The Role of Social Capital in Development Christiaan Grootaert, Thierry Van Bastelaer, 2002 **The Role of Social Capital in Development** Christiaan Grootaert, Thierry van Bastelaer, 2002-08-15 Publisher Description *The Elgar Companion to Development Studies* David Clark, 2006 If handbooks can be inspiring this is it Like a true companion it takes in its stride conversations both big and small Its entries do not just present an international and multidisciplinary mix but true to life they work on several different scales And importantly the book makes its authority evident For it is like an extended website but with all the added advantages of an encyclopaedia that actually tells you about the authors and the sources on which they have drawn The resulting compilation is highly intelligent thoughtful and above all usable Dame Marilyn Strathern University of Cambridge UK The Elgar Companion to Development Studies is a major production in the development studies field authored by a star studded cast of contributors With 136 entries covering a vast range of topics it should quickly establish itself as a leading work of reference We should all feel indebted to David Clark who has successfully brought this substantial publishing project to completion John Toye University of Oxford UK This is a most comprehensive handbook on development studies It brings together a wide varied array of carefully crafted summaries of 136 key topics in development by an international cast of well respected academics and other experts in respective areas of study The handbook is heavily interdisciplinary organically combining economic political historical social cultural institutional ethical and human aspects of development While the wide range of entries might appear as a simple glossary listing or an encyclopedic collection each of the 136 entries offers more depth and discussion than the average handbook Viewed in this light this companion is highly likely to become known as a leading reference work on the topic Highly recommended Ismael Hossein Zadeh Choice The Elgar Companion to Development Studies is an innovative and unique reference book that includes original contributions covering development economics as well as development studies broadly defined This major new Companion brings together an international panel of experts from varying backgrounds who discuss theoretical ethical and practical issues relating to economic social cultural institutional political and human aspects of development in poor countries It also includes a selection of intellectual biographies of leading development thinkers While the Companion is organised along the lines of an encyclopaedia each of its 136 entries provide more depth and discussion than the average reference book Its entries are also extremely diverse they draw on different social science disciplines incorporate various mixes of theoretical and applied work embrace a variety of methodologies and represent different views of the world The Elgar Companion to Development Studies will therefore appeal to students scholars researchers policymakers and practitioners in the field of development as well as the interested layman [Social Capital in Development Planning](#) Raffaella Y. Nanetti, Catalina Holguin, 2016-01-28 The pursuit of sustainable development and smart growth is a main challenge today in countries around the world Social capital is an asset of their territorial communities It is also a

precondition for national and local policies that aim to better the economic base and quality of life for all This change is socially diffused economically sustainable over time and smart in its content A significant stock of social capital facilitates such results because it links into the process of development planning institutional decision makers and socioeconomic stakeholders who share trust solidarity norms and a community vision In the last thirty years social capital has become a forceful concept in the social sciences the subject of many scholarly works and a topic of keen interest and debate in policy circles Yet the main focus has been on defining and measuring social capital with little attention given to its value in promoting development policies Social Capital in Development Planning updates and advances the debate on social capital through the analysis of the application of the concept of social capital to programs for sustainable and smart socioeconomic development empirical findings and a new paradigm for development planning Measuring Social Capital Christiaan Grootaert,2004 The concept of social capital has become increasingly prominent in both the theoretical and applied social science literature over the last decade This publication seeks to provide a set of empirical tools to measure social capital focusing on its application in developing countries The methodology aims to generate quantitative data on various dimensions of social capital as part of a larger household survey such as the Living Standards Measurement Survey or a household income expenditure survey The paper also provides detailed guidance for the use and analysis of the data

