Good People Beget Good People William H. Frist,Shirley Wilson,2003 The beautifully and expensively produced volume is a painstaking record of the family of Frist the U S Senate s majority leader and a heart surgeon from Tennessee Clearly a labor of love for Frist and his co author a longtime genealogist the work is not in any sense a biography or political memoir but rather is a straightforward tracing of Fr *Energy Research Abstracts* ,1988 **Stylin'** Shane White,Graham White,2018-10-18 For over two centuries in the North as well as the South both within their own community and in the public arena African Americans have presented their bodies in culturally distinctive ways Shane White and Graham White consider the deeper significance of the ways in which African Americans have dressed walked danced arranged their hair and communicated in silent gestures They ask what elaborate hair styles bright colors bandanas long watch chains and zoot suits for example have really meant and discuss style itself as an expression of deep seated cultural imperatives Their wide ranging exploration of black style from its African origins to the 1940s reveals a culture that differed from that of the dominant racial group in ways that were often subtle and elusive A wealth of black and white illustrations show the range of African American experience in America emanating from all parts of the country from cities and farms from slave plantations

and Chicago beauty contests White and White argue that the politics of black style is in fact the politics of metaphor always ambiguous because it is always indirect To tease out these ambiguities they examine extensive sources including advertisements for runaway slaves interviews recorded with surviving ex slaves in the 1930s autobiographies travelers accounts photographs paintings prints newspapers and images drawn from popular culture such as the stereotypes of Jim Crow and Zip Coon

Commercial Poultry Production on Maryland's Lower Eastern Shore Solomon Iyobosa Omo-Osagie II,2012-06-07 Commercial Poultry Production on Maryland s Lower Eastern Shore traces the beginnings and development of commercial poultry production in this very important region African Americans were mainly involved in poultry production on the labor supply side which was crucial to the expansion of the industry Commercial poultry production expanded through vertical integration acquisitions mergers and consolidations and became the dominant economic activity on the Lower Maryland Eastern Shore in the 1950s Throughout the years the industry has intermixed with public health and the environment These integrations were problematic on several fronts as the industry sought to maintain a much needed economic lifeline for the region and yet protect public health and ensure a sustainable environment at the same time In all commercial poultry production has continued to fuel the local economy of the Lower Maryland Eastern Shore since its inception in the 1930s
