Rogues Remittance:

Rogues and Vagabonds George R. Sims,1885 **A Rogue's Life** Wilkie Collins,2024-01-01 The book *A Rogue's Life* is a heart warming mystery and detective fiction Frank Softly the protagonist of the story narrates the account of his unique and daring life The son of a well respected merchant Frank decides to adopt a more roguish lifestyle after becoming disillusioned with society as a whole As Frank moves through the social strata his story leads readers through a number of interactions adventures and mishaps He interacts with a wide range of people including actors nobles and criminals A recurrent subject in the book is disguise and deception as Frank takes on many personas to get around the social mores The somewhat sarcastic narrative style of *A Rogue's Life* offers a commentary on social traditions and the difficulties faced by those who attempt to defy them Frank's account of his events is filled with wit humour and societal criticism **Rogue States and U.S. Foreign Policy** Robert Litwak,2000-02-14 President Clinton and other U S officials have warned that rogue states pose a major threat to international peace in the post Cold War era But what exactly is a rogue state Does the concept foster a sound approach to foreign policy or is it in the end no more than a counterproductive political epithet Robert Litwak traces the origins and development of rogue state policy and then assesses its efficacy through detailed case studies of Iraq Iran and North Korea He shows that the policy is politically selective inhibits the ability of U S policymakers to adapt to changed conditions and has been rejected by the United States major allies Litwak concludes that by lumping and demonizing a disparate group of countries the rogue state approach obscures understanding and distorts policymaking In place of a generic and constricting strategy he argues for the development of differentiated strategies of containment tailored to the particular circumstances within individual states **Deterring International Terrorism and Rogue States** James H. Lebovic,2007-01-24 This new study challenges the widely held view that many current US adversaries cannot be deterred maintaining that deterrence is not a relic of the Cold War period and that it should shape US policies toward so called rogue states and terror groups James Lebovic argues that deterrence principles continue to apply and focuses upon the three pillars of the Bush administration's national security policy missile defence which preoccupied the administration until September 11 2001 pre-emption which became the US focus with the September 11 attacks and US success in overthrowing the Taliban regime in Afghanistan homeland security which the administration has portrayed as more a natural response to threat than an aspect of policy that must be reconciled with the other pillars *Deterring International Terrorism and Rogue States* asserts that bad offences and defences have been endemic to the current US policy approach leading US policy makers to pursue policies that require them to do everything without adequate concern for resource trade offs overreach and unintended consequences This book will be of great interest to students of US foreign policy national and international security terrorism and international relations in general Transnational Labour Migration, Remittances and the Changing Family in Asia L. Hoang,B. Yeoh,2015-05-13 The contributors investigate the inter relationships between migrant remittances

and the family in Asia They argue that in the context of Asian transnational labour migration where remittances tend to become a primary currency of care the making or breaking of the family unit is mainly contingent on how individuals handle remittance processes **Rogue Allies** Bruce E. Bechtol Jr.,Anthony N. Celso,2025-05-13 In *Rogue Allies The Strategic Partnership between Iran and North Korea* Bruce E Bechtol Jr and Anthony N Celso examine the influence of two rogue states whose rebellion against the United States and US backed countries has serious consequences for international relations Iran and North Korea have profited from illegal activities such as the arming of terrorist organizations in attempts to disrupt peace efforts in the Middle East and East Asia and to destabilize the rules based order of the world Bechtol and Celso uncover the origins of this decades long alliance consider elements that these two nation states have in common and explain how their relationship undermines neighboring regions The authors draw from revealing interviews with Iranian and North Korean defectors as well as firsthand accounts from other sources providing crucial additions to this body of research While some scholars have compared and contrasted Iran and North Korea few have delved into how this partnership works to achieve its far reaching impact By assessing key aspects of the Iran North Korea nexus including military ideological economic and environmental forces *Rogue Allies* investigates the link between two volatile states and the ensuing implications for global security **Rogue Retrieval** C.M. Simpson, A short story that includes An unwelcome reunion A missing child An illegal take over and a slaving operation All I wanted to do was stay out of Mack s hands and well away from whatever game he was playing while working another Odyssey contract because I was sure Mack had an agenda of his own and Odyssey wasn t going to be pleased As for me well I was right in the middle of it as usual Mack s lynchpin If I could just pull another rabbit out of my hat and get his scheme to work **A Rogue's Life** Wilkie Collins,2018-09-20 Reproduction of the original *A Rogue s Life* by Wilkie Collins *A Rogue's Life (EasyRead Super Large 18pt Edition)* Wilkie Collins,2019 **Rogue Scholar** Richard W. Bailey,2003 The tragic saga of a nineteenth century fugitive ne er do well and would be savant that touches on themes as compelling today as they were in Victorian times *A Rogue's Life* Wilkie Collins,1879 **The Statutes of the United Kingdom of Great Britain and Ireland** ,1822 **Rogue Asset** Andy McDermott,2021-07-08 EVERY OPERATIVE KNOWS THE RULES The mission comes first You are a deniable asset Betrayal is punished by death A writer of almost cinematic talent DAILY EXPRESS Alex Reeve was Operative 66 A former special ops soldier and one of the UK s most lethal weapons he was a member of SC9 an elite covert unit with a remit to assassinate the country s most dangerous enemies Falsely accused of treason Reeve was condemned to live in the shadows as the merciless killers he once trained alongside were ordered to terminate the rogue asset But tricked into revealing himself Reeve is dragged into a deadly international conspiracy involving the British state shadowy Russian agents and his own father a violent murderer newly released from prison But if there s one man who can survive it is Operative 66 From the internationally bestselling author of the Wilde Chase series comes an explosive new thriller the perfect pulse racing read for