Understanding and Measuring Social Capital Christiaan Grootaert,Thierry Van Bastelaer,2002 This work details various methods of gauging social capital and provides illustrative case studies from Mali and India It also offers a measuring instrument the Social Capital Assessment Tool that combines quantitative and qualitative approaches *Organizational Development, Innovation, and Economy 5.0* Elżbieta Jędrych,Agnieszka Rzepka,2024-09-09 This edited collection comprehensively explores Economy 5 0 focusing on critical aspects such as organizational development intellectual capital soft agent dynamics and agility Through in depth analysis real world case studies and forward looking perspectives the book provides readers with practical insights into the challenges and opportunities that define contemporary organizations and skills that can be applied in different cultural and organizational contexts The overarching goal is to empower individuals to thrive in the dynamic economic landscape of Economy 5 0 by promoting sustainable practices fostering future proof skill sets encouraging ethical leadership and inspiring innovative solutions It addresses issues and trends that are universally relevant in today s globalized world offering a multidisciplinary perspective that will make it valuable to researchers academics practitioners and students in the fields of organizational development management innovation sustainability and ethical leadership **International Development Governance** Ahmed Shafiqul Huque,Habib Zafarullah,2017-09-25 The establishment of good governance is a major challenge for the developing world along with the need to sustain the progress resulting from developmental efforts Although there are numerous studies on the development and governance of emerging nations few volumes make a serious effort to bring together these two critical concepts International Development

Governance combines the two concepts development and governance by examining the issues and problems faced by nations in their attempts to establish sustainable governance This textbook also initiates discussions on the concept of development governance in an international context The book fills the gap in existing literature by drawing upon the experience and expertise of scholars from a broad spectrum of knowledge Their views explain the issues and problems with reference to a number of tools that could establish development governance and sustain it The text offers in depth examinations of developmental sectors resulting in a textbook that will inspire future public officials policy makers and consultants to contribute to the betterment of life for citizens of developing countries Nigerian Consumer Credit Philemon Iko-Ojo

Omede,2022-08-30 This book critically reviews transnational banking regulations that specifically impact consumer lending in Africa s largest economy It provides a comprehensive analysis on the politics and economics of financial sector consolidation in an emerging market in West Africa also covering law consumer credit and consumer policy along with a discussion of banking sector reforms heavily influenced by the neoliberal economics paradigm There have been several developments since the publication of the existing books especially in the area of regulatory theory and social protection that are captured in this book which will be of interest to researchers students and scholars of banking regulation development economics and international finance **The Search for Empowerment** Anthony Bebbington,2006 Exploration of the nature of bureaucracy and bureaucratic change Comprehensive examination of debates about social capital within the World Bank Contributors include both long time Bank insiders as well as external analysts and observers of the Bank s development policies The contributors to this collection examine the vast bureaucracy of the World Bank and explore the possibilities of internally generated change The book focuses on the debates within the Bank about the efficacy of social capital concepts for the encouragement of more participatory and empowering forms of development These debates reach to the heart of the bank and its mission Indeed the debate over social capital is less an argument about definitions and more a struggle between competing paradigms of development The Search for Empowerment is simultaneously a fascinating account of the concept of social capital a powerful ethnography of a huge development organization and a profoundly insightful exploration into the nature of bureaucracy and organizational change Other contributors Julie Van Domelen Michael Edwards Jonathan Fox John Gershman Jeffrey Hammer David Lewis Deepa Narayan Martien Van Nieuwkoop Lant Pritchett M Shameen Siddiqi and Jorge Uquillas **Poverty and Exclusion in a Global World** A. Bhalla,F. Lapeyre,2004-04-30 This volume looks at the three dimensions of social exclusion economic social and political Exclusion is analyzed as a new approach to such issues as the new poverty precariousness long term unemployment social polarization and lack of citizenship The book shows how relational and distributional aspects of poverty are interlinked **The Microfinance Mirage** Esayas Bekele

Geleta,2016-03-09 Microfinance has long been considered a development strategy that can correct the failure of the global credit market and address the financial needs of the poor enabling them to create and run profitable business enterprises

The Microfinance Mirage argues that this neo liberal oriented analysis overemphasises the economic argument whilst ignoring the cultural roots of inequality and subordination Drawing on ethnographic research conducted among rural credit clients in the Northern region of Ethiopia Esayas Bekele Geleta provides a nuanced critical analysis of microfinance challenging the common assumption that it facilitates the building of social capital poverty reduction and the empowerment of women Making a unique contribution to our further understanding of the microfinance industry the research shows that in some cases microfinance can result in the disintegration of pre existing relationships and in the disruption and destruction of the livelihoods of the poor Exploring the impact of microfinance in one of the poorest regions of sub Saharan Africa this book demonstrates its potential and problems and shows the complex and contradictory social and cultural environments in which projects are often located

and the role of the United Nations humanitarian organisations and peacekeepers in post conflict situations This collection is for those with an existing interest and expertise in international law international relations peace studies and criminal justice as well as for those who wish to become conversant with emerging developments in these fields **African Economic**

