Narcotics And Crime Control:

The Honest Politician's Guide to Crime Control Norval Morris, Gordon J. Hawkins, 1970 Norval Morris and Gordon Hawkins's first premise is that our criminal justice system is a moral busybody unwisely extended beyond its proper role of protecting persons and property. But they go further and systematically cover the amount, costs, causes, and victims of crime, the reduction of violence, the police, corrections, juvenile delinquency, the function of psychiatry in crime control, organized crime, and the uses of criminological research. On each topic, precise recommendations are made and carefully defended.

Traffic In, and Control Of, Narcotics, Barbiturates, and Amphetamines United States. Congress. House. Committee on Ways and Means, United States. Congress. House. Committee on Ways and Means. Subcommittee on Narcotics, 1956. Considers legislation to revise narcotics law violation penalties, transfer Treasury Dept Bureau of Narcotics to Justice Dept, and establish PHS Division of Narcotics Clinics. Nov 4 hearing was held in Lexington Ky, Nov 7 and 8 hearings were held in NYC, Nov 10 and 11 hearings were held in San Francisco Calif, Nov 14 hearing was held in Seattle Wash, and Nov 16 and 17 hearings were held in Chicago Ill.

The United Nations Crime Prevention and Criminal Justice Program Roger S. Clark, 1994-01-29 Examines the UN Crime Prevention and Criminal Justice Programme. Describes the adoption of the various United Nations norms and standards that originated within the programme, provides a consideration of some of the major instruments adopted under the auspices of the programme, and examines efforts to progress from the promulgation of standards and norms to their monitoring and implementation.

Crime Prevention Steven P. Lab, 2013-03-06 This book examines several types of crime prevention approaches and their goals, including those that are designed to prevent conditions that foster deviance, those directed toward persons or conditions with a high potential for deviance, and those for persons who have already committed crimes. This edition provides research and information on all aspects of crime prevention, including the physical environment and crime neighborhood, crime prevention, the mass media and crime prevention, crime displacement and diffusion, prediction, community policing, drugs, schools, and electronic monitoring and home confinement.

International Narcotics Control Strategy Report, 1998

Drug Abuse: Prevention and Treatment Mangai Natarajan, 2017-05-15 Ever since the Shanghai convention in 1909, the threat posed to human well-being by drug abuse has led countries around the world to take action to deal with their drug problems. There are wide variations in the policies pursued, but most countries try to reduce both the supply of and the demand for drugs. Unfortunately, there is little research consensus on the respective merits of these two approaches, or about the best ways to pursue them. Consequently, control and prevention policies are mostly driven by political considerations, economic realities, and cultural expectations, though research has played an important part in

formulating and evaluating treatments for drug addiction This volume reviews studies on drug abuse prevention and treatment strategies under five main areas 1 Reducing supply strategies to control the flow of drugs from production to retail distribution 2 Reducing demand prevention of drug use at all stages of involvement and consumption levels 3 Reducing harm promoting situational risk reduction practices for regular users addicts and recreational users 4 Reducing addiction drug treatment options for various groups in various settings and 5 Drug policies and prescriptions focused on debates about prohibition and legalization

The Oxford Handbook of United Nations Treaties Simon Chesterman, David M. Malone, Santiago Villalpando, 2019-05-30 The United Nations is a vital part of the international order Yet this book argues that the greatest contribution of the UN is not what it has achieved improvements in health and economic development for example or avoided global war say or the use of weapons of mass destruction It is instead the process through which the UN has transformed the structure of international law to expand the range and depth of subjects covered by treaties This handbook offers the first sustained analysis of the UN as a forum in which and an institution through which treaties are negotiated and implemented Chapters are written by authors from different fields including academics and practitioners lawyers and specialists from other social sciences international relations history and science professionals with an established reputation in the field younger researchers and diplomats involved in the negotiation of multilateral treaties and scholars with a broader view on the issues involved The volume thus provides unique insights into UN treaty making Through the thematic and technical parts it also offers a lens through which to view challenges lying ahead and the possibilities and limitations of this understudied aspect of international law and relations
