opera in America and the first woman to conduct at the Metropolitan Opera Tony Harrison and the Classics Sandie Byrne, 2022-02-10 Tony Harrison and the Classics comprises fifteen chapters examining the lasting importance of Tony Harrison's classical education the extent of the influence of Greek and Roman texts on his subjects themes and styles his contribution to knowledge and understanding of classical literature his popularization of classical works and his innovative treatment of classical drama in plays which have been performed globally Harrison's work fosters debates about the role and perception of the classics and adaptations of classical literature in relation to education high and popular culture accessibility and reception A unifying theme of the collection is the way in which Harrison finds in classical literature fruitful matter for the articulation and dramatization of his longstanding preoccupations language class access to art and the causes and effects of war Through his adaptations and translations Harrison uses classical drama to stage interventions in modern politics but neither idealizes nor romanticizes the ancient world depicting inequality bigotry greed and brutality *Tony Harrison* Edith Hall, 2021-01-14 This is the first book length study of the classicism of Tony Harrison one of the most important contemporary poets in England and the world It argues that his unique and politically radical classicism is inextricable from his core notion that poetry should be a public property in which communal problems are shared and crystallised and that the poet has a responsibility to speak in a public voice about collective and political concerns Enriched by Edith Hall's longstanding friendship with Harrison and involvement with his most recent drama inspired by Euripides Iphigenia in Tauris it also asserts that his greatest innovations in both form and style have been direct results of his intense engagements with individual works of ancient literature and his belief that the ancient Greek poetic imagination was inherently radical Tony Harrison's large body of work for which he has won several major and international prizes and which features on the UK National Curriculum ranges widely across long and short poems plays translations and film poems Having studied Classics at Grammar School and University and having translated ancient poets from Aeschylus to Martial and Pallas Harrison has been immersed in the myths history literary forms and authorial voices of Mediterranean antiquity for his entire working life and his classical interests are reflected in every poetic genre he has essayed from epigrams and sonnets to original stage plays translations of Greek drama and Racine to his experimental and harrowing film poems where he has pioneered the welding of tightly cut video materials to tightly phrased verse forms This volume explores the full breadth of his oeuvre offering an insightful new perspective on a writer who has played an important part in shaping our contemporary literary landscape **Tony Harrison** Joe Kelleher, 1996 Tony Harrison is one of the most popular and respected poets and verse writers for the stage working in Britain today In his lucid critical study Joe Kelleher brings Harrison's diverse output together under coherent themes from his early published verse The Loiners 1970 to his accomplished translation and adaptation of The Oresteia 1981 through to his recent work for stage and television including The Shadow of Hiroshima 1995 He pays particular critical and theoretical attention to the issues of autobiography translation testimony and remembrance and to poetry's obligation to face

up publicly to the worst things of twentieth century history Joe Kelleher's book considers Harrison's work as that of a dramatic poet in the widest sense staging personal utterance upon the landscape of public concerns Voices in Translation Gunilla M. Anderman, 2007 This volume includes contributions on dialect translation as well as other studies concerned with the problems facing the translator in bridging cultural divides **H, V., & O** Sandie Byrne, 1998-07-15 The dead travel fast and in our contemporary globalised world so too does the gothic Examining how gothic has been globalised and globalisation made gothic this collection of essays explores an emerging globalgothic that is simultaneously a continuation of the western tradition and a wholesale transformation of that tradition which expands the horizons of the gothic in diverse new and exciting ways Globalgothic contains essays from some of the leading scholars in gothic studies as well as offering insights from new scholars in the field The contributors consider a wide range of different media including literary texts film dance music cyberculture computer games and graphic novels This book will be essential reading for all students and academics interested in the gothic in international literature cinema and cyberspace **Europe on Stage** Gunilla Anderman, 2017-03-22 For any play originating in a different culture and society to be favourably received in English translation timing and other factors of reception are often as important as the purely linguistic aspects This book focuses on the problems of reception and translation into English encountered by European playwrights now regularly staged at British theatres such as Ibsen Strindberg Chekhov Brecht Anouilh Lorca and Pirandello among others Introduced by discussions highlighting different approaches to translation in general and the difficulties inherent in the translation of drama in particular the book concludes by looking at what is lost in translation and the means by which adaptations and new versions may help to restore the balance **Plays International**, 1995 The National Theatre Story Daniel Rosenthal, 2013-11-07 Winner of the STR Theatre Book Prize 2014 The National Theatre Story is filled with artistic financial and political battles onstage triumphs and the occasional disaster This definitive account takes readers from the National Theatre's 19th century origins through false dawns in the early 1900s and on to its hard fought inauguration in 1963 At the Old Vic Laurence Olivier was for ten years the inspirational Director of the NT Company before Peter Hall took over and in 1976 led the move into the National's concrete home on the South Bank Altogether the NT has staged more than 800 productions premiering some of the 20th and 21st centuries most popular and controversial plays including Amadeus The Romans in Britain Closer The History Boys War Horse and One Man Two Guvnors Certain to be essential reading for theatre lovers and students The National Theatre Story is packed with photographs and draws on Daniel Rosenthal's unprecedented access to the National Theatre's own archives unpublished correspondence and more than 100 new interviews with directors playwrights and actors including Olivier's successors as Director Peter Hall Richard Eyre Trevor Nunn and Nicholas Hytner and other great figures from the last 50 years of British and American drama among them Edward Albee Alan Bennett Judi Dench Michael Gambon David Hare Tony Kushner Ian McKellen Diana Rigg Maggie Smith Peter Shaffer Stephen Sondheim and Tom