fans of LEE CHILD VINCE FLYNN and GREGG HURWITZ *R.O.G.U.E: Reality On Ground Undermining Enterprise* M.B.O
 OWOLowo, 2025-01-19 African is rich in natural and human resources with the current youngest population globally Ideally
 these social ingredients should facilitate burgeoning economies on a massive scale but there have only been pockets of
 individual successes Industrialization and large scale development with collective impact is pertinent to compete in an ever
 changing world R O G U E Reality On Ground Undermining Enterprise examines the issues affecting Africa via the prism of
 foreign influences whilst also acknowledging the local peculiarities Nigeria in particular is diagnosticated as a microcosmic
 representation of the issues bedevilling Africa Of critical importance are the enduring colonial structures that have
 metamorphosed into neocolonial entities specially designed to keep the affected countries in a perpetual state of
 underdevelopment The Western world especially cannot complain about immigration jobs and aid without proper
 consideration for the historic occupations via European colonialism and contemporary involvements through neocolonial
 economic imperialism that perpetuate sociopolitical instability and socioeconomic imbalances globally **Rogue Sexuality**
in Early Modern English Literature Ari Friedlander, 2023-01-17 The rogue a term that described criminals prostitutes
 vagrants beggars and the unemployed dominated the pages of early modern popular crime literature Rogue Sexuality
 resituates the rogue by focusing on how their menace and their seductive appeal emerged not only from their social
 marginality but also from their supposedly excessive sexuality and prodigious sexual reproduction Through discussions of
 both familiar and little studied early modern works by William Shakespeare John Milton Ben Jonson Thomas Middleton
 Thomas Dekker Robert Greene Thomas Harman and the inventor of modern demography John Graunt this volume posits the
 sexualized rogue as the avatar of a new category of socio sexual identity and traces a surprising social transposition in which
 socio political elites are portrayed as appropriating the rogue s sexual vitality and performative charisma to navigate
 moments of crisis By tracking the movement of rogue sexuality from a criminal to a normative discursive register this book
 challenges the distinctions that literary critics and historians tend to draw between orderly and disorderly sexuality With its
 focus on reproduction rogue sexuality also provides a new framework for what Michel Foucault called biopolitics the state s
 focus on exercising power over life In legal administrative and scientific documents this book shows that early modern
 writers grappled with popular pamphlets rendering of the alleged threat of rogue reproduction Rogue Sexuality thus offers a
 new approach to the political history of early modern England as a population as a people whose aggregate sexual life and
 reproduction were a key part of its political imagination Leading Rogue State Judith R. Blau, David L. Brunsma, Alberto
 Moncada, Catherine Zimmer, 2015-12-03 Most Americans would be surprised to learn that their government has declined to
 join most other nations in UN treaties addressing inadequate housing poverty children s rights health care racial
 discrimination and migrant workers Yet this book documents how the U S has for decades declined to ratify widely accepted
 treaties on these and many other basic human rights Providing the first comprehensive topical survey the contributors build

a case and specific agendas for the nation to change course and join the world community as a protector of human rights

Natal and the Zulu Country Thomas Victor Bulpin,1969 *Political Dissent and Democratic Remittances* Joanna Fomina,2021-10-24 With a focus on the most recent wave of political emigration from Russia unleashed during President Vladimir Putin s third term this book explores the activities of those who voice political dissent after leaving their country Based on rich ethnographic data and interviews gathered among Russian emigrants to the EU member states who are engaged in civic and political participation targeted at their home country it demonstrates that emigration particularly forced emigration in which political dissidents are squeezed out of their country no longer functions efficiently as a means of calming political unrest Drawing on the concept of social remittances the author analyses the content structure and the channels of political democratic remittances sent by political dissidents overseas the factors that shape them and the perceived effects of these endeavours A study of the latest wave of politically charged emigration from Russia and emigrants engagement in homeland politics this volume will appeal to scholars across a range of social sciences working on migration diaspora and democratisation processes citizenship EU studies and Russia studies *A Rogue's Life - From His Birth to His Marriage* Wilkie Collins,2013-04-16 Originally published in 1894 this book contains the classic novel A Rogue s Life From Birth to His Marriage by the well known author Wilkie Collins and will make a lovely addition to the bookshelf of anyone that s a fan of his work **Loyal Subject?** James H. Nisenson,2022-04-27 Loyal Subject By James H Nisenson Military maneuvers and comedy have one thing in common Timing is everything Samuel C Horsenail has just been discharged from the British Navy landing in Boston in May 1772 a little over two years after the Boston Massacre With his guile Horsenail is able to purchase a hardscrabble farm just outside of the city but he must indenture himself and his family to the land that means his wife gets to come to America but her battle axe of a mother comes too As the American Revolution sweeps through the colonies the fast talking con artist Horsenail toes the line between loyal subject and new world patriot playing both sides of the battlefield in a two sided cloak Embarrassingly funny and shockingly topical this good natured spoof of the American Revolution is one part fact and three parts farse
