checkers go or tic tac toe and games of chance such as craps and snakes and ladders A guide for game preview and rules history definitions classification theory video game consoles cheating links etc      **Streetball Is Life** Paul Volponi,2020-10-07 From award winning young adult author Paul Volponi comes the true story of his unforgettable summer spent proving himself as a legitimate New York City streetballer only later discovering that he had gained a set of skills that would enhance his life off the court as well During the sweltering summer of seventeen year old Paul Volponi s life he had only one goal he wanted no needed to become a legitimate and respected New York City street basketball player It was a passion that consumed him night and day and at times even isolated him from his friends and family So he entered through the gates of the Proving Ground the roughest streetball yard in the city It was a place where the fouls resembled felonies and the atmosphere mirrored that of the Roman Coliseum more than Madison Square Garden It was where teens and adults contested pickup games with a ferocity seemingly greater than that of the NBA Finals The Proving Ground was a difficult place to cultivate friendships and an easy environment to make enemies This is the story of Paul s summer long initiation at the Proving Ground It is truly a streetball testament of a teenager who wanted more than anything else to earn his stripes in streetball society Only what he didn t understand at the time was that this experience would deliver to him as it does today for so many young adults a set of skills that would enhance his life far beyond the boundaries of a basketball court

**The Rogue** Mateo Alemán,1924      **The Rogues' Game** Milton T. Burton,2005-07 With a wildcatting spirit and set in a West Texas town in 1947 The Rogues Game is a high stakes novel and an exquisite quest for revenge      *Naughty Boys: Ten Rogues of Oxford* Rob Walters,2009-12-08 This book will take you on a journey a journey through Oxford and a journey through the lives of ten roguish males All of the men have at least two things in common a strong association with Oxford and some claim to be a rogue They are all famous in some way or another some tending towards infamy All but one has spent time at one of Oxford s famous colleges though only a few obtained an academic award during their stay in the city The stories in this book are rich in human interest from the sexual romps and salacious poetry of Lord Rochester to the elopements and romantic poetry of Percy Shelley From the marriages and drinking of actor Richard Burton to the expulsion and explorations of his Victorian namesake Sir Richard Burton From the trail of whoring and infidelity of author Graham Greene to the double talk and double dealings of ex president Bill Clinton From the drug dealing and identity fraud of Howard Marks to the claims of William Davenant to be the son of Shakespeare From the greed and arrogance of Robert

Maxwell to the addictive gambling of the author of *The English Rogue* Richard Head The devil would have to cast his net very widely to entrap this lot though they could all be found within the intriguing streets and eminent building of Oxford at some time in their lives Those lives are linked by the locations that most characterised their stay in Oxford thus creating a unique trail through the city of dreaming spires and an opportunity to stop and wonder at the buildings that grace its golden heart The men of this book are as complex as the city their characters forming a patchwork upon which to establish a trail that is quite unique Their lives are differently characterised by aesthetics creativity humour intoxication romance licentiousness avarice desire ambition daring and lawlessness And through them all runs this roguish streak a trait that charms forgiveness from those who are damaged by them though not always Like the streets of Oxford rogues can turn A charming alleyway can become the scene of a rape a poet can suddenly take out a loaded pistol A friendly pub can suddenly become the scene of a riot a night of love can be the seed of a wasting disease A leafy tree can fall and crush a beautiful young woman a happy drunk can become a pugilist It is this edge that makes a rogue dangerous to live with yet interesting to read about

**Escape from Kolyma** Chester Litvin PhD,2019-01-23 Professor Stepan Kryvoruchko PhD is a scholar who believes that Aborigin an area soiled by ruination is inflicted with psychological infections Viruses were killing individuality Aborigin s Superior Leader a dictator and tyrant who designed a crematory with a network of labor camps has moved modern Aborigine back to Golden Horde time As a collective imposes its doctrine on the population no one knows what is next Aaron Kaufman has the misfortune of living in Aborigin Although atrocities have taken the lives of millions including many of his relatives Aaron has somehow managed to survive Unfortunately lies are everywhere The collective has created double standards in an attempt to alter the nature of man While the doctrine speaks of the birth of a new refined man and declared rogues as socially friendly the collective creates competitions for terrestrials while developing a system of pacifying rebels Now only time will tell if Aaron find a way to escape the ruthless collective and carve out a new life for himself and whether Professor Kryvoruchko will somehow find the reason for the infection that is plaguing the people of Aborigin In this science fiction tale a professor and a young man living in an area devastated by a ruthless dictator embark on separate journeys to learn the truth about themselves and their destinies
