will find the stories and poems are not numbered I began writing short stories and poems before I started my book Then after a few stories I figured it would be a good way to write a book So this is it for good or ill and I am not an author with an extensive vocabulary by any stretch of the imagination I hope you ll forgive that They so I m told are quite interesting and easy reading Take them like vitamins one or two a day I hope you will laugh and cry and enjoy The stories poems musings and thoughts in this book are the product of but not limited to a lifetime of memories love life pain and laughter It is a labor of love in an effort to sing the praises of those that deserve it the most and not for the writer For it was the people that this work was dedicated to that I have to thank for almost all the memories If it weren t for the people there would be absolutely no need for writing this book

supposed to do with the rest of her life On her way to figuring it out her daughter suggested that she write a book about her life Don t worry about writing a best seller Mom Just write it from the heart Write it for your grandsons Five years later Ms Dube began writing this book the story of her life She tells the story of her life from the earliest recollections of childhood through the sometimes rough years of adulthood all with a few purposes in mind She wants to tell her grandsons about her history their history and to relate all her adult experiences some good some bad some easy some tough all with the purpose of showing them that they too are survivors like their Memere Her message Life may indeed be a roller coaster but nothing is impossible Somewhere along the line writing this book became Lorraine s therapy She began to make peace with and sense of the chronic pain that gripped her and kept her from leading the life she wanted the life she expected After all her golden years were supposed to be her happiest This book is about the first thirty four years of my life It takes the reader back when and where I was born in Australia and then it goes on to explain how I immigrated to the United States and then to Canada After this my story takes you to all the wonderful places I traveled to lived and work in during the 1970s It was wonderful to go to places where too many tourists had not traveled to at that time I am now seventy three years of age I got my BA degree in 1966 from Trenton State Teacher s College which is now the College of New Jersey In 2005 I graduated with an MS degree in management and administration of educational programs from Nova Southeastern University Ft Lauderdale Florida After that I went on to finish all the courses in the doctoral program organizational leadership online with Nova Southeastern University I have written animated scripts for the Canadian portion of Sesame Street teaching children about Canadian history through a character called Beau Beaver for the Canadian Broadcasting Corporation and animated scripts for the Singapore government s Save Water Program back in the 1970s