Development Steven Langdon, Archibald R.M. Ritter, Yiagadeesen Samy, 2018-03-05 Sub Saharan Africa is at a turning point The barriers to economic growth seen in the 1980 2000 era are disappearing and new optimism is spreading However difficult goals of eliminating poverty achieving equity and overcoming environmental threats continue This much needed and insightful textbook has been written to help us understand this combination of emerging improvements and significant challenges Opening with an analysis of the main theories relating to development in Sub Saharan Africa the book explores all the key issues including Human development Rapid urbanization Structural and gender dimensions Sustainable development and environmental issues and Africa's role in the world economy The authors use economic tools and concepts throughout in a way that makes them accessible to students without an economics background Readers are also aided by a wide range of case studies on the ground examples and statistical information which provide a detailed analysis of each topic This text is also accompanied by an e resource featuring additional sources for students and instructors African Economic Development is a clear and comprehensive textbook suitable for courses on African economic development development economics African studies and development studies **Giving Behaviours and Social Cohesion** Lorna Zischka, 2019 Giving time and money to the community indicates the existence of relationships that draw people together and who people give to indicates how inclusive these relational networks are Using UK data for the analysis Zischka argues that a person's willingness to give is not only influenced by social cohesion it also helps to generate social cohesion For thriving communities we therefore need to consider our giving as well as our getting Better a hundred friends than a hundred rubles? Kathleen R. Kuehnast, Nora Dudwick, 2004 The purpose of this study carried out in the Kyrgyz Republic in 1999 was to investigate the impact of socioeconomic change on the characteristics and functions of the social networks of poor and non poor households in rural and urban communities A better understanding of the role of informal networks in Kyrgyz society it was thought would help development specialists devise more effective ways to reach out to the poor and socially excluded while ensuring that the benefits of development were not simply captured by those with more effective and far reaching connections The findings reveal the dynamics of how the poor both disengage from and are isolated by and from the non poor They further describe how the social networks of poor and non poor households have polarized and separated in a process that parallels the sharp socioeconomic stratification that has taken place since national independence in 1991 The study examines not only how the networks have separated but also how each has changed in character **Social Capital and Local Development** Elena Pisani, Giorgio Franceschetti, Laura Secco, Asimina Christoforou, 2017-10-27 This book addresses the role of social capital in promoting rural and local development The recent financial and economic crises have exposed the European Union EU to an

increased risk of social exclusion and poverty which are now at the heart of its economic employment and social agenda with explicit reference to rural and marginal areas Europe 2020 The authors work from the notion that rural development is not imposed from the outside but depends also on endogenous factors namely local cultural and ecological amenities eco system services and economic links with urban areas which expand rural opportunities for innovation competitiveness employment and sustainable development Social capital is of paramount importance because it helps build networks and trusting relations among local stakeholders in the public and private spheres and supporting the enhancement of governance of natural resources in rural areas

Organizational Conflict Ana Alice Vilas Boas, 2018-08-01 In this book we learn about organizational conflict highlighting different perspectives of conflict resolution and conflict management in different settings and areas as well as different theoretical views on this subject The authors from Norway Estonia Nigeria Israel USA Slovakia Turkey Finland Uruguay and Italy bring ideas studies findings and experiences to enhance our knowledge in the field of organizational conflict The book is divided into two sections and their respective chapters refer to two different perspectives of study The first section covers Conceptual Frameworks on Organizational Conflict considering management and conflict resolution conflict in organizations as an indicator for organizational values organizational trust as a conflict management tool conflicts and social capital and team conflict in complex adaptive systems The second section deals with Empirical Studies on Organizational Conflict emphasizing research on conflict resolution from the perspective of managers and project teams resistance to change and conflict of interest conflicts as a springboard for Metallica s success drivers of innovation deployment affecting marketing relationships and impacts of national culture on the use of bonuses for teamwork Thus we consider this book will be of interest to readers with a diverse group of interests in different specialties such as management social psychology education law and sociology
